The provisions of this policy are designed to comply with rules published by the federal Office of Management and Budget on January 13, 1989, implementing the Drug-Free Workplace Act of 1988, and rules published by the federal Department of Education on August 16, 1990, implementing the Drug-Free Schools and Communities Act Amendments of 1989.

Drug and Alcohol-Free Workplace

It is the policy of Arkansas State University to maintain an educational and working environment which is free from the influence of unlawful drugs and alcohol in compliance with the Drug Free Schools and Communities Act and the Drug-Free Workplace Act. Therefore, it is the policy of Arkansas State University that the unlawful manufacture, distribution, dispensing, possession, or use, of a controlled substance /or alcohol on any property owned or maintained by Arkansas State University or as a part of any university activity is strictly prohibited.

Individuals who violate this policy will be subject to a number of sanctions imposed both by the university and by the state and federal criminal justice systems, including termination of employment.

In addition to any sanctions and/or disciplinary action which may be taken by the university, the university may refer violations to the appropriate legal authorities for criminal prosecution.

System Process for Staff – Drug Policy

- A. Employees and students are encouraged to attend events which occur on campuses periodically designed to make the campus community aware of the dangers of drug abuse.
- B. Employees who believe that they need drug counseling or rehabilitation are urged to contact an Employee Assistance Program or other medical facilities offering appropriate services. In order to determine whether services of this type are covered by university insurance, contact the Human Resources Department.

- E. Each campus shall biennially review their drug abuse prevention program to determine its effectiveness and implement needed changes.
- F. Each campus shall biennially review their disciplinary sanctions to ensure they are consistently enforced.

(Adopted by the Arkansas State University Board of Trustees on December 11, 2009, Resolution 09-91, Supercedes Drug-Free Workplace Policy of April 27, 1989, and the Unlawful Use of Drugs and Alcohol on Campus Policy of October 11, 1990.)

Progressive Discipline Policy

Arkansas State University utilizes a progressive discipline policy. It is the goal of the university to use progressive steps in employee disciplinary matters except when immediate termination is warranted. The existence and use of a progressive discipline policy does not in any way alter the at-will status of employees.

The employee's supervisor will administer any appropriate corrective or disciplinary action.

Appropriate action will be determined based on factors such as severity, frequency, and degree of deviation from expectations and length of time involved. Because of the great variety of situations that may arise, the university may need to make decisions related to employment in a manner other than as provided in this section.

Disciplinary actions may take place in several forms. The forms of disciplinary actions are Verbal Counseling, Written Counseling, Final Counseling, and Dismissal. Your Human Resources Department should be consulted when disciplinary action with an employee is necessary. The following outlines the four forms of disciplinary action.

Verbal Counseling

Verbal counseling sessions may take place between employees and supervisors in situations that are deemed less serious in nature. Every effort to determine and resolve the cause of the problem should be made. At the same time, however, it should be specifically stated that the employee is receiving a formal warning. Documentation of the verbal counseling should occur utilizing the Employee Counseling Form (available from the forms section of the Human Resources website). Copies of all documentation of verbal counseling should be distributed as follows: one copy to the employee, one copy to the department file, and one copy to your Human Resources Department for inclusion in the employee's personnel file.

Written Counseling

Written counseling sessions take place between a supervisor and an employee when the behavior of the employee is a repeated violation and verbal counseling has been administered, when the behavior hinders the operations of the department in which the employee works, or when the behavior hampers the progress of the university. Written warnings should be documented on an Employee Counseling Form. Copies of all written warnings should be distributed as follows: one copy to the employee, one copy to the department file, and one copy to your Human Resources Department for inclusion in the employee's personnel file.

Final Counseling

Final counseling is utilized when previous counseling has failed to produce the proper results. Final Counseling may also be utilized to address an initial incident or an incident that is too severe for a verbal or written warning yet not sufficiently severe for dismissal. Copies of all Final Counseling Forms should be distributed as follows: one copy to the employee, one copy to the department file, and one copy to your Human Resources Department for inclusion in the employee's personnel file.

Dismissals

Employment may be terminated after other disciplinary measures have failed or when a first time incident occurs that is extremely serious. An employee may be discharged at any time without regard to any progressive steps if he or she commits an offense for which immediate discharge is specified as a penalty or if, in the university's judgment, the employee's continued presence would be contrary to the well-being of the university or its employees. Your Human Resources Department should be consulted prior to the dismissal of an employee.

Terminations/Resignations

The university strives to maintain good working conditions. Instances of personal or job dissatisfaction should be discussed with the supervisor and/or your Human Resources Department before the employee considers termination of employment.

If an employee wishes to terminate employment with the university, two weeks' notice to the supervisor is requested, but not required. If an employee voluntarily terminates employment with proper notice and the employee's work record has been satisfactory, the employee may be considered for reemployment.

Should it be necessary to eliminate a position because of a reduction in work force, reasonable efforts may be made to place the employee elsewhere in the University.

Upon termination, resignation, retirement, death, or other action by which a person ceases to be an employee of the University, any amount which may be due the employee or the employee's estate for unused annual or sick leave shall be issued within 30 days of completing checkout process.

When an employee terminates and later returns to the university, both sick and annual leave may be reinstated. See your Human Resources Department for eligibility requirements.

Persons who are not officially enrolled for a particular term but who have a continuing student relationship with, or an educational interest in, Arkansas State University are considered “students”. A person shall also be considered a student during any period while the student is under suspension from the institution or when the person is attending or participating in any activity preparatory to the beginning of the academic year including, but not limited to, fraternity or sorority recruitment, orientation, placement testing, and residence hall check-in.

Possible Drug and Alcohol Sanctions for Students

Health Risks Associated with the Abuse of Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including peer, spouse, and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation to alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. Research indicates that children of alcoholic parents are at greater risk than other children of becoming alcoholics.

Health Risks Associated with the Use of Illicit Drugs

Illicit drugs include narcotics, such as heroin or morphine; depressants, such as barbiturates, Quaaludes, or valium; stimulants, such as cocaine or "crack"; hallucinogens, such as PCP, LSD or mescaline; cannabis, such as marijuana or hashish; inhalants, such as nitrous oxide, amyl nitrite (poppers) or various hydrocarbon solvents; and designer drugs, such as α -methylfentanyl (China White), methamphetamine (Ecstasy) or meperidine (Demerol).

Narcotics

Narcotics initially produce a feeling of euphoria that is often followed by drowsiness, nausea and vomiting. Tolerance may develop rapidly and dependence is likely. The use of contaminated syringes may result in diseases such as AIDS, endocarditis (inflammation of the lining of the heart), and hepatitis.

Depressants

The effects of depressants are in many ways similar to the effects of alcohol. Small amounts can produce calmness and relaxed muscles, but a somewhat larger dose can cause slurred speech, ataxia or unstable gait, and altered perception. Very large doses can cause respiratory depression, coma and death. The combination of depressants and alcohol can multiply the effects of the drugs, thereby multiplying the risks. The use of depressants can cause both physical and psychological dependence.

Stimulants

Cocaine stimulates the central nervous system. Its immediate effects include dilated pupils; elevated blood pressure, heart and respiratory rate; and increased body temperature. Occasional use can cause

a stuffy or runny nose, while chronic use can ulcerate the mucous membrane of the nose with long-term use eroding the nasal septum. The injection of cocaine with unsterile equipment can cause AIDS, hepatitis and other diseases. Preparation of freebase, which involves the use of volatile solvents, can result in death or injury from fire or explosion. Cocaine can produce psychological and physical dependency. In addition, tolerance develops rapidly. Crack or freebase rock is extremely addictive. The physical effects include dilated pupils, increased pulse rate, elevated blood pressure, insomnia, loss of appetite, tactile hallucinations, paranoia and seizures. Overdoses occur easily.

Hallucinogens

Phencyclidine (PCP) users frequently report a sense of distance and estrangement. Time and body movement are slowed down. Muscular coordination worsens, and senses are dulled. Speech is blocked and incoherent. Chronic PCP users report persistent memory problems and speech difficulties. Mood disorders, such as depression, anxiety and violent behavior, may also occur. In late stages of chronic use, users often exhibit paranoid and violent behavior and experience hallucinations. Large doses may produce convulsions and coma, heart failure, lung problems and/or ruptured blood vessels in the brain. Lysergic acid (LSD), mescaline and psilocybin cause illusions and hallucinations. The physical effects may include dilated pupils, elevated body temperature, increased heart rate and blood pressure, loss of appetite, sleeplessness and tremors. Sensations and feelings may change rapidly. It is common to have a bad psychological reaction to LSD, mescaline and psilocybin. The user may experience panic, confusion, suspicion, anxiety and loss of control. Delayed effects or flashbacks can occur even after use has ceased.

Inhalants

The chemicals in most inhalants are rapidly absorbed in the lungs and exert their central nervous system effects within seconds, producing an altered mental state for about five to fifteen minutes. Immediate effects of inhalants include nausea, sneezing, coughing, nose bleeds, fatigue, and lack of coordination and loss of appetite. Solvents and aerosol sprays can decrease the heart and respiratory rates and impair judgment. Amyl and butyl nitrite can cause rapid pulse, headaches, and involuntary passing of urine and feces. Inhalation of toluene as well as other hydrocarbons has been associated with kidney and liver damage, peripheral nerve problems, convulsions, encephalopathy (organic brain damage) and other central nervous system disorders. Sudden death associated with both glue sniffing and especially the inhalation of aerosols containing halogenated hydrocarbons (Freon) has been reported and is thought to be secondary to cardiac arrhythmias (abnormal electrical conduction patterns in the heart).

Marijuana

The short-term effects of marijuana include distortion of time perception, increased heart rate, dilation of blood vessels, and loss of short-term memory. Also decreased are visual perception and psychomotor skills, which have adverse effects on driving ability. The effects of long-term use include loss of motivation, chronic bronchitis, decreased vital lung capacity and an increased risk of lung cancer. Tolerance and psychological dependence do develop with marijuana.

Designer Drugs

Designer drugs are synthetic chemical modifications of older drugs of abuse that are designed and manufactured in covert laboratories and sold at great profit for recreational use. These drugs can be several hundred to several thousand times stronger than the drugs they are designed to imitate. Designer drugs similar to opiates include fentanyl, demerol, and "china white." The narcotic analogs of designer drugs can cause symptoms such as those seen in Parkinson's disease – uncontrollable tremors, drooling, impaired speech, paralysis and irreversible brain damage. Analogs of amphetamines and methamphetamines cause nausea, blurred vision, chills or sweating and faintness. Psychological effects include anxiety, depression and paranoia. Withdrawal problems include sweating, diarrhea, fever, insomnia, irritability, nausea and vomiting, and muscle and joint pain.

Possible Legal Sanctions for Inappropriate Drug and Alcohol Use

These are possible legal ramifications for violation of Alcohol/Drug laws. This is not an all-inclusive list, and the laws listed have been abbreviated. Note that the penalties listed are the minimum and maximums according to law and subsequent offenses (especially with the DWI and DUI laws) can include substantially harsher penalties. If you need more information on any of these, or other laws, please contact the Arkansas State University Police Department.

Manufacture or delivery of controlled substance

It is unlawful for any person to manufacture, deliver, or possess with intent to manufacture or deliver, a controlled substance. Penalties for the manufacture, delivery, transporting, administering, or distributing of a controlled substance can range from 3 years to life in prison and fines up to \$250,000 depending on quality and type of drugs. Additionally, a person may be subject to a term of imprisonment of ten (10) years if the offense is committed on or within one thousand feet (1,000) of the University. In addition, real and personal property used in the manufacture, delivery, or importing of controlled substances may be forfeited to the government.

Manufacture or delivery of a counterfeit substance

It is unlawful for any person to create, deliver, or possess with intent to deliver, a counterfeit substance purported to be a controlled substance. Penalties for the creating and/or delivery of a counterfeit substance can range from one to twenty (20) years in prison, and fines up to \$15,000 depending on the type of drug being counterfeited.

Possession of a controlled or counterfeit substance

It is unlawful for any person to possess a controlled substance or counterfeit substance. Penalties for possession of a controlled or counterfeit substance on the first offense can range from one (1) to ten (10) years in prison, fines up to \$10,000 depending on type of drug (or counterfeit) possessed.

Minor in possession of alcohol (mandatory suspension of driving privilege)

Any person under twenty-one (21) years of age who has purchased or is in possession of intoxicating liquor, wine, or beer, in violation of the "Minor in possession of alcohol" statute, will be

subject to a mandatory driver's license suspension for 60 days by the Office of Driver Control, whether or not the person was in or about a vehicle at time of arrest.

Underage DUI law

The State of Arkansas has an "Underage DUI Law" (Act 863 of 1993) in which it is an offense for a person under the age of 21 with a blood alcohol content of .02 to .07 (approximately one (1) can of beer, one (1) glass of wine, or one (1) drink of hard liquor) to operate a motorized vehicle. Penalties for a first offense can result in (1) suspension of driver's license for not less than 90 days or more than 120 days; (2) a fine of not less than \$100 nor more than \$500; (3) assignment to public service work; and/or (4) attendance at a state sponsored alcohol and driving education program.

Driving while intoxicated

A person who drives a motorized vehicle while influenced or affected by the ingestion of alcohol, a controlled substance, or any intoxicant, commits the offense of driving while intoxicated. Sexual Harassment and Sexual Assault Information

Title IX of Education Amendments

Title IX is a comprehensive federal law that prohibits discrimination on the basis of sex in any federally funded education program or activity.

Title IX benefits both males and females, and is at the heart of efforts to create gender equitable schools. The law requires educational institutions to maintain policies, practices and programs that do not discriminate against anyone based on sex. Under this law, males and females are expected to receive fair and equitable treatment in all areas of public schooling including recruitment, admissions, educational programs, and activities, course offerings and access, counseling, financial aid, employment assistance, facilities and housing, health and insurance benefits, marital and parental status, scholarships, sexual discrimination and athletics. Arkansas State University has designated a Title IX coordinator for each campus. Any incidence of sexual harassment, sexual assault, stalking, domestic violence, or dating violence should be reported to the Title IX Coordinator who conduct a prompt, thorough, and objective investigation of those claims which meet the requirements of a Title IX offense, and will refer other claims of sexual discrimination to the campus Human Resources department or Office of Student Conduct, as applicable. In the event the sexual

discrimination allegation is against the Title IX coordinator, the report should be made to the Office of General Counsel. Contact information for each campus's Title IX Coordinator is located on the respective campus's website.

Sexual Discrimination

Arkansas State University is committed to providing an educational and work environment for its students, faculty, and staff that is free from sexual discrimination including sexual harassment, sexual assault, sexual violence, stalking, domestic violence, and dating violence, as prohibited by Title IX of the Educational Amendments of 1972, and/or Title VII of the 1964 Civil Rights Act. No form of sexual discrimination will be tolerated.

Sexual Harassment is defined under Title IX as unwelcome gender-based verbal or physical conduct and occurs when:

1. Submission to, or toleration of, such conduct is made a term or condition of instruction, employment, or participation in other university activities;
2. Submission to, or rejection of, such conduct is used as a basis for employment or education decisions affecting the individual; or
3. Such conduct is severe, pervasive, and objectionably offensive such that it has the effect of unreasonably interfering with an individual's education or employment performance.

Sexual assault occurs when a person is subjected to an unwanted sexual act without consent. Sexual acts occur without consent when they are performed by force, in response to a threat, against a person's will, or where a person is incapable of giving consent due to minority, intellectual impairment, or use of mind-altering substances such as drugs or alcohol.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.

Domestic Violence is defined as felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Arkansas, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Arkansas.

Dating Violence is defined as violence committed by a person (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship, (ii) the type of relationship, and (iii) the frequency of interaction between the persons involved in the relationship.

It is important to preserve all evidence of sexual discrimination, especially if the discrimination is also a criminal offense, such as sexual assault, stalking, domestic violence, or dating violence.

Supervisors and staff members must recognize that their positions necessarily embody unequal power relationships with their subordinates and students. Because of the inherent power differences in these relationships, the potential exists for the less powerful to perceive a coercive element in suggestions relative to activities outside those appropriate to the professional relationship. It is the responsibility of supervisors and staff members to behave in such a manner that their words or actions cannot reasonably be perceived as coercive.

Each campus has a Title IX Coordinator who is charged with investigating certain allegations of sexual harassment, sexual assault, stalking, domestic violence, and dating violence. Employees with supervisory responsibilities, including deans, vice chancellors, department chairs, faculty, student conduct personnel, human resources personnel, athletics administrators and coaches, and university police personnel must report incidents of sexual discrimination either observed by them or reported to them to the Title IX Coordinator. The Title IX Coordinator will conduct a prompt, thorough, and objective investigation of those claims which meet the requirements of a Title IX offense, and will refer other claims of sexual discrimination to the campus Human Resources department or Office of Student Conduct, as applicable. If sexual discrimination has occurred, appropriate remedial action commensurate with the severity of the offense will be taken up to and including expulsion or suspension from Arkansas State University. All reports, complaints, and investigations are treated with discretion and confidentiality is maintained to the extent allowed by law.

The Title IX Coordinator or Human Resources representative, as applicable, will notify the appropriate law enforcement agency of all reports of sexual assault, stalking, domestic violence or dating violence. The person who has allegedly been subjected to sexual discrimination may also contact law enforcement and may seek an order of protection, no contact order, or similar order. The Title IX Coordinator will assist the person alleging to be subjected to sexual discrimination and the person alleged to have committed sexual discrimination with locating resources for counseling, medical treatment, legal advice, or other services.

Each campus within the Arkansas State University System provides educational materials and programs on sexual discrimination. Contact the Human Resources Department or Title IX Coordinator for information on awareness and prevention of sexual discrimination.

The University reserves the right to take those legally permitted supportive measures it deems necessary in response to an allegation of sexual discrimination in order to protect individuals' rights and personal safety. Such supportive measures include, but are not limited to: modification of campus living or employment arrangements; interim suspensions from campus following an individualized assessment that determines, based on the allegations, that the person accused of the sexual discrimination poses an immediate threat to the physical health or safety of another person; reassignment of class assignments; no contact directive or communications requirements; leave with or without pay; and, reporting the matter to law enforcement. Persons reporting allegations of sexual

discrimination must follow the Title IX Grievance Procedure, Student Conduct procedure, or Staff Grievance Procedure, as applicable.

Retaliatory Action is Prohibited

Retaliation against a person who files a charge of discrimination, participates in an investigation, refuses to participate in an investigation, or opposes an unlawful employment practice is prohibited by law and Arkansas State University. Any person who needs further explanation or who believes he or she has been retaliated against should contact the Human Resources Department.

Reporting Confidentially

You can seek advice from certain resources that are not required to tell anyone else your private, personally identifiable information unless there is cause for fear for your safety, or the safety of others. These are individuals who the university has not specifically designated as "responsible employees" for purposes of putting the institution on notice, other than in the stated limited circumstances. These resources include those without supervisory responsibility or remedial authority to address sexual discrimination, such as advisors to student organizations, career services staff, student activities personnel, support staff, and many others. If you are unsure of someone's duties and ability to maintain your privacy, ask them before you talk to them. They will be able to tell you, and help you make decisions about who can help you best.

Some of these resources, are instructed to share incident reports with their supervisors, but they will not share any personally identifiable information about your report unless you give permission, except in the rare event that the incident reveals a need to protect you or other members of the community. If your personally identifiable information is shared, it will only be shared as necessary with as few people as possible, and all efforts will be made to protect your privacy.

If one desires that details of the incident be kept confidential*, they should speak with on- or off-campus mental health counselors, on- or off-campus health service providers, or domestic violence/rape crisis resources who can maintain confidentiality. Campus counselors are available to help you free of charge, and can be seen on an emergency basis. Employees may access their Employee Assistance Program benefit through Human Resources. In addition, you may speak on and off-campus with members of the clergy and chaplains, who will also keep reports made to them confidential.

**Providers may be required to report certain felony incidents to law enforcement.

The Title IX & Institutional Equity Coordinator will notify the appropriate law enforcement agency of all reports of sexual assault, sexual violence, stalking, domestic violence or dating violence. The person who has allegedly been subjected to sexual discrimination may also contact law enforcement and may seek an order of protection, no contact order, or similar order.

Grievance Issues

The Title IX Grievance Procedure applies to allegations of sexual discrimination including sexual harassment, sexual assault, stalking, domestic violence, and dating violence, occurring in the United States and in an educational program or activity of any campus within the Arkansas State University System, which is made by a person participating in or attempting to participate in an educational program or activity of the campus.

University Procedures for Reporting Sexual Assault

Any employee, student, or visitor participating in or attempting to participate in an educational program or activity offered by Arkansas State University who believes he or she has been subjected to sexual discrimination should report the incident to the Title IX Coordinator utilizing the reporting form available on the Title IX web sites. Employees with supervisory responsibilities and university police personnel must report incidents of sexual discrimination either observed by them or reported to them to the Title IX Coordinator. In the event the sexual discrimination allegation is against the Title IX Coordinator, the report form should be submitted to the Office of General Counsel. Reporting may be done by telephone, fax, email, or a hard copy communication, and may be submitted during or outside of business hours. In order to ensure timely investigation and remedy, a Title IX grievance should be activated within sixty (60) days from the time the events leading to the complaint occurred, as delay in reporting impedes the ability to achieve prompt resolution. Reports of sexual assault, sexual violence, stalking, domestic violence and dating violence will be reported to law enforcement authorities.

Criminal investigations by any law enforcement agencies or investigations conducted under the Faculty, Staff, or Student Handbooks may occur simultaneously with a Title IX grievance.

The Title IX Discrimination Hearing Committee is composed of five (5) voting members, and one (1) ex-officio non-voting chair. A member of the Human Resources department or Human Resources' designee sits as an ex-officio, non-voting chair of the Title IX Discrimination Hearing Committee, making determinations of relevance, overseeing the orderly operation of the hearing, and offering technical assistance on procedural and policy matters. One (1) voting member of the Title IX Discrimination Hearing Committee shall be a student, one (1) shall be a faculty member, and one (1) shall be a staff member. One (1) voting member shall be selected so that his or her primary classification of student, faculty, or staff aligns with the primary classification of the Complainant, and one (1) voting member shall be selected so that his or her primary classification aligns with the primary classification of the Respondent. The Title IX Discrimination Hearing Committee shall have specific training on sexual discrimination under Title IX, and the Arkansas State University System Title IX policy and Title IX Grievance Procedure.

Title IX Coordinator's Response

- A. Upon receipt of a report of an allegation of sexual discrimination, the Title IX Coordinator will contact the person alleged to have been subjected to the sexual discrimination (hereinafter referred to as a "Complainant") within two (2) business days. During the initial contact, the Title IX Coordinator shall notify the Complainant of available supportive measures with or without the filing of a formal complaint, the process for filing a formal complaint, and the potential code of conduct violations for knowingly providing false information. If the Complainant decides to file a formal complaint, the Complainant must submit a written and signed statement of the facts surrounding the allegations sufficient to allow the Title IX Coordinator to determine whether:
1. the actions alleged to have occurred meet the definition of sexual harassment, sexual assault, dating violence, domestic violence, or stalking;
 2. the actions alleged to have occurred were perpetrated against someone who was engaged in or attempting to engage in an educational activity or program offered by the campus;
 3. the actions alleged to have occurred were perpetrated by someone who is a student or employee of the campus, if the person's identity is known;
 4. the acts alleged to have occurred took place against a person located in the United States; and,
 5. the acts alleged to have occurred took place in a location or under circumstances over which the campus exercises substantial control, including but not limited to on campus buildings, buildings owned or operated by registered student organizations, or during off campus class events.

The formal complaint may be submitted electronically or in hard copy format. If the Complainant determines that he or she does not wish to pursue a formal complaint, the Title IX Coordinator shall assist the Complainant with appropriate continued supportive measures, and shall make a determination as to whether or not, based on the information that the Title IX Coordinator has at that time, the Title IX Coordinator will sign a formal complaint. The Title IX Coordinator shall only sign a formal complaint over the objection of a Complainant in the event that, based on the available facts at the time, failure to do so would be clearly unreasonable and would amount to deliberate indifference.

- B. Following the receipt of the formal complaint, the Title IX Coordinator will send a Notice of Allegations to both the Complainant, and the person alleged to have perpetrated the sexual discrimination (hereinafter referred to as the “Respondent”). The Notice of Allegations will:
1. set forth the allegations outlined in the formal complaint;
 2. advise the parties on the Title IX Grievance Procedure, including their right to not participate;
 3. set forth the available supportive measures for the parties, which will be equitably available to each;
 4. outline the availability of and describe the informal resolution procedure;
 5. notify the parties that they have the right to have an advisor of their choice, who may but does not have to be an attorney, and that the advisor may attend but not directly participate in any meetings or interviews throughout the investigation;
 6. notify the parties that they are required to have an advisor for the purposes of the hearing, and the availability of an advisor to be provided by the campus in the event that either party cannot obtain one;
 7. state the standard of evidence used in the Title IX Grievance procedure is preponderance of the evidence;
 8. state that the parties each have the right to inspect, review, and respond to all information and evidence gathered, which will be presented to the parties promptly after its receipt by the Title IX Coordinator or investigator;
 9. inform the parties of the potential code of conduct violations that can be pursued in the event that a party knowingly gives false statements or evidence; and,
 10. state clearly that the Respondent is presumed “not responsible” unless and until there is a finding of responsibility at the conclusion of the hearing.
- C. Immediately following the issuance of the Notice of Allegations, the Title IX Coordinator will review the formal complaint to verify that the conduct complained of meets the definition of sexual harassment, sexual assault, domestic violence, dating violence, or stalking; that it occurred in the campus’s education program or activity; and, it occurred against a person in the United States. Following the verification of this information, the Title IX Coordinator will take one of the following actions:

1. If the allegations in the formal complaint fails to meet any of these requirements, it must be dismissed under the Title IX Grievance Procedure, but can be pursued under the Staff Grievance Procedure, or the campus's code of conduct. The parties will be notified simultaneously in writing of this action.
2. If the formal complaint meets the requirements, but: the Complainant requests in writing to withdraw the allegations or formal complaint; the Respondent is no longer enrolled or employed by the campus; or, specific circumstances prevent the Title IX Coordinator from gathering enough evidence to make a determination, the Title IX Coordinator may dismiss the Title IX investigation. In such an instance, the Title IX Coordinator shall notify both parties simultaneously in writing of the dismissal of the formal complaint, and the reason for the dismissal. Either party may appeal this dismissal to the Director of Human Resources. The appeal must be transmitted within five business (5) days of the issuance of the decision by the Title IX Coordinator. The Director of Human Resources shall review the decision, the rationale for the decision, and the appeal, and shall make the final determination as to whether the Title IX Discrimination Grievance shall be permitted to proceed to investigation, and shall transmit that decision, simultaneously and in writing, to both parties within five (5) business days of the receipt of the appeal.
3. If the formal complaint meets the requirements, and the investigation isn't dismissed as permitted in Section C.2., the formal complaint shall proceed to the investigation. If the formal complaint meets the requirement set forth in Section A. herein, the allegations of the formal complaint may only be addressed under the Title IX Grievance Procedure.

D. Within forty-five (45) business days after receipt of a formal complaint, the Title IX Coordinator, or investigator, will conduct a full and impartial investigation, considering all available inculpatory and exculpatory evidence, by: interviewing the complainant, the respondent, and any witnesses identified throughout the investigation; considering any expert testimony offered by either party; and, by reviewing any documentary evidence submitted by either party or obtained by the Title IX Coordinator or investigator.

The Title IX Coordinator or investigator will:

1. not seek or consider any evidence which is protected by a legally acknowledged privilege without the written consent of the party who holds the privilege;
2. not consider evidence of the Complainant's sexual history or predisposition, unless offered to prove that someone else committed the acts the Respondent is accused of, or specific incident between the Complainant and Respondent are offered to prove consent;
3. make no credibility assessments based solely on a party's status as a complainant or respondent;
4. provide any party requested to attend a meeting or interview with written notice of the day, time, location, invited participants, and purpose of the meeting or interview no less than two (2) business days in advance of the proposed meeting;

5. make ongoing determinations, throughout the investigation, regarding the appropriateness of available supportive measures, such as: suspension from employment with or without pay; suspension from classes following an individualized determination that based upon the allegations the Respondent poses an immediate threat to a faculty member, staff member, or student; issuance of a no contact directive to both parties; reassignment of job duties; counseling; campus escort services; increased security and monitoring certain areas on campus; or, changing class or classroom assignments. If immediate action is required, the Title IX Coordinator shall work with the appropriate administrator to implement supportive measures.
- E. After studying all the pertinent facts and documents, carefully examining any policies involved, and discussing the issue with the parties and witnesses, the Title IX Coordinator shall either:
1. propose an informal resolution procedure be utilized to the parties which, if accepted, shall be documented in writing, and, if successful, shall conclude the investigation, or, if unsuccessful, shall result in the investigation proceeding towards a formal hearing, with all informal resolution proceeding documents being maintained and submitted to the Hearing Committee: or,
 2. gather all evidence collected throughout the investigation that is directly related to the allegations in the complaint and simultaneously submit, in electronic or hard copy, it to the parties and their advisors, if any. The parties shall have ten (10) business days to review and respond to all evidence provided. The Title IX Coordinator or investigator will review and consider the response(s) of the parties before completing its investigative report. The investigative report shall be a formal written report which sets forth:
 - a. the timeline of the investigation, beginning with the formal complaint, and includes all notices given, meetings or interview conducted, and communications received;
 - b. the allegations contained in the formal complaint;
 - c. the evidence relevant to the allegations gathered throughout the investigation; and,
 - d. the specific form of sexual discrimination the Respondent is alleged to have engaged in.
- F. Following the completion of the investigative report, the Title IX Coordinator will simultaneously submit, in electronic or hard copy, the investigative report to both parties and their advisors, if any. Both parties shall have a period of ten (10) business days to review the investigative report before the hearing date. Both parties have the option to submit a written response to the investigative report. The investigative report and any written responses by either party shall be submitted to the Title IX Hearing Committee.
- G. Timelines may be extended by the Title IX Coordinator in extenuating circumstances and for good cause shown.

- H. Allegations of sexual discrimination which meet the requirements of a Title IX offense and which are made by a student against a staff or faculty member shall not be resolved by the informal resolution procedure.

The advisor will directly participate in the hearing, and question witnesses on the respective party's behalf. If either party is unable to obtain an advisor, the campus will provide a pool of advisors who have been trained on Title IX from which the party may select an advisor. A party who needs the campus to provide them with an advisor shall give notice to the campus no less than five (5) business days prior to the hearing so availability may be determined and the selected advisor can have an opportunity to review all relevant materials. If a party appears at the hearing without an advisor, and without having given notice of his or her need for an advisor, the campus will assign an advisor who is trained on Title IX, and who is selected by the campus based on availability. In the event that either party's advisor hinders the ability to conduct the hearing in an orderly fashion, that

advisor may be removed from the hearing by the Chair of the Hearing Committee, and shall be replaced by an advisor to be provided by the campus.

The entirety of the hearing will be recorded by the Chair of the Hearing Committee, and conducted in closed session. At the request of either party, or in the discretion of the Chair of the Hearing Committee, the parties may be located in separate physical locations, but by use of appropriate technology shall be able to simultaneously see and hear each other and the Hearing Committee, and be seen and heard by the Hearing Committee.

During the course of the hearing, the Hearing Committee will call the witnesses interviewed during the investigation for testimony, and each party's advisor shall be permitted to question those witnesses. Both parties shall be permitted to offer an opening statement, and to testify and offer witnesses, including expert witnesses, to testify. In the event that either party wishes to call witnesses, they will disclose the identity of the witnesses to the Chair of the Hearing Committee no less than two (2) business days prior to the hearing. The Chair of the Hearing Committee will notify each party of the witnesses the other party intends to call. Testimony shall be elicited through direct and cross-examination by both parties, acting by and through their respective advisors, and the Hearing Committee. In the event that a party or witness refuses to attend the live hearing and submit to cross-examination, that witness's previous statements will not be considered in making a determination of responsibility, and no inferences shall be drawn by the Hearing Committee based on the refusal to testify. Each party shall be permitted to present evidence for the Hearing Committee's consideration. All evidence collected by the Title IX Coordinator or investigator throughout the investigation will be presented to the Hearing Committee, and both parties shall have the right to utilize the evidence as part of their presentation to the Hearing Committee. Both parties shall have the opportunity to offer a closing statement.

Title IX Discrimination Hearing Committee Findings

Within twenty (20) business days of the conclusion of the hearing, the Hearing Committee shall issue a written decision which will be simultaneously sent to both parties and their advisors by the Chair of the Hearing Committee. The written decision shall include:

1. the timeline of the investigation, beginning with the formal complaint and including all notices, interviews, communications, and the hearing date;
2. the finding of facts from the evidence and testimony presented at the hearing in support of the determination regarding responsibility;
3. the Hearing Committee's determination regarding responsibility based on the preponderance of the evidence;
4. the rationale for the determination regarding responsibility, including the application and analysis of the testimony and evidence presented to the Hearing Committee to Title IX policy to the allegations contained in the formal complaint for each alleged violation contained in the formal complaint;

5. any disciplinary or remedial sanctions to be imposed, which may be up to and including suspension or expulsion, as appropriate;
6. a statement that each party has the right to appeal the decision of the Hearing Committee within five (5) business days on the bases of: procedural irregularity that affected the outcome: new evidence not reasonably available at the time of the Hearing Committee's determination that could affect the outcome; and/or, bias or conflict of interest on the part of the Title IX Coordinator, investigators, or Hearing Committee; and,
7. a statement that the standard of evidence used in the appeal shall be the preponderance of the evidence.

Title IX Discrimination Appeal Committee Procedure

- A. Either party shall have five (5) business days following the issuance of the Hearing Committee's written decision to submit an appeal. Either party may appeal on the basis of:
 1. procedural irregularity that affected the outcome;
 2. new evidence not reasonably available at the time of the Hearing Committee's determination that could affect the outcome; and/or,
 3. bias or conflict of interest on the part of the Title IX Coordinator, investigator, or Hearing Committee.
- B. The letter of appeal shall be submitted to the Chair of the Hearing Committee, and shall set forth the specific basis or bases for the appeal, and all facts, evidence, and a statement in support of the basis or bases of appeal.
- C. Any letter of appeal shall be transmitted to the other party by the Chair of the Hearing Committee, and that party shall have two (2) business days to respond, in writing, to the contents of the letter of appeal. Any response shall be presented by the Chair of the Hearing Committee to the appealing party, who shall have two (2) business days to respond. Any response by the appealing party shall be presented by the Chair of the Hearing Committee to the other party, who shall have two (2) business days to respond. The letter of appeal, all responses to the same, the Chair of the Hearing Committee's written decision, the Title IX investigative report, and the recording of the hearing (hereinafter referred to as the "Appeal Packet") will be presented by the Chair of the Hearing Committee to the Title IX Discrimination Appeal Committee for consideration.
- D. The Title IX Discrimination Appeal Committee shall be comprised of one (1) student, one (1) faculty member, and (1) staff member selected by the Chancellor or the Chancellor's designee. Each member shall have specific training on sexual discrimination under Title IX, and the Arkansas State University System Title IX policy and Title IX Grievance Procedure. No member of the Hearing Committee may serve on the Appeal Committee for the same formal complaint. The Title IX Appeal Committee shall convene in closed session to consider the Appeal Packet. The Appeal Committee shall use the preponderance of the evidence basis in making its determination on the basis for appeal.

- E. Within ten (10) business days of the receipt of the Appeal Packet, the Appeal Committee shall issue a written recommendation. The Appeal Committee can recommend either that:
 - 1. the bases of appeal are not supported by the Appeal Packet and confirm the decision of the Hearing Committee; or,
 - 2. the bases of appeal are supported by the Appeal Packet, and:
 - a. overturn the decision of the Hearing Committee, or
 - b. confirm the finding of the Hearing Committee but modify the sanctions or remedial measures ordered by the Hearing Committee.

- F. The written recommendation shall state the recommendation of the appeal, and the rationale for the recommendation. The Appeal Committee shall transmit its written decision to the Chancellor. The Chancellor shall have ten (10) business days to review the Appeal Packet and the written recommendation of the Appeal Committee, and issue a written decision accepting or rejecting the recommendation of the Appeal Committee. The Chancellor's decision is final.

Document Collection

When a Title IX discrimination grievance proceeding has been closed, all materials relating to that case shall be retained on file by the Title IX Coordinator for seven (7) years. Care will be taken to ensure that no incomplete or inaccurate information pertaining to the grievance is retained in the file. Title IX discrimination grievance proceedings are considered confidential and no person involved with the grievance may make the documents public except as required or permitted by law.

Federal Statistical Reporting Obligations

Certain campus officials have a duty to report crimes for federal statistical reporting purposes (Clery Act). All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses are given) for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime and to ensure greater community safety. Mandated federal reporters (Campus Security Authorities or CSAs) include: student conduct officials, Dean of Students office, campus law enforcement, local police, coaches (including part-time employees and graduate assistants), athletic directors, residence life staff, student activities staff, human resources staff, advisors to student organizations, Title IX & Institutional Equity Coordinator, coordinator of Greek affairs, director of campus health or counseling center, and any other official with significant responsibility for student and campus activities. The information to be shared includes the date, the location of the incident (using Clery location categories) and the Clery crime category. This reporting protects the identity of the victim and may be done anonymously.

Federal Timely Warning Reporting Obligations

Victims of crimes should also be aware that university administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a serious or continuing threat to members of the campus community. The university will make every effort to ensure that a victim's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger. The reporters for timely warning purposes are exactly the same as detailed in the above paragraph.

Title IX Coordinator Training

The Title IX & Institutional Equity Coordinator and Deputy Title IX Coordinators receive annual and ongoing training on the issues related to dating violence, domestic violence, sexual harassment, sexual assault, and stalking, as well as how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Bystander Intervention and Risk Reduction

Bystander intervention is the use of safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

There are several safe and effective options that a person can employ to intervene and stop inappropriate and potentially criminal behavior, including creating a distraction by using appropriate humor or interjecting in a conversation, directly confronting the potential perpetrator, or enlisting others to help intervene when you sense that someone may be at risk of harm. If you see or suspect that a crime has or is about to occur, seek help or call the police.

Individual preventative measures are risk reduction behaviors designed to decrease perpetration and bystander inaction and to increase empowerment for those who may be at risk. These measures promote safety and help individuals and communities address conditions that may facilitate violence. For instance, consider strategies for safety and accountability when planning activities or attending events with friends. Establish an agreement that no one will attempt to intimately engage with someone who may have over-consumed alcohol or other substances. If there is a possibility that you might be separated, agree to periodically check in with each other either in-person or via text message. You can also agree to not leave the event until everyone is accounted for and safe and that everyone will either leave together or continue to check in on anyone who remains at the event. If you become uncomfortable with a situation or the people involved, trust your instincts and take action or get help to increase your sense of safety and empowerment.

Bystander Tips

Some simple steps to becoming an Active Bystander

- Notice the situation. Be aware of your surroundings
- Interpret it as a problem. Do I recognize that someone needs help?
- Feel a responsibility to act. See yourself as being part of the solution to help
- Know what to do. Educate yourself on what to do
- Intervene safely. Take action but be sure to keep yourself safe

How to Intervene Safely

- Tell another person. Being with others is a good idea when a situation looks dangerous
- Ask a person you are worried about if they are okay. Provide options and a listening ear
- Distract or redirect individuals in unsafe situations
- Ask the person if they want to leave. Make sure that they get home safely
- Call the police (9-911 or 911) or someone else in authority or yell for help

Policy for Preparing the Annual Disclosure of Crime Statistics

The Clery Report is compiled by the Office of Student Conduct at A-State. Crime and arrest statistics for A-State are compiled by A-State University Police. Conduct referral statistics for Arkansas State University - Jonesboro are provided by the Office of Student Conduct. Every attempt is made to ensure that the information provided is accurate.

Arkansas State University Campus Security Policy and Campus Crime Statistics

Introduction

Arkansas State University Jonesboro is a state-supported institution of higher education with an enrollment of over 14,000 students, and employs approximately 1,500 faculty and staff. A-State is committed to providing a safe learning, working, and living environment for each of its members, visitors and guests. In compliance with the Student Right-To-Know and Campus Security Act, the following report states the university's campus security policies, current security programs, and crime statistics. The intent of this report is to increase the readers' awareness of security issues and to assist in the decision-making process regarding personal safety. Each year, the university will disseminate this information to all current students and employees, and upon request, will be provided to any applicant for enrollment or employment.

Reporting of Criminal Actions and/or Emergencies and Response

University Police is responsible for law enforcement, security, and emergency response at Arkansas State University. The responsibilities emerge from Act 328 of the 1967 General Assembly of Arkansas. The department is to enforce all federal, state, and local laws of its jurisdiction. The University Police Department is accredited through the Commission on Accreditation for Law Enforcement Agencies. The University Police street officers are on duty around the clock, 365 days a year. Each officer meets the requirements of ACT 452 of 1975 of the state of Arkansas as a certified law enforcement officer. University Police will respond immediately to any report of criminal actions or other emergencies.

All students and employees are encouraged to accurately and promptly report all crimes to campus police. The University Police Department can be contacted 24 hours a day, seven days a week by calling (870) 972-2093 (off campus) or 2093 (on campus). The Jonesboro Police Department, Jonesboro Fire Department, and ambulance service can be reached by dialing 9-911 from any campus telephone or 911 from any off-campus phone.

Access to Campus Facilities

Administrative/Academic Buildings

Most campus buildings and facilities are accessible to members of the campus community, guests and visitors during normal hours of business, Monday through Friday, and for designated periods of time on special events and occasions. Buildings may close earlier when classes are not in session, during holidays, between semesters, and on weekends.

Residence Halls

In traditional residence halls unlimited access is available to residents only through a staffed central entrance to each building. The remaining exterior doors to all residence halls remain locked from the outside twenty-four (24) hours a day. In upper-classman housing, visitation varies.

The entrance to Kays/University, Northpark Quads/Red Wolf Den, Pack Place, Greek Village, and The Circle parking lots are gate controlled. Only students residing in these complexes have access to the parking lots.

Residence Life's visitation hours as well as escort policies are established to ensure a safe environment. Visitation policies can be found in the student handbook at <http://www.astate.edu/a/student-conduct/student-standards/handbook-home.dot>.

Fraternities and Sororities

Fraternity houses are located both on and off campus. Through an agreement with the Jonesboro Police Department and the University Police, both departments patrol the off-campus fraternity locations. Five Sorority Houses house students on campus. Five fraternities and three religious student groups are recognized by the university maintain either a meeting or living facility on campus.

Any reports related to criminal activity associated with campus groups on or off campus are shared with University Police. This information is then shared with the Division of Student Affairs.

Maintenance and Security of Campus Facilities

Arkansas State University maintains a strong commitment to the safety and security of the campus community. Motor vehicle parking lots, pedestrian walkways and building exteriors are well lighted.

Surveys of exterior lights on campus are conducted on a periodic basis to determine the effectiveness of the lighting situation. Members of the campus community are encouraged to report any exterior lighting deficiencies to the University Police Department or Facilities Management. Campus lighting is monitored each night, and deficiencies are reported to Facilities Management, University Housing, or Parking Services. Exterior doors on campus buildings are locked and secured each evening, and rechecked periodically each night. Unsecured doors are reported on a daily basis to the building supervisor, and door and security hardware operating deficiencies are also reported by the officers to Facilities Management and to the building supervisor on a daily basis. University Police Department officers check exterior doors to ensure that each door and its locking mechanism are functioning properly. Each door on campus is cataloged and numbered to ensure quick and accurate response.

Parking lots and other areas of the campuses are actively patrolled.

Law Enforcement Authority and Interagency Relationships

University Police maintains a close working relationship with community law enforcement officers, county, state and federal law enforcement agencies. A-State's UPD are State Certified Officers. Regular meetings are held, both on a formal and informal basis, between these groups. Crime-related reports and data are routinely exchanged.

Accurate and Prompt Crime Reports

All students and employees are encouraged to accurately and promptly report all crimes to University Police. This can be done by calling 870-972-2093 and the dispatch officer will assist the caller in contacting the most appropriate officer. The importance of crime reports is emphasized at Security Awareness and Crime Prevention Programs listed in the programming section of this report.

Students wishing to report crimes on a voluntary and confidential basis can do so by using the form at <https://www.astate.edu/a/police/online-forms/silent-witness.dot>. Additionally, community members can use the QuikTip app on their I-phone or Android phone to report crimes on a voluntary and confidential basis.

Crime Reporting

1. Monthly/Annual Reports: Comprehensive monthly/annual reports of crime-related information are compiled. These reports assist the university in monitoring and upgrading security measures.
2. Special Alerts: If circumstances warrant it, special crime alerts are prepared and distributed throughout campus.
3. Incident Reporting: Crime-related incidents are reported daily to the Office of Student Conduct office with a view toward immediate corrective action.
4. Media: A crime report is made available to the student newspaper, The Herald, on the Jonesboro campus on a weekly basis.

Monitoring and Recording of Crimes at Off Campus Locations of Student Organizations

Crimes occurring at off-campus locations of student organizations recognized by the university are reported to local law enforcement agencies and to the University Police. As soon as practical, following any such incident, a copy of the incident report is obtained from the local law enforcement agency by the University Police. Immediate attention is given to each of these incidents.

Timely Notification Policy

In the event of a major crime incident occurring on the A-State campus or the surrounding area that will endanger or affect the campus community, the Chief of University Police, or their designee(s), will evaluate the circumstances and determine the need and manner for alerting the campus community.

The mode of notification will vary depending on the particular circumstances of the crime, or other emergency. One or more of the following communication tools will be used to notify students, faculty and staff:

- Text message through the emergency alert system
- Messages on Telephones through the Cisco Phone System
- Alerts on the A-State Website
- Signage placed in and around buildings
- Emails to A-State email addresses
- Media alerts

If a problem appears to be confined to a building or group of buildings, notification will generally occur through posting flyers in the affected area. If the buildings identified in this case are residential, University Housing Staff may notify their students through hall meetings or word of mouth in addition to the postings.

Sex Crimes Prevention Act

In response to the Campus Sex Crimes Prevention Act (Public Law 106-386), institutions of higher education are required to advise the campus community where law enforcement agency information provided by the State concerning registered sex offenders may be obtained.

Registered Sex Offender Policy Statement

Sex offender registrations are handled through the Jonesboro Police Department. The University Police Department receives notifications when any sex offender moves to areas near campus. Members of the public may view the current sex offender registry by visiting www.acic.org. A direct link to this site can also be found on the homepage of the University Police Department's website.

Missing Student Procedure

Rationale

In accordance with Section 485 of the Higher Education Act (HEA), every institution of higher education that provides on-campus housing must implement a missing student notification procedure for those students residing in on-campus housing.

Procedure for Informing Students

As part of the electronic application process, students will designate a confidential contact to be reached in the event the student is considered to be missing. Students may, at any time, change this information on-line. If the student is under the age of 18 and is not an emancipated minor, the confidential contact must be the student's parent or legal guardian. Students 18 years and older may designate the contact of their choice. During the first-floor meeting of the fall semester or as part of the check-in process, Resident Assistants (RAs) will review the Missing Student Procedure with new students. During the first week of the spring semester, the RA will meet with all new students to review the Missing Student Procedure.

Procedure for Determining if a Student is Missing

For purposes of this procedure, a University residence student may be considered to be a "missing student" if the person's absence is contrary to their usual pattern of behavior without explanation. For example, a student who typically stays on campus during weekends should not be considered missing if he/she has informed others of a weekend trip off campus. However, the unexplained absence of a student expected to be on campus triggers the Missing Student Procedure. Any person believing that a student is missing should report to University Housing.

If a student is reported missing to a University Housing staff member, the staff member should be sure to obtain the reporting person's name, relationship to the student, and contact information where the reporting person can be reliably reached. The staff member should obtain local directory information about the missing student and immediately notify the missing student's residence hall director or the staff member on call.

The Residence Education Coordinator/Associate Director should refer to the Reported Missing Student Checklist and contact the reporting person to obtain the additional information needed. If the Residence Education Coordinator/Associate Director determines at any point there is a credible threat to the well-being of the student reported as missing, the Residence Education Coordinator/Associate Director should call University Police and make a report to supervisory staff. The Residence Education Coordinator/Associate Director should then proceed to contact known student friends/relationships, beginning with roommates/suitemates, and the missing student's Resident Assistant. The Residence Education Coordinator/Associate Director should also use direct and indirect methods of leaving messages for the student to make contact immediately. The purpose at this point is to determine if the student is truly missing or has simply failed to make the desired contact with the reporting person. If the student is located or is determined not to be missing, the student should be advised to contact the reporting person. The Residence Education

Coordinator/Associate Director may also contact the reporting person and relay that the student is not missing and has been asked to contact the reporting person.

If pursuing known contacts has not resulted in locating the student, the Residence Education Coordinator/Associate Director should contact the Associate Director, who will then contact the Director of University Housing. The Director of University Housing will then notify the Vice Chancellor of Student Affairs/Dean of Students. The Vice Chancellor of Student Affairs/Dean of Students is responsible for reporting all obtained information. University Housing Staff will follow verbal notification with an Incident Report (IR). The contacted individuals may then authorize one or more of the following measures to determine recent activity by the student reported as missing:

- Building card reader access report
- Meal plan access report
- Class attendance
- Social Networking activity on sites such as Facebook
- In-plain-sight examination of room to see signs of recent use or planned departure
- Location of vehicle

If the results of these activity measures suggest that the student is indeed missing and unaccounted for, the contacted individual will file a police report with University Police to request law enforcement investigation. All information obtained about the missing student through investigation should be shared with the University Police.

If University Police determine that a student for whom a missing person report has been filed has been missing for more than 24 hours, then within the next 24 hours, they must: Notify the individual identified by the student to be contacted in this circumstance. If the student is under 18 years old, notify a parent or guardian

Notify Regional Law Enforcement

Contact area hospitals and local detention facilities

Send e-mail to students, faculty and staff that student is missing with pertinent information and photograph if available

University Communication of a Missing Student

In cases involving missing student residents, all inquiries by media or the public regarding missing student residents shall be referred to University Relations. All public statements will be coordinated through University Relations.

As part of the electronic housing application process, students will designate a confidential contact to be reached in the event the student is considered to be missing.

Withdrawal from the University

Students may withdraw from the university using Self-Service at any time during the scheduled registration periods. Students withdrawing from the university after Sunday of the first full week of classes in a Fall or Spring semester or Friday of the first week of classes in a five-week Summer term must obtain an Application for Withdrawal from the Advisement Services Office located in the Wilson Advisement Center.

Students receiving Financial Aid must obtain an approval signature from the Financial Aid Office. The withdrawal process is complete when the form is accepted and signed by Advisement Services in the Wilson Center for Academic Advisement. This process must be completed two weeks prior to the first day of final examinations during Fall and Spring semesters. Academic Affairs will identify appropriate deadlines for other semesters (Interims, Summer, Half Sessions).

Grades earned in courses completed prior to official withdrawal from the university (i.e., short courses) will not be affected by that withdrawal. Classes that have been withdrawn will remain on the student's transcript with a "W" grade for withdrawal. Once the withdrawal process is complete, the classes withdrawn will not affect the student's GPA.

Students who cease to attend classes without processing an official withdrawal or who do not complete the withdrawal process will automatically receive an "F" in all courses in which they were enrolled.

Student Records and Privacy Policy

1. Purpose

Arkansas State University will comply with the Family Educational Rights and Privacy Act (FERPA)

2. Definitions

Arkansas State University:

Arkansas State University (ASU) means all the campuses within the Arkansas State University System, now and in the future.

Student:

Education Record:

Education records are those records, files, documents, and other materials which contain information directly related to a student and are maintained by ASU or a person acting for ASU.

Directory Information:

Directory Information is designated to be the student's name; local and permanent physical addresses; electronic mail addresses; telephone listings; photographs and electronic images; date and

place of birth; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; and the most recent previous educational agency or institution attended by the student.

3. Arkansas State University Family Educational Rights and Privacy Act Policy

The Family Educational Rights and Privacy Act requires that institutions of higher education strictly protect the privacy rights of all students who are or who have been in attendance. Information contained in the student's education records can be shared only with those persons or entities specified within the Act. The law also provides that students have the right to review their education records for the purpose of making any necessary corrections. The Office of the Registrar maintains a copy of the full text of FERPA, posts electronic information on FERPA, and processes all FERPA requests and challenges. Arkansas State University will utilize the following process to implement the provisions of the Family Educational Rights and Privacy Act.

4. Process

A. Disclosure of Education Records

I. Disclosure with Student Consent:

A student may consent in writing to disclosure of education records. The student's written consent must be signed, dated, and specify which records are to be disclosed, to whom, and for what purpose. The consent must be delivered to the office of the Registrar. The student may retract the consent in writing at any time. Proper proof of identity may be required by the Registrar's office before consent is retracted.

II. Disclosure without Student Consent:

ASU may disclose education records without the student's written consent to any school official within the institution with a legitimate educational interest. School officials include administrators, supervisors, faculty members, instructors, support staff, members of the Board of Trustees, persons with whom ASU has contracted for special tasks (e.g. National Student Clearinghouse), and university committee members. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. School officials of ASU are considered to be within the institution for the purposes of FERPA and may exchange education records without student consent so long as they have a legitimate educational interest.

Disclosure without student consent may also be made to other persons and entities as allowed by FERPA.

Faculty sponsors of registered honor societies may have access to student education records for the sole purpose of determining eligibility for membership on the basis that they are acting in an official university capacity that is integral to the educational function of ASU.

The parents of students may exercise rights under FERPA if the student is claimed as a

dependent by the parents for income tax purposes. Dependency must be proven by submission of a copy of income tax returns.

B. Disclosure of Directory Information

Directory information may be disclosed to any person or entity without student consent unless the student submits a completed request for non-disclosure of directory information form to the Office of the Registrar. If a student elects not to allow disclosure of directory information, ASU cannot share information regarding the student with any person or entity including prospective employers, licensing agencies, government agencies, the media, and others. The student may retract the directory information non-disclosure in writing at any time. Proper proof of identity may be required by the Registrar's office before the directory information non-disclosure is retracted.

A-State utilizes all campus databases to collect and update student contact information to ensure that our internal directory information has the most recent and accurate information possible in order to conduct university business. A-State will use this information for internal purposes and will not disclose this information to any outside source. However, that student contact information which is designated as directory information can be shared with outside sources if requested. If you would like to opt out of the disclosure of your directory information, please complete the form.

C. Inspection, Review, and Correction of Education Records

Students have the right to inspect and review their education records except for specific exclusions contained within the Family Educational Rights and Privacy Act. A student should contact the Office of the Registrar to arrange for inspection, review, and correction of an education record. The Registrar may charge a fee for copies of any education records.

Emergency Notification Policy

Arkansas State University (A-State) will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

The University Police Department is the designated central warning point for A-State. All emergencies should be reported to UPD. The primary means for public dissemination of emergency and/or warning information available to UPD include:

- Emergency Notification System Texts
- Emergency Notification System Emails
- Campus Outdoor Warning System

When a warning or watch for a hazard is identified via a warning point, the University's Warning Point Operator will complete the following:

- Acknowledge receipt of a warning or watch as it was received via the warning point
 - Repeat the information back as it was provided
 - Provide identification or call sign
- Notify locations and persons listed in the A-State EOP Appendix A.4 Warning Point Notifications by any means available
- Communicate warning to students, faculty, and staff to turn on their radios and/or televisions for instructions
- Terminate any type of warning via radio or telephone to those who received the original message

The Office of Marketing and Communications is responsible for releasing all information to the media and other outlets. Upon receipt of warnings using the channels above, Marketing & Communications Office will also issue warnings via Web site and social media:

- A-State Web site (<http://www.astate.edu>) for releasing emergency information on and off campus through either a trailer at the top of the screen or collapsible full screen alert
- A-State Facebook page (<https://www.facebook.com/ArkansasState>) for releasing emergency information on and off campus through status update
- A-State Twitter feed (<https://twitter.com/ArkansasState>) for releasing emergency information on and off campus via Tweet

The following outlines actions for the university's Internet Communications division:

- Acknowledge receipt of a warning or watch as it was received via the warning point and/or PIO
 - Repeat the information back as it was provided
 - Confirm level of alert to be deployed

- Communicate warning on primary university website
- Communicate warning on primary university social media accounts
- Begin monitoring Internet traffic regarding the emergency. Capture and save screens or text related to emergency and relay information as needed
- Respond as appropriate to convey approved messages to general public on official social media accounts
- Record interactions through social media
- When directed from the WP and/or PIO, communicate stand down or all clear messages via website and social media accounts

A-State will disseminate emergency information to the public via the following methods:

- 91.9 FM KASU
- ASU-TV for disseminating information directly on SuddenLink Channel 18 in Jonesboro

Emergency alerts and notifications are issued for situations such as: a Declaration of Campus Emergency, a Declaration of Campus Closure, an evacuation, and/or sheltering order, and for shelter-in-place procedures.

Emergency Procedures

Arkansas State University (A-State) is committed to protecting the safety, security, and welfare of its campus, farm, and community members. The A-State Emergency Operations Plan (EOP) was developed to provide the Jonesboro campus a means to mitigate, prepare for, respond to, and recover from emergencies. The community can view the full public version of the plan here: <http://www.astate.edu/a/ehs/emergency-services/files/eop.pdf>.

The University Chancellor or their designee, and the USEM Coordinator, is authorized to order activation of the EOP, or any portion thereof, as required:

- To provide increased readiness in the event of an impending threat, emergency or disaster, and;
- To address all threats, emergencies, or disasters that may impact the A-State campus

The EOP will be activated by:

- The notification of an “Emergency Activation” from the Chancellor or appointed representative/designee
- Authorization of the USEM Coordinator as necessary

During the impact of a disaster, law enforcement personnel will keep the appropriate administration informed of the scope of the damage and areas being affected. Law enforcement personnel involved in critical incidents become disorder managers, where prompt capacity to adapt, plan, and react, with or without the presence of agency management, is necessary. With this in mind A-State and its police department have adopted an Incident Command System (ICS) for operations management.

The University Police Department recognizes the possibility of altering traditional management concepts and normal job functions in times of emergency in order to support the extraordinary tactics and decisions that must be made by first responders when protecting lives, confronting active threats, and achieving recovery. In such cases the department will utilize and implement the ICS when needed to maintain order and assist in necessary recovery efforts. Selective application of various protocols, professional maturity, application of sound law enforcement protocols, selfless conduct, problem solving capabilities and emotional resilience are concepts that bring about control of major incidents.

When a warning has been issued affecting the A-State campus, the UPD will assist in opening shelters on campus. Upon impact of a man-caused disaster, the law enforcement service will assist in providing warning to the population in the affected area. Activities will be coordinated with other functional areas required for emergency operations.

Evacuation Procedures

A campus-wide evacuation may be ordered by off-campus authority or ranking university police officer on duty. The UPD will use their public address system as described above to order an evacuation. Evacuation information will also be broadcast on the traditional and social media platforms listed above.

An evacuation of a building is used to move persons out of a building to avoid a potentially threatening situation. Upon the sounding of the fire alarm or notification by the campus Warning System, or upon direction of the UPD/emergency services personnel, all occupants will evacuate a building and proceed immediately, in a calm and orderly manner, to the designated Emergency Evacuation Checkpoint at least 300 feet away from the facility. A list of Emergency Evacuation Checkpoints for each building can be found on page 12 of the Emergency Procedures Handbook, at the following web address: <https://www.astate.edu/a/ehs/emergency-services/files/eph.pdf>

In some instances, the best action may be to Shelter-in-Place during an accidental or intentional release of hazardous chemical or biological agents in the area.

- The UPD and local emergency services are to use every means available (email, A-State website (<http://www.astate.edu>), telephone, KASU and local radio and television stations, and the Campus Outdoor Warning System) to advise the university Community of imminent dangers
- Ensure the HVAC for the building is shut down – Call Facilities Management if needed.
- The Facilities Management Department will turn off all main air handlers and exhaust systems
- Do not use the elevators. Elevators can become stuck when air handlers are turned off.
- Seek shelter on floors above ground level and in the interior part of the building, in an area with the least amount of windows and doors
- After everyone has settled, use material such as plastic and tape to seal doorways
- Use phones only for an emergency. Overuse of phones, including cellular, can overburden the system and delay emergency calls
- Wait for further instructions from the UPD or other emergency personnel

- Once the emergency is over you will be instructed to evacuate the building until it has been properly ventilated for any remaining hazards

Tests of Emergency Procedures

A-State has adopted the National Incident Management System (NIMS) for emergency response to disasters on campus. The Office of USEM maintains the A-State Emergency Operations Plan and NIMS training records for the university. Departmental employees across campus hold integral posts within the Emergency Response Team.

With support and guidance from UPD and USEM, departments and building safety committees are encouraged to use the Emergency Procedures Handbook as a basis for department and/or building-specific emergency plans, which serve as supplements to campus emergency procedures. These planning activities are designed to familiarize campus personnel with existing emergency plans, ensure consistency across supplemental plans, and establish a schedule to test the plans. Information about these tests are publicized via A-State Daily Digest to all university email accounts.

At a minimum, A-State will perform a review of its EOP annually to ensure it remains current, make revisions if required, and formally adopt revisions. Each department is responsible for the review and revision of their respective plans at least annually or as specified in their plans. Drafting the EOP is a community effort and relies heavily on the administrators and experts in the community to provide comprehensive guidance on hazard analysis, exercise design, evacuation planning, emergency management, mitigation, recovery, emergency preparedness, and educational awareness.

The USEM Coordinator will coordinate with emergency response organizations/officials to ensure the development and maintenance of an appropriate emergency response capability. It is the responsibility of the USEM Coordinator to ensure that the EOP is tested and exercised on a scheduled basis. The USEM Coordinator will maintain the exercise schedule and assure that the appropriate resources are available to complete these activities. After each exercise, an After-Action Report (AAR) will be developed. Any findings from post-event reviews, hot washes, and debriefings will be analyzed and incorporated as deemed necessary into a revised EOP.

The university publishes the A-State Emergency Operations Plan on its website, along with a quick-reference Emergency Procedures Handbook. Both can be found at: <http://www.astate.edu/a/ehs/emergency-services/>. Updates to these documents are made according to exercises, activations, and their follow-up activities such as hot washes and after-action reviews. In addition to publication on the website, a hard copy of the Emergency Procedures Handbook is available in student services and other departmental offices on campus. The university publicizes all major drills and exercises on campus, including their purpose and implications for campus activities and emergency planning, in advance through the A-State Daily Digest email to all campus email accounts. AARs for all exercises, regardless of scale, are also publicized using the A-State Daily Digest email.

The university tests the campus emergency alert system monthly. This includes a text to all cell phones in the university system and all university email accounts, and clearly states the messages are tests. While the text provides basic information due to character limitations, the email includes a

safety tip that is aimed at addressing common safety issues on campus. Safety tip topics include, but are not limited to, stressing the importance and responsibility of securing exterior access doors, resources to help students communicate their physical address in an emergency, and announcements on upcoming safety training sessions. UPD uses one safety tip in conjunction with each monthly test of the emergency alert system, to direct users of university email accounts to resources on immediate actions to be taken in an emergency as described in the A-State Emergency Procedures Handbook. The web address for the Emergency Procedures Handbook is provided at the bottom of all emergency alert emails.
