Anytime a cell containing cohort numbers includes only one or two students, the data in that cell will be suppressed so that no individual can be identified. The totals reflect the sum of both the suppressed and reported numbers.

Cohorts are adjusted by eligible exclusions which include students:

- who died or became permanently disabled
- who left school to serve in the armed forces (or have been called up to active duty)
- who left school to serve with a foreign aid service of the Federal Government
- who left school to serve on an official church mission.
