Study Abroad Policies

Students can study abroad for a semester, an academic year or during a break between semesters. Students wishing to study abroad must apply through the Study Abroad Office and receive approval from that office for participation.

Approval:

- Students must choose a program from the list of approved programs in order to be approved and registered for study abroad. The pre-departure forms must be completed and submitted during the semester prior to departure. If the forms are not submitted, the student will not be registered for study abroad and will risk their enrollment status with A-State.
- Students wishing to study through a program that has not previously been approved by A-State must have the program approved before studying abroad in order to receive credit for their work.
- Travel Warning and Waiver:
  - It is the standard policy of A-State to not approve current A-State students to study in a location that has a U.S. Department of State Travel Warning in effect. This decision can be petitioned to be waived, and the petition can be reviewed on a program-by-program basis for programs, and on a student-by-student basis for independent programs.
- Eligibility:
  - Students are eligible to study abroad during their sophomore and junior years. A senior may be approved to study abroad if the department chair over their degree program approves the program of study to include a portion of the final 30 hours of coursework at A-State.
    - Freshman students are not eligible to study abroad during the first academic year, but are eligible to participate in summer programs.
    - After the completion of one full semester, transfer students will be eligible to study abroad.
  - Every student applying to study abroad must meet specific requirements and deadlines to be eligible to participate in a study abroad program.
    - Requirements:
      - Minimum cumulative GPA of 2.5 or higher at the time of application
      - Good academic standing and satisfactory academic progress toward a degree at A-State
  - Disciplinary Violations
    - Students involved in a disciplinary hearing with the Student Conduct Office may not be eligible to participate in a study abroad program. Please speak with the Director of Study Abroad to determine your current eligibility.
Required Forms:

- Students planning to study abroad must complete the Study Abroad Pre-Departure Packet (consisting of the forms listed below) and submit the required pre-departure forms during the semester prior to departure to the Study Abroad Office. These forms are required of all participants in order to be registered for study abroad, receive any available financial assistance and obtain academic credit for the coursework to be completed abroad. These forms include:
  - Deposit and Acceptance Confirmation Form
  - Study Abroad Course Approval Form
  - Assumption of Risk and Release Form
  - Financial Planning Worksheet
  - Flight Information Form
  - Copy of photo page of passport (passport must be signed)
  - Health Disclosure and Medical Approval Form
  - ISIC Application Form

Pre-Departure Orientation Attendance

- To be successful while studying abroad, preparation is key. To assist with this preparation, there will be a mandatory orientation session during the semester prior to studying abroad. The orientation will address issues of academic, cultural, logistical, financial and personal preparation, as well as health and safety. Failing to attend the mandatory orientation will result in dismissal from the program, however any financial losses incurred by the dismissal, including program fees and international airfare, are the student’s full responsibility.
  - However, students will be given one chance to set-up an individual make-up orientation session in the event they cannot make the main session due to an excusable absence. An excusable absence for an orientation session is the same type of absence that is excused for regular courses at A-State.

Credit and Course Approvals

- The Study Abroad Course Approval Form must be used by students to obtain signature approval for courses they intend to take in their study abroad program. This form is not required for students attending faculty-led programs that are designed for a specific course.
- Students on A-State programs will receive A-State grades and credits for all approved courses taken while abroad.
- When filling out the Study Abroad Course Approval Form, students should request approvals for more courses than their schedule will hold in order to cover any situation where a substitution would be required due to a class being full or unavailable upon arrival. If courses are changed while overseas, and the new courses have not been
approved by A-State faculty prior to departure, the course MAY NOT BE ACCEPTED upon return.
  o On the form, be sure to include the exact course title and course number from the abroad provider or institution, as well as the A-State equivalent course information and a signature from personnel in the appropriate department.
  o Your study abroad course credit will not added to your A-State transcript until all course approvals have been submitted.

• To receive credit for courses taken abroad, participants must submit the following items to the Study Abroad Office:
  o Completed Declaration of Intent to Study Abroad
  o Course approval for each course taken abroad
  o Official transcript upon completion of the program *

• Study abroad courses may not be taken on an audit or pass/fail basis.

Payment
• Study abroad program costs are billed through your A-State student account and are due at the same time as regular semester fees.
  o There is a $50 application fee that is non-refundable.
  o However, a $500 deposit is due upon application.
  o If you are not accepted into a program, your deposit will automatically be refunded.

Cancellation
• On the first day of early registration the semester prior to departure, the $500 deposit paid upon application becomes non-refundable. If a student cancels on or after this date, he/she may also be liable for any costs incurred on their behalf by A-State or the study abroad provider or international institution, which may include up to the total program cost. If a student has an outstanding balance, the refund will first be applied to that outstanding balance. If there is no outstanding balance, the refund will be sent to the student, as described in the next point.
• Cancellations must be submitted in writing to the Study Abroad Office. Approved refunds will be processed through the Treasurer’s Office. Refunds will only be made to

*The Official transcript must be in a sealed envelope from the study abroad program or university abroad, and it must be sent directly to the Study Abroad Office. Transcripts opened by the student, faxed copies of transcripts and unofficial transcripts will not be accepted.

Mail to:
Study Abroad Director
Arkansas State University
P.O. Box 1320
State University, AR 72467
the person who paid the deposit. If you paid the deposit by cash or check, you must call the Treasurer’s Office to request a refund check: otherwise, the funds will remain on your student account. If you paid the deposit by credit card, the refund will be credited back to the card.

- No request for refund will be considered after the start of the program abroad.

### Financial Aid/Scholarships

- All scholarship and financial aid awards from A-State are applicable to A-State-approved study abroad programs. Federal financial aid may be used for non-A-State study abroad programs if a contract exists between A-State and the sponsoring organization.

### International Insurance

- The cost of a study abroad program offered through A-State includes mandatory international health insurance coverage. The coverage will begin on the first day of the program and ends on the last day of the program. The policy selected by A-State is a uniform policy that is specifically designed for students who are studying abroad and to help provide them with insurance worldwide. While some programs may require additional insurance policies, students will not be exempt from the A-State policy. Many times those policies are national plans that do not cover students when they travel to other countries, nor do they include important features such as emergency evacuation.
  - Students are required to maintain health insurance valid in the U.S. while they are abroad. The international health insurance policy covers students ONLY while they are outside of the United States, and the policy terminates upon return to the United States.
- Claims not covered by the insurance policy will not be covered by Arkansas State University. That includes claims for: loss of property, theft of property, damage of property, etc.

*Policies adapted from policies from Butler University and Elon University, with their permission.*
