Robin Harmon	Mallory Yarbrough x
Mendy Hendrix (Advancement) x	Kim Parker x
Ellena Cox (Financial Aid)	Vanessa Williams (Marketplace Coord.) x
Lisa Glasco X	Traci Ellington x

Upcoming Dates/Times of Interest:

Tonight Banner Downtime – BAVL rebuild and updates to Transcript names. Weekend of July 27, 2018 will be our next regularly scheduled maintenance window

Next meeting: **July 11, 2018 1:00 pm** (due to the 4th holiday of the month – see Bunker Banner Calendar in Outlook)

Action Items:

Add Banner 9 URL on MyCampus (ITS)

If each area will begin to compile a list of FAQs and send to Marg, we will add a FAQ section to the Banner 9 website (All users & ITS)

Recap:

Specs for new machines for powerusers can be found on the Banner 9 Website

July patches will be to both Banner 8 and 9 and will address several known issues and add some functionality.

EOY downtimes were announced.

RACT has a fresh overlay as of 5/8/18. No one expressed a need for additional updates prior to testing.

Progress Reports

Advancement/Foundation:

Christy reports “main users” are using Banner 9 exclusively. They expect to train student and part-time workers in August and move all users to 9 thereafter

Finance/HR/Budget:

Kassie reports payroll is using Banner 9. After discussion of printing issue, she will test printing W-2's to make sure they could successfully produce reprints. Myra indicated the printing issue – printing results are mis-sized and orientation is incorrect – the Controller's area has to open and use Banner 8 for any print needs. This is a known issue and ITS will review any new updates/resolutions, etc. ITS will also consult with Shane for any Chrome configurations/plug-ins, etc. that he might be aware of. Myra indicated the 9.3.7 update is the fix for the defect of the record count on FOAUAPP and Ken indicated that is in the list of patches scheduled for the 7/27 maintenance window.

A question was posed about the {stay signed in} button – it does not affect the timeout setting of 1 hour – it is actually just keeping a cookie in the browser.

Student Accounts/Treasurer: Fran and Danielle indicated ALMOST full participation on using Banner 9 but the printing issue is a problem. Also removing holds with 2 incognito sessions requires closing one. Ken suggested opening one in FireFox, one in Chrome and it shouldn't require closing one to remove the hold.

AState On-line: 90% of staff is using Banner 9

FinAid: 70% of staff using Banner 9 – Print issue is problem

Registrar: Not available.
