Study Abroad
Come to A-State, explore the world! Want to learn more about A-State Study Abroad programs, exchange programs and short summer experiences built for students just like you. Start learning how you can take advantage of Honors Study Abroad experiences and plan for your own unique study abroad program. Current A-State programs will be highlighted.

Volunteer A-State
Volunteer A-State provides the campus community a place to serve, learn and make a statement by promoting and coordinating volunteer opportunities and building relationships within the community. This session will highlight the signature campus events delivered by Volunteer A-State, and will provide insight into how students can get involved with non-profit agencies while attending Arkansas State.

Student Leadership Opportunities
Your college experience will be one of the most inspiring, engaging and rewarding times of your life. The Leadership Center facilitates a wide array of campus involvement opportunities, such as Student Government Association, Student Activities Board, Volunteer A-State, Greek Life and various student organizations. Staff and students will share information on each of these areas and how it complements what is occurring inside the classroom.

Competitive Fellowships & Scholarships
Students at A-State have the opportunity to apply for prestigious grant awards and funding opportunities for student research, study and travel. Learn more about the Gilman International Scholarship, Goldwater Scholarship, Fulbright Grant, Truman Scholarship and many more. Honors Experience Grants, which help students fund their passions, will also be discussed.

Internships and Career Services
Managing your career begins with your decision to attend A-State. Find out from Career Services staff about the many programs and resources available through their office to assist A-State students to prepare for internship and career opportunities throughout the next four years. Whatever you are looking for – information about specific careers and majors, help in creating a résumé, reviewing and applying for jobs or preparing for an interview – Career Services is available to assist.

Undergraduate Research & Creative Work
Undergraduate students have the opportunity to get involved in research and creative work across campus and are mentored by A-State faculty. Find out more from members of the A-State Student Research Council and their advisers, who will discuss various initiatives that encourage students from all majors to get started early in their college careers.

Wellness & Campus Recreation
The university environment can be exciting and challenging, and A-State has a number of opportunities for you to keep your mind and body healthy. This session will highlight the variety of services and wellness opportunities offered by the Health Center, Counseling Services and Campus Recreation.

Campus Tours
Tour A-State’s beautiful campus with experienced undergraduate student tour guides. Pack Leaders will depart from the Alumni Lounge outside of Centennial Hall.
