Release of Information

Disclaimer Notice

In order to obtain the best BSW students for our department, we ask that you allow us to talk to previous instructors and advisors you may have studied under or worked with, even if you have not submitted a reference from these persons. This will allow the Department of Social Work to review your academic performance with other individuals who may know you even if you have not identified them in your BSW application. Comments from these persons may help us more fully assess a candidate's potential for success and may be considered by the Admissions Committee in reaching an admissions decision. Therefore, you have the right to decline to grant permission for us to contact any other instructors, advisors and academic personnel other than those indicated through your letters of reference. Declining to provide consent will not impact the Admissions Committee's decision on your application.
