Protect Your Arkansas State University Account

Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password.

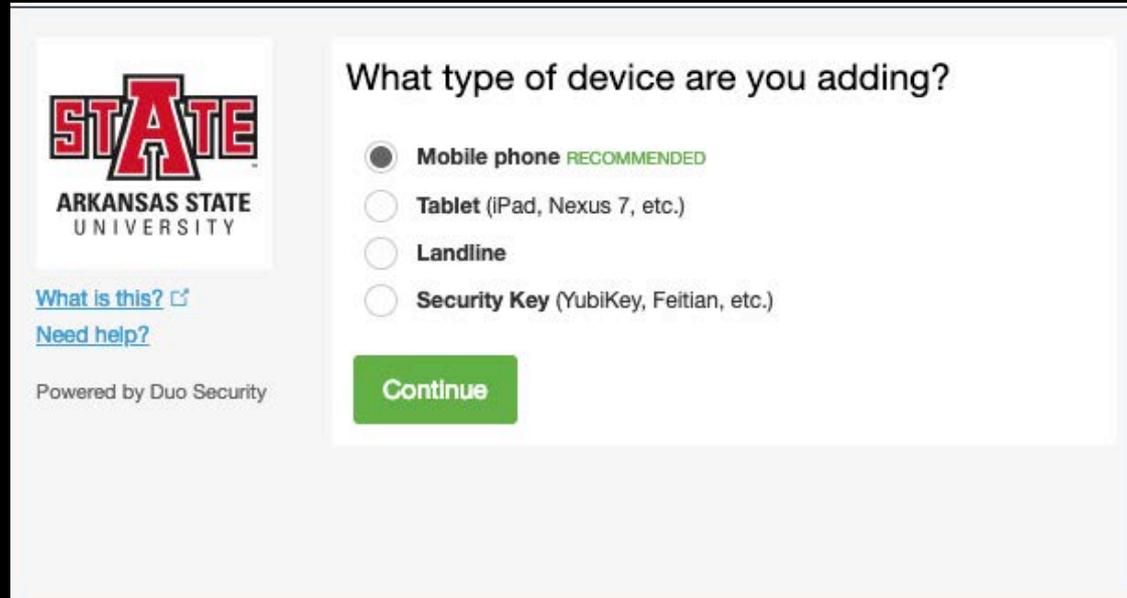

This process will help you set up your account with this added layer of security.

[Start setup](#)

Click on green box that says start setup.

What type of device are you adding?

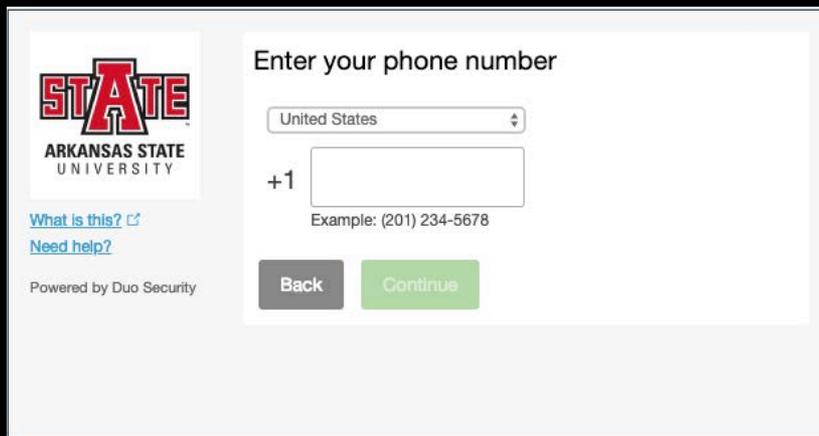

The screenshot shows a web interface for adding a device. On the left, there is the Arkansas State University logo (ST A TE ARKANSAS STATE UNIVERSITY) and links for 'What is this?' and 'Need help?'. Below the logo, it says 'Powered by Duo Security'. The main content area is titled 'What type of device are you adding?' and contains four radio button options: 'Mobile phone RECOMMENDED' (selected), 'Tablet (iPad, Nexus 7, etc.)', 'Landline', and 'Security Key (YubiKey, Feitian, etc.)'. A green 'Continue' button is located at the bottom of the options.

Make sure the circle next to the device you are adding is selected and click continue.

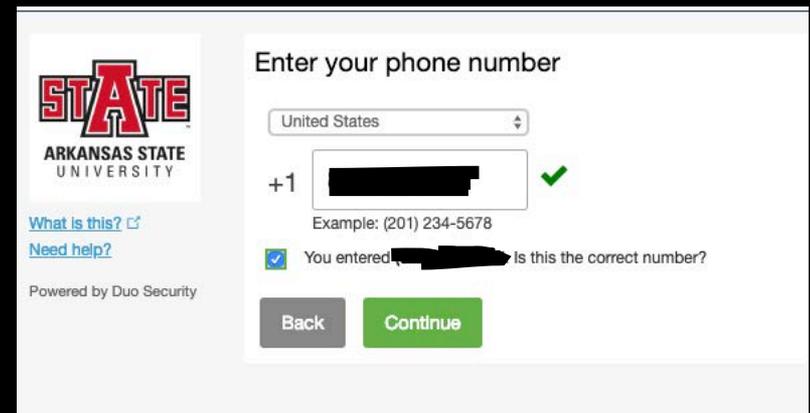

Mobile Device

Your screen will display the box shown below, enter you phone number continue

The screenshot shows a mobile interface for entering a phone number. On the left is the Arkansas State University logo. The main heading is "Enter your phone number". Below it is a dropdown menu set to "United States". To the left of a text input field is a "+1" label. Below the input field is the text "Example: (201) 234-5678". At the bottom are two buttons: "Back" and "Continue". On the far left, there are links for "What is this?" and "Need help?", and the text "Powered by Duo Security".

You must then verify your number by checking the box and hitting continue.

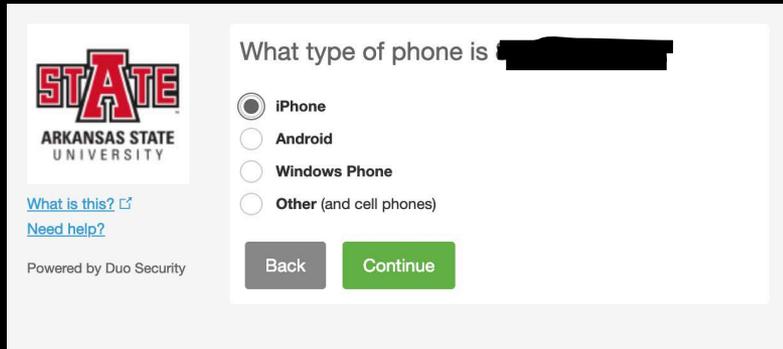

The screenshot shows the same mobile interface as the previous one, but now with a verification step. The phone number input field is filled with a redacted number and has a green checkmark to its right. Below the input field is the text "Example: (201) 234-5678". A checkbox is checked, and the text next to it reads "You entered [redacted] Is this the correct number?". At the bottom are two buttons: "Back" and "Continue". The rest of the interface, including the logo and "Powered by Duo Security" text, remains the same.

Mobile Device

Next you will select what type of mobile phone you have. Make sure your phone type is selected and hit continue.
