

Access to Banner 9 Test System

All employees (excluding those hired after December 4, 2017) have access to the Banner 9 system at <https://banner-test.astate.edu> by using their full email address and network password.

The screenshot shows a login interface for the Banner 9 Test System. At the top left is the A State logo. Below it, the text "Sign in to your account" is displayed. There are two input fields: the first contains the email address "mwatson@astate.edu" and the second contains a masked password represented by a series of dots. To the right of the password field is a "Sign In" button. Below the input fields is a checkbox labeled "Stay Signed In".
