

# What courses do you need?

## AS A STUDENT

As a student or teacher's aide there can be additional safety training you must complete before beginning your job duties. Please discuss with your supervisor or instructor what training you are required to complete.

You will need access to Taleo Learn. If you do not have access, please contact Cathy Naylor at [cnaylor@astate.edu](mailto:cnaylor@astate.edu).

Recommended Taleo programs:

- Theater Safety
- Art Safety for Educational Facilities
- Laboratory Chemical Waste Management – RCRA
- Slow Moving Vehicles
- Mold and Mildew Awareness
- Hazard Communication

Classes available on Blackboard:

- Slow Moving Vehicle
- Stormwater Awareness
- Biological Safety Training
- Radiation Safety Training
- Worker's Compensation Training
- Laboratory Safety Training
- Hazardous Waste Generator Training for Labs

## Recommended online training through other providers.

Arkansas Train at [ar.train.org](http://ar.train.org)

Students will have to create a profile before selecting courses. The following courses are free and some provide a certificate of completion when done.

- Fundamentals of Centrifuge Safety
- Fundamentals of Chemical Fume Hood Safety
- Fundamentals of Personal Protective Equipment (PPE) in Clinical Laboratories
- Fundamentals of Working Safely in a Biological Safety Cabinet
- 09. Radiation Protection – EPHOC

## LASER USERS

Those who will be operating Class 3B or Class 4 Lasers will need:

- To complete a base line eye exam
- Complete *Medical Laser Safety Awareness Training*. This is provided by [LIA.org](http://LIA.org) and has a fee of \$70 per user.

## QUESTIONS

Questions are always welcome. Email [mdooley@astate.edu](mailto:mdooley@astate.edu). Office number 870-972-3644
