

Arkansas State University Safety and Compliance Training Module--IBC Sign Off Sheet

I, the undersigned, have received training in the area of biological safety as it pertains to recombinant DNA (rDNA).

I understand that the documentation on the ASU web site is the most updated and complete information concerning the rules and regulations for ASU rDNA materials. I understand that I will receive additional rDNA training specific to the laboratory in which I will work by the Principal Investigator of that group and others as appropriate.

Faculty, Staff, visiting Staff and Students are expected to comply with federal guidelines for the Institutional Biosafety Committee (IBC). I understand that failure to do so could result in disciplinary action including but not limited to dismissal from the University.
