Oak Ridge Associated Universities:

Since 2004, students and faculty of Arkansas State University have benefited from its membership in Oak Ridge Associated Universities (ORAU). ORAU is a consortium of 98 colleges and universities and a contractor for the U.S. Department of Energy (DOE) located in Oak Ridge, Tennessee. ORAU works with its member institutions to help their students and faculty gain access to federal research facilities throughout the country; to keep its members informed about opportunities for fellowship, scholarship, and research appointments; and to organize research alliances among its members.

Through the Oak Ridge Institute for Science and Education (ORISE), the DOE facility that ORAU operates, undergraduates, graduates, postgraduates, as well as faculty enjoy access to a multitude of opportunities for study and research. Students can participate in programs covering a wide variety of disciplines including business, earth sciences, epidemiology, engineering, physics, geological sciences, pharmacology, ocean sciences, biomedical sciences, nuclear chemistry, and mathematics. Appointment and program length range from one month to four years. Many of these programs are especially designed to increase the numbers of under-represented minority students pursuing degrees in science- and engineering-related disciplines. A comprehensive listing of these programs and other opportunities, their disciplines, and details on locations and benefits can be found in the ORISE Catalog of Education and Training Programs, which is available at http://www.orau.gov/orise/educ.htm, or by calling either of the contacts below.

ORAU’s Office of Partnership Development seeks opportunities for partnerships and alliances among ORAU's members, private industry, and major federal facilities. Activities include faculty development programs, such as the Ralph E. Powe Junior Faculty Enrichment Awards, the Visiting Industrial Scholars Program, consortium research funding initiatives, faculty research and support programs as well as services to chief research officers.

• **Diversity**: We embrace diversity in all of its dimensions realizing that mutual respect for individuality and the inclusion of all are vital for both personal and institutional success.

• **Service**: We support and recognize service at all levels of the university. We strive to contribute to the benefit of the university, the Delta, the state, the nation and the world.

• **Integrity**: We hold high standards of character and integrity as the foundations upon which the university is built.

VISION
Arkansas State University aspires to be an academic leader recognized for innovation and quality in teaching and learning, international standing in strategic research areas, and commitment to outreach and service to the Delta and beyond.

LOCATION
The university is located about halfway between the Mississippi River Valley, one of the most fertile areas in the world, and the Ozark Mountains, rich in American folklore and tradition. The university campus occupies an area of 800 acres on the gently rolling slopes of Crowley’s Ridge, in the City of Jonesboro.

HISTORY
Arkansas State University enjoys a reputation as a quality regional institution of higher education and is recognized for offering special services to the people of the Arkansas Delta. It is the only comprehensive public university located in this region. Dedicated to teaching, research, and service, the university provides students with the broad educational foundations that help develop critical thinking and analytical skills, decision-making capabilities, and communication skills.

This institution was founded in Jonesboro in 1909 by the Arkansas Legislature as a regional agricultural training school. It began offering a two-year college program in 1918, then became "First District Agricultural and Mechanical College" in 1925. A four-year degree program was begun in 1930, and A & M College became "Arkansas State College" in 1933. The Arkansas Legislature elevated the college to university status and changed the name to Arkansas State University in 1967. Today, the institution has more than 55,000 alumni.
DEGREE PROGRAMS

Master's degree graduate programs were initiated in 1955, and ASU began offering its first doctoral degree, in educational leadership, in the fall of 1992. A second doctoral program, in Environmental Sciences, was begun in the fall of 1997, and the doctoral program in Heritage Studies began in the fall of 2001. The doctoral program in Molecular Biosciences began in the spring of 2006 and the doctoral program of Physical Therapy began in the fall 2009. Programs at the specialist's, master's, bachelor's and associate's degree levels are available through various colleges: Agriculture, Business, Communications, Education, Engineering, Fine Arts, Humanities and Social Sciences, Nursing and Health Professions, Sciences and Mathematics, and University College. Classes are also offered through The Honors College and the independent Department of Military Science. More information about the various colleges and academic departments is available through the Office of Research and Academic Affairs.

ACCREDITATION

Arkansas State University's commitment to excellence in higher education is demonstrated by its accreditation by The Higher Learning Commission of the North Central Association, as well as 18 specialized accrediting organizations. In addition, the university holds membership in several national organizations which support the highest educational standards.

THE ASU SYSTEM

The ASU System includes campuses at Jonesboro (Craighead County), which offers degree programs through the doctoral level; Beebe (White County), Mountain Home (Baxter County), and Newport (Jackson County), where associate degree programs are offered; and at Heber Springs, Marked Tree and Searcy. Arkansas State University-Beebe became part of the ASU system in 1955. It associated with White River Vo-Tech at Newport in 1992; that campus has attained stand-alone status and is now Arkansas State University-Newport. The Mountain Home campus officially became ASU-Mountain Home on July 1, 1995. Delta Technical Institute at Marked Tree merged with ASU and became Arkansas State University Technical Center on July 1, 2001. A new campus is being built for ASU-Heber Springs, which operates as a sister campus of ASU-Beebe. Foothills Technical Institute at Searcy was merged with ASU Beebe on July 1, 2003, and is now ASU-Searcy, a technical institute of ASU-Beebe.

ASU offers bachelor's degree programs, master's degree programs and upper level courses through ASU degree centers at ASU-Beebe, ASU-Mountain Home, and three other cities -- Blytheville, Forrest City and West Memphis -- where partnership agreements have been established in cooperation with the local community colleges. ASU also operates an instructional site at nearby Paragould, in Greene County.

LIBRARY

The Dean B. Ellis Library, centrally located in an eight-story building, functions as an educational center for the university community. It houses an open shelf collection which includes over 620,000 books and periodical bound volumes, 580,000 federal and state documents, and 585,913 units in microform. The collection includes most subject fields, but emphasizes education, history, fine arts, general reference, law, and American and English literature. The Library of Congress classification system is used for the arrangement of books, and an online catalog provides access to its book collection and electronic resources. Reserve items are available at the Circulation Desk.

The library meets the informational needs of the university by offering a variety of services. A staff of 15 professional librarians and 20 support personnel acquires, organizes, and services the collection. Reference librarians assist users in locating information and in the use of the library. The reference staff also offers an active library instruction program which reaches numerous university classes. Online databases provide access to thousands of journals and books not housed within the library. Materials that are not contained in the library's collection are accessible by interlibrary loan through the OCLC network.

Special collections include 1) the Cass S. Hough Aeronautical Collection of 14,000 books and memorabilia which has been described as the single most valuable collection of aviation materials in private hands; 2) an outstanding collection of Lois Lenski books for children; 3)
collections of notable Arkansas authors of children's books: Charlie May Simon, Lois Snelling, Faith Yingling Knoop; and 4) a collection of Arkansas writer John Gould Fletcher.

The Tom Love Collection forms the nucleus of an extensive "Arkansas Collection." It is comprised of manuscripts, documents, and other historic materials relating to the state of Arkansas. In addition, the Arkansas Room collection contains Arkansas topographic and other maps, Arkansas State University publications, and the student newspaper, The Herald.

The Honorable E. C. Gathings Collection is comprised principally of correspondence from Arkansas' long-time congressional representative, making available primary research materials relating to the First Congressional District during Gathings' time of service in the Congress.

The Honorable Bill Alexander Collection expands and extends the research materials relating to the First Congressional District through Congressman Alexander's tenure as a member of the U.S. House of Representatives. The Alexander and Gathings collections cover 53 years, 1939 to 1992.

The collection of creation science papers, donated by former Arkansas Attorney General Steve Clark, includes the state's side of the landmark creation science case.

The Judd Hill Collection, Mabel H. Gieseck Collection, and the Ira Twist, Jr. Collection form the core of a primary research emphasis on the agricultural development and environment transformation of Eastern Arkansas.

An Oral History Program, housed in the library, has conducted and taped interviews with a number of local citizens and state leaders. The tapes are available for use by any interested patron holding an ASU library card.

Other collections include the Curriculum Materials Center which contains K-12 teacher education materials. In addition to materials directly related to classroom and research work, the library provides students with general and recreational reading materials. Exhibits and displays presenting ideas and issues are also a regular part of an ongoing service program.

Media Services offers a wide range of audio and visual services for both students and faculty engaged in university functions. The staff produces overhead transparencies, produces audio and video recordings, and provides laminating services. Additionally, Media services lends audio-visual materials and equipment for short-term use to students and faculty.

DELTA STUDIES CENTER

The Delta Studies Center at Arkansas State University has been established to increase understanding and address needs of the seven-state Lower Mississippi River Delta, as well as to focus national and international scholarly attention on the region.

The Delta Studies Center works with all colleges and programs across campus to focus on and seek support for interdisciplinary studies and activities directed toward the people, institutions, economy, health care issues, history, folklore, culture, arts, and biological and physical environments characteristic of the Delta. Specific activities of the center include archival development; public service; dissemination of information; support for program development, teaching and applied research; and collaboration with other agencies and institutions in the seven-state region.

MUSEUM

Arkansas State University Museum is a general museum housed in the Museum Building connected to the west end of the Dean B. Ellis Library. Providing resource materials for teaching and research, it exhibits strong collections of Arkansas artifacts: birds, archaeological objects, minerals and fossils, mammals, Pioneer items, and military history. Arkansas Indian cultures—Quapaw, Osage, Caddo, Chickasaw, and Choctaw—as well as Southwest Indian cultures constitute multiple exhibits. The nationally known Lutterloh glass collection forms the nucleus of an extensive decorative arts collection. Dolls and toys extend the many historic collections.

The museum, accredited by the American Association of Museums, is a public as well as an institutional museum by classification. It is one of five accredited museums in the state and is open on a regular schedule Mondays through Fridays as well as Saturday and Sunday afternoons.
ARKANSAS HERITAGE SITES

Arkansas Heritage SITES (System Initiatives for Technical and Educational Support) at Arkansas State University develops and operates heritage sites of regional and national significance in the Arkansas Delta. These sites provide educational resources for formal and informal learning, including serving as laboratories for the Heritage Studies Ph.D. program. In addition, they serve as economic catalysts in communities where they are located by attracting heritage tourists from around the country. These sites currently include the Hemingway-Pfeiffer Museum and Educational Center in Piggott, the Southern Tenant Farmers Museum in Tyronza, and the Lakeport Plantation in Lake Village.

GRADUATE COURSES AND CREDIT

Graduate credit will be given only for courses described in this bulletin under the heading Graduate Course Descriptions. Master’s degree candidates must complete a minimum of 18 semester hours in courses numbered at the 6000 level. For master’s degrees requiring more than 30 hours, at least 50 percent of the credit hours must be completed at the 6000 level.

A course completed at the 4000 level for undergraduate credit cannot be taken again at the 5000 level for graduate credit. No more than three semester hours of credit earned through independent study may be applied toward a graduate degree.

Graduate students enrolled in courses numbered 5000 through 5999 must do special work in addition to that required of undergraduates in the courses numbered 4000 through 4999. A masters degree program traditionally consists of courses numbered 5000 and 6000. Courses numbered 7000 and above are normally reserved for specialist and doctoral programs. Check the particular degree program section for program specific restrictions or deviations.

TRANSFER CREDIT

Subject to the approval of the student's adviser and the graduate dean, a student who has a "B" grade average or above in graduate work from another approved institution may be permitted to transfer a maximum of nine semester hours of credit. Only work with "B" or better grades earned at an accredited graduate school and acceptable toward a graduate degree at that institution will be considered for transfer. No correspondence courses may be transferred.

GRADING SYSTEM

The letters, A, B, C, P, D, F, FN, I, IP, and CR are used in grading, indicating the following qualities:

<table>

<tbody>
<tr>

For the purpose of computing cumulative and collective grade averages, grade points are assigned as follows:

<table>
<thead>
<tr>

<tbody>
<tr>

</tr>
</tbody>
</table>
Students' grade point averages are computed by multiplying the number of hours credit of each grade by the grade points assigned to that grade and dividing the sum of these several products by the total number of hours in which the students were enrolled. An incomplete grade not removed within one semester unless extenuating circumstances are provided in writing to the Graduate School, will be recorded as "F." No grade below "C" will be accepted for graduate credit.

**ELIGIBILITY FOR DEGREE**

A cumulative graduate GPA of 3.00 or higher on all coursework used toward the graduate degree is required and a cumulative graduate GPA of 3.00 or higher on all coursework taken from the academic college of the graduate degree sought is required before a graduate degree can be awarded.

**PROBATION**

Any graduate student whose cumulative GPA on all courses taken for graduate credit falls below 3.00 will be placed on probation. Students may be removed from probation by raising their cumulative GPA to 3.00 or better. Failure to make a grade of "B" or better in each course taken while on probation will result in suspension from further graduate work if the student's cumulative GPA continues below 3.00. A graduate student on probation may not hold an assistantship and is not eligible for candidacy or graduation.

**SUSPENSION**

Any graduate student who receives a grade of "F" in any graduate-level course will be ineligible to register for further graduate work. A grade of "F" will be converted to "F" if it is not removed from the record prior to the last day to withdraw during the next semester in which the student is enrolled. A grade of "I" will be converted to "F" if it is not removed before the last day to withdraw during the next semester in which the student is enrolled.

**READMISSION OF SUSPENDED STUDENTS**

After one regular semester or full summer in suspended status, students may be readmitted on probation, but only upon recommendation of their adviser and department chair and with the approval of the dean of the Graduate School. Readmission to Graduate School does not imply readmission to a particular degree program. The student must reapply to the program.

**GRADUATE SCHOOL APPEALS AND GRIEVANCE PROCESSES**

Student rights grievance procedures are outlined in the ASU Student Handbook available in the Office of Student Affairs and reproduced below:

**Step 1**

Since the faculty has the primary responsibility for course development, course delivery, the assessment of student achievement, and the sanction for academic misconduct, any student who has a complaint related to an academic issue should first contact the course instructor within ten (10) working days of the incident and try to resolve the complaint. If the complaint involves a faculty member who is no longer employed at the university, or with whom the student does not feel comfortable approaching the student should move to step two of this process.

**Step 2**

If the complaint is not resolved in step one and the student wishes to pursue the complaint further, the student shall consult with the department chair/unit supervisor within fifteen (15) working days of the academic incident. The appropriate chair/unit supervisor shall consult informally with the student and the individual against whom the complaint has been made to attempt to resolve the complaint. If the complaint is resolved, the grievance process ends.

**Step 3**

If the complaint is not resolved in step two, and if the student wishes to pursue the complaint further, the student shall contact the Dean of the Graduate College within ten (10) working days of the academic incident. The Dean of the Graduate College shall notify the student and the individual against whom the complaint has been made in writing of the resolution or lack thereof within ten (10) working days of the student's first consultation with the Dean. If the complaint is resolved, the grievance process ends.

Any graduate student who receives a grade of "F" in any graduate-level course will be ineligible to register for further graduate work. A grade of "F" will be converted to "F" if it is not removed from the record prior to the last day to withdraw during the next semester in which the student is enrolled. A grade of "I" will be converted to "F" if it is not removed before the last day to withdraw during the next semester in which the student is enrolled.

The Dean of the Graduate College shall notify the student and the individual against whom the complaint has been made in writing of the resolution or lack thereof within ten (10) working days of the student's first consultation with the Dean. If the complaint is resolved, the grievance process ends.
further, the student shall file a formal written complaint with the department chair/supervisor within thirty five (35) working days from the academic incident. The written complaint must specify the academic right(s) the student alleges has (have) been violated and must include:

a. Date and details of the alleged violation;
b. Any available evidence of the alleged violation;
c. Names, addresses, and phone numbers of witnesses to the violation;
d. The requested remedy to the alleged violation.

The chair/unit supervisor shall investigate the complaint using whatever processes are appropriate including, but not being limited to, written responses from or interviews with faculty members, other students, and other parties. The chair/unit supervisor shall notify the student and the individual against whom the complaint has been filed in writing of the chair/unit supervisor's finding and recommendation within ten (10) working days of receipt of the written complaint. If both parties in the complaint accept the recommendation, they will sign a statement to that effect and the grievance process ends. The chair/unit supervisor shall retain the written records of the process for five calendar years. Upon request, the chair/unit supervisor shall provide either or both parties with copies of all information gathered during the investigation.

Step 4
If the complaint is not resolved in step three, either party may request that the dean appoint a college hearing committee. The request for a college hearing committee review must be made in writing to the dean within ten (10) working days of completion of step three in the process.

Complaints should be directed to the Dean of the Graduate School at:
Arkansas State University
Dean, Graduate School
PO Box 60
State University, AR 72467-0060
870-972-3029

For Tennessee residents, if a complaint is not settled at the institutional level, the student may contact the Tennessee Higher Education Commission, 404 James Robertson Parkway Nashville, TN 37243-0830. Telephone: 615-741-5293.

All grievances should first be taken to the student's graduate adviser, who will inform the student of the correct procedures to follow. Following proper channels for appeals and grievances is essential to obtain a timely and efficient resolution.

APPLICATION FOR THE DEGREE
All candidates are required to submit an intent to graduate notification for the degree and pay the graduation fee at the time they enroll for the final registration period before completing all requirements for the degree, except that students who expect to complete the requirements for the degree during the second summer term must submit an intent not later than the registration date for the first summer term. A new intent to graduate notification must be submitted if the degree is not completed in the term within which the original application was filed. Acceptance of candidates' intentions will be determined by the students' advisers and the graduate dean.

PLACEMENT ASSISTANCE
Arkansas State University does not have a policy with regards to offering placement assistance to students.
GRADUATE SCHOOL MASTER’S DEGREE POLICIES

GENERAL REQUIREMENTS
The program of study must include a minimum of 30 semester hours of graduate coursework and in the case of the Master of Arts, Master of Music Education, Master of Science, Master of Science in Agriculture and a Master of Science in Education in secondary teaching fields must include at least 21 semester hours in the major. (See major department section for specific degree requirements.)

TRANSFER CREDIT
Subject to the approval of the students' advisers and the graduate dean, master's students who have a "B" grade average or above in graduate work from another approved institution may be permitted to transfer a maximum of nine semester hours of credit. Only work with "B" or better grades earned at an accredited graduate school and acceptable toward a graduate degree at that institution will be considered for transfer.

TIME TO DEGREE
The time allowed for completion of the master's degree is six years, exclusive of time spent in the armed forces of the United States. Graduate work completed prior to six years from the students' date of completion of the degree cannot be used to satisfy degree requirements. GRADUATION POLICIES
Arkansas State University confers degrees and offers graduation ceremonies three times a year, in May, August and December. It is possible you will complete your degree requirements prior to the conferral date. If so, your degree will be conferred at the next available conferral date. You are welcome to participate in the graduation ceremony closest to your date after you complete your degree requirements.

All students are required to complete an Intent to Graduate form, which will be emailed to them, and submit the $65 graduation fee, regardless of intent to participate in the graduation ceremony. Students will submit the Cap and Gown Form to order their regalia if participating in the graduation ceremony.

Students will be given the option to walk at the graduation ceremony; however, if final grades are not in at the time of graduation, a diploma will not be distributed that day. Diplomas will be mailed to students once final grades are in and verified.

Students not participating in the graduation ceremony should please notify ASU Registrar's office, and their diplomas will be mailed within the first business week following the posting of grades. Please ensure your correct mailing address is on file.
