The ability to hear how others were organizing TESS at their school.
10/4/2013 9:34 AM View respondent's answers
The format of the roundtable discussions. I especially like the fact that the tables were pre-seated with the right level of diversity and informed moderators for each discussion. I also like the use of the technology, "Poll Everywhere."

The meal. LOL Getting to talk with other professionals about their experiences and approaches to the many different things that we deal with every day.

Not enough time on each topic at the table talks
10/7/2013 3:00 PM View respondent's answers
nothing
10/7/2013 9:01 AM View respondent's answers
Not enough time with the moderators that were moving from table to table. We only visited with 1 at our table.

10/4/2013 10:31 AM View respondent's answers
Not really anything, maybe some of the "sales people" at the start of the meeting.
10/4/2013 10:30 AM View respondent's answers
Readability of the PowerPoint
10/4/2013 10:26 AM View respondent's answers
Roundtable was good---but we brought a team of administrators and were separated. It kept us from being able to discuss our own issues and concerns as related to the information---on the car ride home, we discovered several
questions we could have had answered had we been able to share among ourselves as well.

10/4/2013 10:21 AM View respondent's answers

10/4/2013 9:35 AM View respondent's answers
The roundtable time was too short. 15 minutes didn't give us enough time to hear from everyone.
10/4/2013 9:34 AM View respondent's answers
I wish we had more time per topic in the roundtable discussions. I suggest this be increased in the future to maybe 20 minutes per topic.
10/4/2013 9:17 AM View respondent's answers
I like the break out sessions better than the round table.
