

ASSESSMENT WEBSITE INFORMATION

College: Education

Degree Program: Masters of Rehabilitation Counseling

Chair/Director: Sharon Davis

DATA SAY:

Follow-up data from Alumni suggests the program is preparing students for employment and students are generally pleased with the faculty and advisors in the department. One major complaint has been the lack of course availability. Specifically, some courses are difficult to get into and fill up quickly. For some students this may slow down their graduation.

SO WHAT:

The department may need to increase course availability to accommodate student needs.

HOW WE CHANGED:

Extra sections of courses (specifically Theories and Techniques of Counseling) have been added. This has made it much easier for students to get in this course when they need it.

WHAT WE GOT:

Students are able to take the courses they need in order to graduate on time.
