Chancellor

Re: Shared Governance Proposal 15 SP 04, ASU Education and Technology Committee

---

On Wednesday, April 1, I received Shared Governance Proposal 15 SP 04, a proposal to modify the ASU Faculty Handbook description of the ASU Education and Technology Committee. After careful consideration and endorsement from the Faculty Handbook Committee and the Shared Governance Oversight Committee, I approve Proposal 15 SP 04.

Pursuant to the Shared Governance Proposal Review Process, the campus community will be informed of my decision, which will be done through the ASU Digest.

Thank you for your leadership and please extend my appreciation to the Shared Governance Oversight Committee for their participation in the shared governance process.
