Specific regulations regarding distance education programs in your state prevent you from pursuing an internship to fulfill the requirements necessary to complete the Master of Public Administration (MPA) degree offered through Arkansas State University Online Programs. Accordingly, you are required to choose an alternate end-of-program such as the “course” route. The course route is an additional course (3 hours) selected in place of the required internship. The “course route” is designed for in-service (full-time working) professionals. For more information on the end of program requirements please visit: degree.astate.edu/Programs/1064/masters-public-administration-mpa.

By signing this agreement, you are acknowledging that you have been informed of these regulations and that you will not be able to pursue the internship route as part of your end-of-course requirement for the MPA program at ASU. You are being admitted based on the understanding that you will pursue an alternate end-of-program requirement, such as the “course” route.
