Only ACCT 6503 and ACCT 6003 will be offered multiple times during the year. The above course sequence is for a student beginning the MAcc program immediately after completing the BS program in the Spring. Students beginning in the Fall would simply move the Summer courses to the end of their program. Students beginning in the Spring should take ACCT 6503 in the Fall. Further, these students should have already taken Tax II. A sample course sequence for students beginning in the Spring would be:
