

ARKANSAS STATE UNIVERSITY

National Panhellenic Conference

CODE OF ETHICS

Adopted April 2012

*We, the members of the Arkansas State University Panhellenic Community, recognize that the purpose of our organizations is to, first and foremost, promote friendship, with Greeks and non-Greeks alike, promote scholarship, community involvement, and a positive self-image with one another.*

*We recognize that being a strong panhellenic women starts with your recruitment experience. We support the goals of recruitment as being the following:*

- *To give each potential new member maximum opportunity to pledge*
- *To provide a fraternity experience to as many as possible*
- *Maintain adequate strength in the fraternity chapters*

*We promise to constantly strive for and support the interest of the panhellenic community by:*

- *Maintaining a less competitive environment*
- *Being a living example through positive actions*
- *Maintaining high standards*
- *Cultivating personal development*

*We feel that we can best achieve this common goal with a positive attitude, respect for one another, trustworthiness, open lines of communication, and a genuine, enthusiastic attitude for all we do.*
