Discussion 1: Software patents challenges

Francesca Fraser
1 Response | 1 Reply

Discussion Topic

Take a look to the article: Patenting intellectual property for artificial intelligence as complex as some AI code and share with the class:

- Why do you think software patents are important for AI?
- What are going to be the software patent challenges in 5 years and why?

Also, remember to refer to your study materials as a focus for your answers.

Remember

- Be clear and timely
- Be respectful to different ideas
- Be critical and reflexive

Francesca Fraser
3/28/18, 12:56 PM

It seems a different issue would be a consideration of timeliness and and how to determine the necessary information in a timely manner (and how to determine what is considered timely on either end). Additionally, there's a need to determine how the feelings on the matter.

Course Communication Roadmap for 2018

**Conversations**
- Collaborate integration
- Central location for files
- Better presence indicators

**Activity Stream**
- Better granularity
- More personalization
- More analytic insights
- Penny system announcements

**Messages**
- Push Notifications
- Improvements to Roll-up Feature
- Reply from Email
- Course Announcement: Reuse
- Course Announcement: Push to all Sections

**Discussions**
- Rating or "liking" posts
- Flagging posts or pinning posts
- Graded Discussion Thread Locking
- Allow/disallow student deletion of posts
- Allow/disallow student editing of posts
- Late Submission Handling
- Non-graded Forums
- Search Discussions
- Performance Improvements
  - Fast navigation from post to post:
  - Always quickly access the seed post / prompt for a discussion
- Improvements to Discussion Insights
- Office 365 G Suite Integration
Questions?
Post one feature or workflow you’re most excited about that you’ve heard about in today’s session.
Next Steps

- Try out what we discussed today using the new CourseSites (new.coursesites.com)
- For detailed information, view the Ultra Course documentation on help.blackboard.com
- Join us next week when we discuss Integrations and Learning Analytics
