ABOUT THE PROGRAM

The Arkansas State University (A-State) Concurrent Enrollment Program (CEP) is a partnership between A-State and local high schools. This program allows freshmen, sophomores, juniors, and seniors to earn college credits at the same time they accumulate high school credits through concurrent courses.

CEP courses are taught by college-credentialed faculty from the high school or by A-State faculty. These courses require the same content and rigor as the college courses taught on our campus. This provides high school students with the opportunity to experience college level courses under the watchful guidance of their high school teachers and counselors. In addition, CEP courses allow students to build a successful academic transcript that will follow them into their college career and hopefully provide a boost to their college GPAs.

The A-State CEP is accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP), which is an international symbol of quality, excellence, and rigor. As the sole national accrediting body for concurrent enrollment partnerships, NACEP helps these programs adhere to the highest standards so that students experience a seamless transition to college. (www.nacep.org)

CEP A-State students are governed by the A-State Undergraduate Bulletin which is found at <https://www.astate.edu/a/registrar/students/bulletins/index.dot> (select appropriate year) and the A-State Student Handbook which is found at <https://www.astate.edu/a/student-conduct/student-standards/handbook-home.dot>.

NEW A-STATE CONCURRENT STUDENTS

1. FILL OUT PARENTAL CONSENT FORM

The parent and student **MUST** complete the online Parental Consent Form. This form gives parental permission for the student to enroll in concurrent courses and student permission for information to be released to parents, as well as the CEP Office. The form must be submitted prior to completing the A-State Admission Application. If you receive an error message after submission, try clearing the browser's history and cookies, closing the browser completely, and resubmitting the form.

- This form is available at <https://webapps.astate.edu/concurrent/parentconsent.php>. You can also go to <https://www.astate.edu>, then click the search box in the upper right hand corner, type in parental consent, look at the results, and click on the “Concurrent Enrollment Program Parental Consent” link.
- A video tutorial about the Parental Consent Form is available on our Facebook page at <https://www.facebook.com/AStateConcurrent/>

2. COMPLETE AN A-STATE ONLINE APPLICATION AT [HTTPS://WWW.ASTATE.EDU](https://www.astate.edu)

Click on the **ADMISSIONS** tab at the top of the page, select **Undergraduate**, then select **APPLY NOW** on the left side of the page. - A video tutorial about completing the application is available on our Facebook page at <https://www.facebook.com/AStateConcurrent/>

The student will receive an email at the address provided on the application from the A-State Admission Office as well as a formal acceptance/denial letter from the CEP Office. A reduced application fee is charged for concurrent applications; however, the fee is not collected at the time of application, but rather attached to the tuition bill after course enrollment.

University policy states that tuition is due and payable no later than the **5th class day of the A-State semester**. A late fee of \$40 is assessed each month for unpaid balances. The student should regularly view his/her account each term to verify accurate information. Student accounts can be viewed by accessing *MyBill*.

ACT 1118

NSLP applications are available from and processed by the high school. Only courses taught on the high school campus, by a high school instructor, **AND** on the official Arkansas Department of Education (ADE) Endorsed Course List will be considered for the tuition waiver. An endorsed course list can be found at <https://www.astate.edu/concurrent>. Tuition charges will remain on the student's account until all ACT 1118 waivers have been applied.
