Colleagues,

As you may know, last year ITS and the A-State Faculty Center conducted an initial review of popular learning management systems as a routine procedure associated with the upcoming completion of the current contract with Blackboard that will occur in 16 months. As a part of the extended review, ITS and the Faculty Center would like to invite everyone to attend a demonstration of the Canvas learning management system scheduled for March 16 in HSS 4001 from 8:30-10:30 a.m. and again from 2:00-4:00 p.m.

Please send this invitation to all faculty who may be interested in learning about the Canvas learning management system and encourage them to attend one of the sessions on March 16.

Gina
