Installation Instructions

Before you begin, if Minitab Express is already installed, uninstall Minitab Express using the steps below:

- Right-click Start > Apps and Features. Browse to Minitab Express and click Uninstall

Install Minitab Express Multi-User

- 1. Download Minitab Express using the following link: <u>http://fs1.minitab.com/prodinstalls/minitabexpress/minitabexpress1/1.5.3.0/win/multi-user/</u> minitabexpress1.5.3.0multi-usersetup.exe
- 2. Double-click the "minitabexpress1.5.3.0multi-usersetup.exe" file to launch the setup.

3. When prompted, enter *localhost* for the license server information in the "Minitab License Manager Information" dialog box.

4. Complete the remainder of the installation using the default settings.

Save the License File

1. Save the attached license file (minitab.lic) to: C:\Program Files\Minitab\Minitab Express

Launch Minitab

- 1. Launch Minitab Express using the desktop shortcut.
- 2. When prompted with the "Find License" dialog box, choose the option to Specify the License file.
- 3. Click Browse and browse to the minitab.lic file you saved in C:\Program Files\Minitab\Minitab

Express.

- 4. Click Open.
- 5. Click **OK**.
