**Related Activities**

On the college level I have been involved in program development, curriculum alignment, and student advisement. I have consistently received student evaluations well above the department expectation. I have presented at regional and state meetings. I have assisted an elementary school with progress monitoring and have assisted with professional advice.

As an ECH teacher on the elementary level, I have served as Grade Level Chairperson, School Math Chairperson, ACSIP Chairman, COE Steering Committee Member, and on numerous curriculum committees including textbook caravan committees and district level committees such as Personnel Policy Committee and District Planning Council. I have served as Vice President of the Cabot Teachers Association. I am a member of Who's Who Among America's Teachers and was nominated by my principal for the Presidential Award for Excellence in Mathematics Teaching.
