- Username (firstname.lastname)
- Password
- PIN (for the Housing prepayment)
In the username box, you will type your first name followed by a period and then your last name. There is no Capitalized letters or any spaces. Your password will be the one that you have made for your account EXAMPLE: john.doe
Once in your MyAstate, scroll until you see the “Housing” tab and select it. It will then bring you to the Housing Application.
Here is the Application Homepage. This is where you will apply for your specific housing.

- For Fall and Spring- Select the Academic Year Housing tab to start your application
Here is the start of the Academic Year Housing Application. To Begin this application, select APPLY
This is the welcome page of the application. Select “Save and Continue” to begin the Demographic Information section of the Housing Application.
The demographic information is general information about who you are.
The ending information is very crucial to your application. This allows you information about any special accommodations for your housing experience. If you need an accommodation, Emotional Support Animal, or any other service, you will check the box.
Profile Information

The profile information is information about your interests and will be used to help you find your perfect roommate.
The next section is Special Interest housing. The information in this section describes the unique living experiences of students with similar interests of other students and given programs. Read through all of these and see if you qualify for these housing options.
Here you will select the Special Interest options that you were interested in.
As a current student not residing in first year living, you have the option of renewing/reclaiming your current room for the next academic year. For example, if you live in Pack Place for the 2019-2020 year you can reclaim that space for 2020-2021 academic year. The selection box will have either Yes or No.
In this section, you will be able to search for a roommate, roommate group, or make your own roommate group and invite the people you would like to live with, if they are available to room with you.

You first want to make a group. The group leader for First Year Students should be the person who has made the $100 housing prepayment the earliest. The earlier you make it, the earlier your time slot will be.
In the Room Selection tab, you will be able to select your desired room. The next slide will show you which places you can live at.

After you have selected a building, you will next select a room. The rooms that will be shown are the ones available to you and your group. If you do not see any rooms, consider a different building or change your group size to find a room.
The group leader will assign the beds of the room for each person in the roommate group. If there are 4 people in your group, there will be 4 beds to assign your roommates same thing for 3,2, and 1 like shown.
This page will show you your room confirmation. If everything looks good, select save and continue.
In this section, you will select the meal plan of your choosing.

After your first year of living at Arkansas State University, you will have access to all meal plans. If you live in the apartments after your first year, you are not required to have a meal plan because there are kitchens in all of our apartments.
Here you will sign your housing contract. Please read all five pages so you are aware of what you are signing. This is a legally binding contract stating that this is your lease for the entire academic year.
