ASSESSMENT WEBSITE INFORMATION

Unit: CECO Degree Centers and Instructional Sites  Campus: Forrest City, EACC
Chair/Director: Dr. Beverly Boals Gilbert

OUTCOME:
Degree Major Offerings Consistent with Student Need

DATA SAY:
Although students report satisfaction with their chosen majors, the survey is capturing only the opinions of students enrolled at the Degree Center.

SO WHAT:
It is possible that academic needs of the community are not being met.

HOW WE CHANGED:
A meeting was held in August 2013 to discuss possible ways to address this issue.

WHAT WE GOT:
Stakeholders decided to:
1. Add a survey to the CECO website that allows inquiring students to identify their preferred degree offerings.
2. Establish a recordkeeping system documenting student inquiries for degree majors.
