Cline is ADA compliant with wheelchair lift equipped vehicles. The minibuses range from 18 passengers seating up to 35 passengers. All are late model buses. Most of the coach fleet is equipped with Direct TV satellite television and Wi-Fi capability.

They have over 26 years' experience (if you add the years' experience for all the staff and drivers, it totals to over 1000 years!!), an excellent safety record, and complete insurance coverage.

Groups will be required to pay for the hotel room for the bus driver on overnight trips, but not for the bus driver meals (many times the restaurants will comp that meal if they are with the group).
