

Syllabus Statement for Interruption of Instruction Beginning Fall 2021

Notice Concerning the Possibility of Interruption of Instruction Due to an Emergency:

While it is the goal of Arkansas State University to offer face-to-face classes for its on-campus programs, the university recognizes that in the event of emergency it may become necessary to shift courses into hybrid or online delivery modes. The recent experience of the COVID-19 pandemic made this necessary; however, the same need to shift could be the product of other natural or civil disasters, and could be for short or extended periods of time. To prepare, this means nearly every course offered will have a component where high-speed, reliable internet access is essential to course success. Other technology such as web cameras or specific software may be required by instructors to facilitate remote instruction (please consult the A-State Internet and Technical Services website for more details). Students are strongly encouraged to secure broadband access they can use for the semester either on or off campus. In the event of the need to change the mode of instruction, A-State will endeavor to keep as many on-campus facilities and support areas open as possible dependent on the circumstances of the emergency.

Please remember, all official notifications are made through your official A-State email account, the university website, and Blackboard Learn. You are responsible for checking your university email to ensure you receive the latest updates regarding this course.
