MESSAGE FROM THE PRESIDENT

December 5, 2025

Fiscal Year 2025 was another successful year for the Arkansas State University System. The annual consolidated financial report that follows presents the results of our accomplishments.

Enrollment during Fall 2024 was 28,207 compared to 26,114 for Fall 2023. During Fiscal Year 2025, 11,864 certificates and degrees were awarded to our students compared to 11,187 during Fiscal Year 2024.

The ASU System and our institutions are committed to growing and building a better future for all stakeholders, including students, faculty, staff, and the communities we serve. Arkansas State University broke ground on the Windgate Hall of Art and Innovation and the College of Veterinary Medicine, while ASU Three Rivers finished construction of a new nursing building. Henderson State University began renovations to Russell Fine Arts Center, Mooney Hall, and Smith Hall. ASU-Mountain Home received a donated commercial grade extruder to strengthen hands-on learning opportunities in advanced manufacturing and industrial technology. Several campuses were awarded Higher Industry Readiness through Educational Development (HIRED) grants. ASU Mid-South was awarded funding as part of a larger grant to the Arkansas Delta Training and Education Consortium (ADTEC) to increase training capacity in the areas of automation and distribution, ASU-Beebe will establish the Arkansas AgriSmartIQ Focus Center for precision agriculture, and ASU-Newport will focus on stacked credentials in the areas of advanced manufacturing, food processing, and steel production.

State appropriation revenues for Fiscal Year 2026 are expected to decrease slightly from the Fiscal Year 2025 levels. The levels vary from year to year due to the performance-based funding model. We remain confident that we will be able to maintain our current funding levels, contain costs, and continue to provide excellent education opportunities.

We will remain focused on seeking innovative strategies that allow us to provide transformative educational experiences for our students and to serve our state and each of our local communities.

Sincerely,

A handwritten signature in black ink, appearing to read "Brendan B. Kelly".

Brendan B. Kelly, Ph.D.
President

Vision, Mission, and Goals

Vision Statement

The Arkansas State University System will create better educated citizens prepared for a global and technological society by providing quality undergraduate and graduate education, useful research, and dedicated public service.

Mission Statement

The mission of the Arkansas State University System is to contribute to the educational, cultural, and economic advancement of Arkansas by providing quality general undergraduate education and specialized programs leading to certificate, associate, baccalaureate, masters, professional, and doctoral degrees; by encouraging the pursuit of research, scholarly inquiry, and creative activity; and by bringing these intellectual resources together to develop the economy of the state and the education of its citizens throughout their lives.

Each component of the Arkansas State University System will be characterized by:

- A supportive learning environment; personal development, leadership, and service opportunities; and facilities, technologies and support necessary to meet the needs of students, faculty, and staff;
- Instructional technologies, student support services, and on-line and distance education to advance the purposes of teaching and learning;
- A commitment to sharing human, physical, information, and other resources among system components, and with state agencies, schools and higher education institutions, to expand and enhance programs and services available to the citizens of Arkansas.

Goals Statement

The Arkansas State University System will ensure access to academic excellence and educational opportunities for Arkansans and all students who enroll in its component institutions by:

- Expanding participation through increasing access, improving service to non-traditional students, expanding use of distance education, and describing the advantages of continuing education.
- Increasing academic productivity through improved recruitment, increased retention, accelerated graduation, expanded continuing education opportunities, and advanced technologies.
- Producing graduates who are intellectually and ethically informed individuals with skills and knowledge to be capable of leadership, creative thinking, and being contributing citizens.
- Creating and disseminating new knowledge through research and investigation.
- Emphasizing the recruitment, hiring, and retention of the best possible faculty, staff, and administration.
- Expanding Arkansas's economic development by providing needed graduates, offering appropriate academic programs, marketing the system and its components as economic assets of the state, supporting research, and commercializing ideas and discoveries.
- Increasing, diversifying, and strategically allocating resources.

In meeting these goals, the Arkansas State University System will hold itself accountable to the citizens of Arkansas for the effective and efficient use of every available human and material resource on behalf of the state and its people.

501 Woodlane, Suite 600 | Little Rock, AR 72201 | o: 501-660-1000 | f: 501-660-1010

LETTER OF TRANSMITTAL

December 5, 2025

To: President Brendan Kelly,
Members of the Board of Trustees,
Residents of the State of Arkansas

I am pleased to present the Annual Comprehensive Financial Report of the Arkansas State University System for the fiscal year ended June 30, 2025. This report is presented on a consolidated basis and reflects the consolidation of the assets, liabilities, deferred inflows, deferred outflows, net position, and financial activities of the campuses of the Arkansas State University System, including Arkansas State University in Jonesboro, Henderson State University, ASU-Beebe, ASU Mid-South, ASU-Mountain Home, ASU-Newport, and ASU Three Rivers. Combining exhibits are presented as supplementary information.

The responsibility for the accuracy and reliability of the information contained in this report lies with management. The financial statements are presented in accordance with generally accepted accounting principles. The ASU System's accounts are maintained using the principles of accounting applicable to public colleges and universities as established by the Governmental Accounting Standards Board. Because the cost of internal controls should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance the financial statements are free of material misstatements. Arkansas Legislative Audit has conducted an independent, external audit of the financial statements, management's discussion and analysis, and accompanying footnotes and its unmodified opinion is included herein.

Management's discussion and analysis (MD&A) are included in this report preceding the basic financial statements. This section of the Annual Comprehensive Financial Report is intended to assist readers in gaining an understanding of the ASU System's financial activities and position for the fiscal year ended June 30, 2025.

Arkansas State University System Profile

Arkansas State University began in Jonesboro in 1909 as a state agricultural school. Arkansas State University in Jonesboro was granted university status by the Arkansas General Assembly in 1967.

Arkansas State University-Beebe began in 1927 as Junior Agricultural School of Central Arkansas. In 1967, the campus became Arkansas State University-Beebe.

Effective July 1, 1995, Arkansas State University began administrative operations at the Mountain Home campus.

In 1975, the Arkansas General Assembly established the White River Vocational Technical School at Newport. In 1992, the school merged with Arkansas State University-Beebe and in 1997 was designated as Arkansas State University-Newport.

Arkansas State University Mid-South in West Memphis began as a technical school in 1979, converted to a technical college in 1991, and became a community college in 1992. In 2015 the college became a part of the ASU System.

ASU Three Rivers began as a vocational technical school in 1972. In 2020, the college became a part of the ASU System.

Henderson State University in Arkadelphia began in 1890 as Arkadelphia Methodist College. In 2021, the university merged with the ASU System.

In 1998, the Arkansas State University System was created to restructure the individual institutions as a system.

The governing body of the ASU System is its Board of Trustees, which is comprised of seven members appointed by the Governor of Arkansas.

ASU System follows Governmental Accounting Standards Board (GASB) Statement Number 39, *Determining Whether Certain Organizations are Component Units*. Based on the criteria of this standard, the ASU System has determined the ASU System Foundation, Inc., the ASU Red Wolves Foundation, Inc., and the Henderson State University Foundation, Inc. are component units of the ASU System. The financial statements of each of these foundations have been discretely presented in this report.

The ASU System serves to advance the educational and economic growth of Arkansas by supporting the Board of Trustees and providing administrative support to all of the ASU System campuses and entities. In addition to the various academic programs leading to degrees, the ASU System supports significant programs for the state and region including economic development initiatives, leadership in the Arkansas Biosciences Institute, and Arkansas Heritage Sites.

While each institution functions autonomously in its day-to-day operations, ASU System administration coordinates various operations that are more efficiently carried out on a systemwide basis. In addition to the Office of the President, administrative functions of system administration include legal services, governmental relations, university advancement, internal audit, benefits and risk management, fiscal management, strategic communications, and economic development.

The ASU System offers programs at the doctoral, specialist, master's, bachelor's, associate's, and certificate levels. During the academic year ended June 30, 2025, the

ASU System conferred 3,195 graduate degrees, 2,235 bachelor's degrees, 2,584 associate's degrees, and 3,850 certificates. Enrollment across the ASU System for the Fall 2025 semester totals over 28,000.

Highlights, Progress, and Initiatives

- The Arkansas Biosciences Institute at Arkansas State in Jonesboro held a 20th anniversary celebration where state and university officials reflected on its founding and prospects for the future.
- Henderson State University's historic Henderson Bell was temporarily removed from the South Lawn for restoration. The project was funded through the Henderson Foundation and the William Harold Sturgis Trust.
- The Automotive Technology Program at ASU-Beebe's Searcy campus added the Toyota Lexus TECS Elite training program to its curriculum, becoming the only program in Arkansas to offer this opportunity. Students can earn entry-level technician certification through a combination of online coursework and 90 hours of hands-on training.
- ASU-Mountain Home partnered with the City of Mountain Home to install its first major sculpture exhibit from artist Dale Rogers on the Mountain Home Art Walk. All 17 pieces were donated to the college's permanent collection following the exhibit.
- ASU-Newport hosted its inaugural Aviator Classic Golf Tournament, with all proceeds supporting Aviator Athletics.
- ASU Mid-South purchased a vehicle rollover simulator for its Emergency Medical Services, Emergency Medical Technician, and Paramedic Training Program, making it the first program in the state to obtain a simulator of this type.
- ASU Three Rivers completed Phase IV of their historic Ritz Theatre renovation and began work on Phase V. The campus has been receiving phased funding for this project from the Arkansas Natural and Cultural Resources Council.
- Arkansas State University in Jonesboro introduced an on-campus robotic food delivery service. Fifteen Kiwibots began delivering food from five retail locations directly to residence halls, administrative buildings, and other designated spots.
- Henderson State University launched the Reddie Network, an initiative to connect and support its alumni and current students through networking, mentoring, and professional opportunities.

- ASU-Newport was designated an Opportunity College by Carnegie Classifications, recognizing its success in promoting student access and strong workforce outcomes.
- ASU-Mountain Home hosted the first ever North Central Arkansas “Draft Day” which was part of the Be Pro Be Proud national workforce development initiative. The event successfully connected hundreds of high school students with regional employers in skilled trades.
- ASU Mid-South partnered with ARAG Legal Services to offer free legal services and counseling to its for-credit, adult student population.
- ASU-Beebe’s Heber Springs campus celebrated its 25th anniversary.
- Henderson State University received a \$7 million irrevocable estate pledge from Dr. Troy Caver, the largest gift in the school’s history. This generous commitment will support key initiatives within the newly renamed Lorraine and Troy Caver College of Aviation, Science, and Nursing.
- ASU-Newport launched a new program: Associate of Science in Data Science – Data Analytics. Over the next five years, job growth in this field is expected to grow by 21% nationally and by 11% in Arkansas.
- ASU Three Rivers’ Saline County Career and Technical Campus launched SalineSync, an innovative workforce training consortium established to address regional labor shortages and drive economic development.
- Arkansas State University in Jonesboro’s women’s basketball team won the Sun Belt Conference for the first time in school history and made its first ever appearance in the NCAA Tournament.
- The ASU-Beebe John Deere Agriculture Equipment Technology Program won the 2024 College of Tomorrow Platinum Award. The platinum ranking is reserved for only those with the most exceptional programs.
- The Higher Learning Commission reaffirmed Arkansas State University in Jonesboro and ASU Mid-South’s accreditations.
- An optional voluntary retirement incentive program was implemented for employees at the ASU System Office. This is intended to reward long-term employees and provide cost savings.

Financial Award and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Arkansas State University System for its annual comprehensive financial report for the fiscal year ended June 30, 2024. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report (ACFR), whose contents conform to program standards. Such an ACFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. The Arkansas State University System has received the Certificate of Achievement annually since the fiscal year ended June 30, 2012. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA.

The preparation of the Annual Comprehensive Financial Report in a timely manner would not have been possible without the coordinated efforts of the Office of the Associate Chief Financial Officer at the Jonesboro campus and other University financial staff. Each member has our sincere appreciation for their contributions in the preparation of the report.

Economic Indicators

Gross general revenues for the state decreased 4.0% for fiscal year 2025. This year-over-year decline was primarily a result of individual and corporate income tax cuts passed in the First and Second Extraordinary sessions of the 94th General Assembly. The state's unemployment rate as of June 2025 was 3.7%, an increase from 3.3% in June 2024. This rate remained below the national rate of 4.1% in June 2025. Arkansas continues to remain below the national rate, which continues to increase strength in the state economy.

Financial Highlights

The ASU System continues to seek ways to expand revenues and contain costs while maintaining an excellent educational experience for students. Total revenues for fiscal year 2025 increased by 8.55%. Total assets and deferred outflows increased by 6.26%, while liabilities and deferred inflows increased by 7.04%. Additional information about these percentages and the overall financial health of the ASU System may be found in management's discussion and analysis contained in this report.

Fiscal year 2025 presented the ASU System with many opportunities, as well as challenges, including efforts to enhance student recruitment and retention amid a competitive market. The ASU System met these challenges and ended with a productive year. As the ASU System continues to face obstacles and minimum changes in state appropriations, we will work attentively to continue to create opportunities for the students and the communities we serve.

Respectfully submitted,

A handwritten signature in blue ink that reads "Landen Crancer". The signature is fluid and cursive, with the first name "Landen" being more prominent than the last name "Crancer".

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the Arkansas State University System (University), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Arkansas State University System Foundation, Inc. (System Foundation), the Arkansas State University Red Wolves Foundation, Inc. (Red Wolves Foundation), and the Henderson State University Foundation, Inc. (Henderson State Foundation), which represent 100% of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the System Foundation, the Red Wolves Foundation, and the Henderson State Foundation is based solely on the report of the other auditors. The financial statements of the System Foundation, the Red Wolves Foundation, and the Henderson State Foundation were not audited in accordance with *Government Auditing Standards*.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

500 WOODLANE ST., STE. 172 • LITTLE ROCK, ARKANSAS 72201-1099 • PHONE: (501) 683-8600 • FAX: (501) 683-8605
www.arklegaudit.gov

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to postemployment benefits other than pensions, and certain information pertaining to pensions on pages 7-33, 122-124, and 125-129 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Schedule of Net Position by Campus (Schedule 2), the Schedule of Revenues, Expenses, and Changes in Net Position by Campus (Schedule 3), the Schedule of Cash Flows by Campus (Schedule 4), the Schedule of Fiduciary Net Position by Campus (Schedule 5), and the Schedule of Changes in Fiduciary Net Position by Campus (Schedule 6) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Net Position by Campus, the Schedule of Revenues, Expenses, and Changes in Net Position by Campus, the Schedule of Cash Flows by Campus, the Schedule of Fiduciary Net Position by Campus, and the Schedule of Changes in Fiduciary Net Position by Campus are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Independent Auditor's Report (Continued)

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Selected Information for the Last Five Years (Schedule 1) but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2025 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Financial Statement Presentation

This section of the Arkansas State University (The University) annual financial report presents discussion and analysis of the University's financial performance during the fiscal year ended June 30, 2025. This discussion and analysis is prepared by the University's financial administrators and is intended to provide information on the financial activities of the University that is both relevant and easily understandable. Information is also provided on the University's financial position as of June 30, 2024 as further explanation of the results of the year's financial activities. As shown in the information that follows, the overall financial position of the University has remained stable during the fiscal year.

The statements have been prepared using the format specified in Governmental Accounting Standards Board (GASB) Statements no. 34 and 35. GASB Statement no. 34 does not require the presentation of comparative information from the previous fiscal year but does require a discussion of any significant changes in the University's financial position or the results of its operations.

In June 2011, the GASB issued Statement no. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The use of net position as the residual of all other elements presented in a statement of financial position has also been identified. This statement amends the net asset reporting requirement in GASB Statement no. 34 and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

In March 2012, the GASB issued Statement no. 65, *Items Previously Reported as Assets and Liabilities*. This statement is related to Statement no. 63 in that it establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

In June 2012, the GASB issued Statement no. 68, *Accounting and Financial Reporting for Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities.

In June 2015, the GASB issued Statement no. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This Statement revises existing standards for measuring and reporting retiree benefits provided by the University to its employees.

In March 2016, the GASB issued Statement no. 81, *Irrevocable Split-Interest Agreements*. The statement improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance in which a government is a beneficiary of the agreement.

In January 2017, the GASB issued Statement no. 84, *Fiduciary Activities*. This Statement established criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists.

In June 2017, the GASB issued Statement no. 87, *Leases*. This statement improves accounting and financial reporting for leases.

In June 2018, the GASB issued Statement no. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period. Additionally, it simplifies accounting for interest cost incurred before the end of a construction period.

In May 2020, the GASB issued Statement no. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs). The statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA.

The University's financial statements for the year ended June 30, 2025 have been audited and Arkansas Legislative Audit has rendered the audit opinion contained herein. In accordance with Governmental Accounting Standards Board requirements, this analysis includes a discussion of the significant changes between the two fiscal years ended June 30, 2025 and 2024 where appropriate.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Statement Discussion

Statement of Net Position

The Statement of Net Position is intended to display the financial position of the University. Its purpose is to present to the reader of the financial statements a benchmark from which to analyze the financial stability of the University. It is a "snapshot" of the University's assets, liabilities, deferred inflows, deferred outflows, and net position (assets and deferred outflows minus liabilities and deferred inflows) as of June 30, 2025, the last day of the fiscal year. Assets and liabilities are presented in two categories: current and noncurrent. Net position is presented in three categories: net investment in capital assets, restricted net position, and unrestricted net position. Restricted net position is divided into two categories: nonexpendable and expendable. A more detailed explanation of these categories is found in the notes that accompany the financial statements. A condensed version of the Statement of Net Position is displayed below.

Readers of the Statement of Net Position can determine answers to the following key questions as of June 30, 2025:

- Did the University have sufficient assets available to meet its existing obligations and continue operations?
- How much did the University owe to external parties including vendors and lending institutions?
- What resources did the University have available to make future investments and expenditures?

Condensed Statement of Net Position				
	2025	2024	Increase/ (Decrease)	Percent Change
Assets and Deferred Outflows:				
Current Assets	\$ 155,430,645	\$ 148,265,001	\$ 7,165,644	4.83%

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Assets and Deferred Outflows

Total assets and deferred outflows increased by \$50.6 million.

Current Assets

Current assets increased by \$7.2 million.

Cash and Cash Equivalents

Cash and cash equivalents decreased by \$5 million. There was a mixture of increases and decreases amongst the campuses, with the largest change occurring at the Jonesboro campus. Jonesboro had a decrease of nearly \$5.6 million due to higher accounts payable related to new construction projects for the Windgate Hall of Art and Innovation and the College of Veterinary Medicine buildings, as well as current debt and receivables in unexpended plant funds. Beebe purchased additional certificates of deposit which contributed to a \$1.1 million decrease. Three Rivers' decrease of \$141,000 was the result of additional expenses for their new athletics program, increased enterprise resource planning costs, and an increase in institutional scholarships. Newport purchased a new certificate of deposit in the amount of \$500,000 which was offset by a decrease in capital grants from the prior year, causing an overall decrease in cash of almost \$90,000. Mountain Home's increase of \$968,000 was the result of conservative budgeting and disciplined expense management, along with property tax revenues that significantly exceeded projections. Henderson State University increased tuition and fees by approximately 9% and reinstated the housing agreement for freshmen and sophomores. Furthermore, the campus continued to operate under the same expense budget even when revenue trended higher than budgeted. These factors contributed to an increase of \$568,000. Mid-South's increase in the amount of \$308,000 was partially due to a large carryforward balance in their General Adult Education Excess fund.

Short-term Investments

Short-term investments increased by \$4.5 million. Beebe and Newport were the only campuses with increases which were \$2.9 million and \$1.6 million, respectively. Beebe invested in additional certificates of deposit during the fiscal year. Newport purchased one new certificate of deposit for \$500,000 in order to maximize their return and reclassified \$1.2 million in investments from noncurrent to current. Mid-South and Mountain Home's balances remained the same when compared to the previous fiscal year, while the other campuses did not have short-term investments.

Accounts Receivable

Accounts receivable increased by approximately \$3.3 million. Gross receivables increased by \$4 million. Two of the campuses, Jonesboro and Mountain Home, had increases when compared to the total for 2024. Jonesboro had the largest increase of approximately \$5.4 million. This was a result of several reasons. First, the campus is constructing the Windgate Hall of Art of Innovation which is being built with funds from a private gift. At year end, there was a receivable of about \$2 million for construction costs related to this project. Additionally, the campus borrowed \$2.9 million to re-roof the Education/ Communications building and to complete the phased roofing project at the student union that began towards the end of the fiscal year. Although the loan was finalized and payments were made in fiscal year 2025 for the loan; no cash had been received yet since the amounts are based on reimbursements for costs. Since the loan payback began during the fiscal year; the debt for the loan, as well as a receivable in the amount of \$2.9 million for the loan were recorded. Additionally, receivables related to students increased by nearly \$2.4 million. Receivables related to third parties, such as from other campuses, increased by around \$770,000. Mountain Home's increase of about \$418,000 is attributable to an outstanding grant receivable from the Arkansas Office of Skills Development and an increase in the property tax receivable. Of the remaining campuses, there was a decrease of \$2.5 million. The largest decrease was \$717,000 at the Mid-South campus. In the previous fiscal year, they had recorded amounts of \$508,000 for the Reynolds Center/University Center chiller project and \$122,000 for scholarships. Both of these amounts were received from their Foundation. Beebe had a decrease of \$666,000 related to receivables for tuition and fees. Henderson State University had a decline of \$453,000 for tuition and fees. This was attributed to their enhanced collection practices and expanded billing outreach efforts led by their Student Accounts office. Newport showed a decline of \$421,000. They had a decrease of \$574,000 related to removing old uncollectable amounts related to student accounts receivable. This decrease was offset by an increase related to their county sales tax receivable. Three Rivers had a decrease of \$273,000. Their prior year balance had shown a receivable related to the construction of the Ritz Theatre which was received in 2025. Overall, allowance for doubtful accounts increased by about \$722,000. Since each campus is unique; each campus develops and maintains their own criteria for the allowance for doubtful accounts calculation. The campuses are continuing to monitor the accounts receivable balances and continue to increase collection efforts. This has proven to be an effective method as accounts receivables balances are closely monitored and the allowance for doubtful accounts methodology

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

is reviewed and revised. All campuses except one had increases. Henderson State University had the only decrease. They use a percentage allowance method. Since their receivables related to tuition and fees decreased; this amount also decreased. Of the remaining campuses, the Jonesboro campus had the largest increase of \$238,000. They also use a percentage allowance method. Since their receivables related to tuition and fees increased; this amount also increased. Newport had an increase of \$219,000. This was a result of reviewing their bad debt history and increasing their allowance to provide a more accurate amount. The remaining campuses had a combined total increase of \$351,000.

Inventories

Inventories decreased by about \$149,000; although only two campuses experienced decreases. Jonesboro's decrease of \$218,000 was mostly due to reductions in their museum, Facilities Management, and Information and Technology Services project supplies inventory levels. Henderson State University's aviation program had a minor decrease of \$2,500 resulting from the timing of their restocking cycle. Newport had the largest increase of \$32,000. This was primarily driven by higher stock levels at their bookstore for curriculum requirements and central supplies inventory, which was then offset by food service inventory dropping from \$15,000 to \$0 after it was contracted to an outside vendor. Three Rivers' increase of \$19,000 was attributable to additional inventory related to their athletics programs for uniforms, apparel, and equipment. Mid-South made a large purchase of promotional items in June 2025 to restock inventory which contributed to their increase of just under \$15,000. The Beebe and Mountain Home campuses also had small increases of \$4,000 and \$2,000, respectively.

Leases Receivable

During fiscal year 2022, the University implemented GASB Statement no. 87, Leases. The Jonesboro campus and Henderson State University are the only campuses with leases receivable. The Jonesboro campus has three lease agreements leasing ground owned by the campus. Henderson State University leases a building and then subleases two different spaces in the building. Additional information about these leases may be found in Note 6. The current portion of leases receivable increased from \$256,285 to \$268,164 due to scheduled increases in principal payments outlined in the lease amortization schedules.

Deposits with Trustees

Deposits with trustees increased by \$2.3 million. Of the six campuses having deposits with trustees, four had increases. The largest increase was \$2 million at Jonesboro due to funds related to the construction of the new College of Veterinary Medicine. The campus issued bonds in the amount of \$30,335,000 during fiscal year 2025 for the project. Henderson State University had an increase of \$232,000 due to receiving an IRS subsidy payment of \$98,000 into one of their accounts, payments that were transferred to the trustees at the end of the fiscal year, and higher interest rates. Mid-South had an increase of about \$18,000 which was related to the next fiscal year's principal and interest payments. The remaining campuses totaled around a \$1,300 decrease and was mainly related to the Beebe campus and the retirement of a bond issue from last year. Three Rivers does not have bonds issued and had no deposits with trustees.

Prepaid Expenses

Prepaid expenses increased by \$1.1 million. All campuses experienced increases except for Mid-South. The largest increase was at the Jonesboro campus in the amount of \$805,000. Payroll transferred funds early for the July 1 optional voluntary retirement incentive plan (OVRIP) payments for both Jonesboro and System Office employees. This was recorded as a prepaid expense and as a payable. Henderson State University had an increase of \$247,000, primarily due to the timing of a required payment under their Sodexo food service contract. Three Rivers' increase of \$69,000 was the result of software related subscriptions with annual terms beginning May 2025. The Newport campus purchased additional insurance required for their athletic program and saw higher costs in their Information and Technology Services area for licensing of platforms and software. This contributed to their overall increase of \$45,000. Beebe replenished their postage in June which led to an increase of about \$10,000. There was a minor increase of \$6,000 at the Mountain Home campus. The majority of Mid-South's \$35,000 decrease was from a change in the amount billed by SHI International Corporation for their Palo Alto network firewall security.

Capital Assets, net

Capital assets, net increased by about \$17.6 million. Accumulated depreciation/amortization increased from \$679,275,434 in 2024 to \$707,554,821 in 2025. This increase, of approximately \$28.3 million, is due to the recording of one additional year of depreciation/amortization for assets that have already been depreciating. Additionally, there was new equipment, new buildings,

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

renovations to buildings, and other improvements/infrastructure that were added in 2024 and began depreciating in 2025. Also, accumulated depreciation on retirements was \$7,428,117. The increase in accumulated depreciation was offset by the addition of \$54.1 million in capital assets and the retirement of \$8.2 million in capital assets with accumulated depreciation of \$7.4 million. Of the \$54.1 million added to capital assets, \$32.8 million was construction in progress, \$2.5 million was buildings, \$3.2 million was improvements and infrastructure, and \$7.7 million was equipment. Additional information about capital assets may be found in the 'Capital Assets' section of this Management's Discussion and Analysis.

Other Noncurrent Assets

Other noncurrent assets decreased by \$28.3 million.

Noncurrent Cash

Noncurrent cash decreased by \$914,000, while restricted cash increased by \$1.3 million. Only four campuses have a noncurrent cash balance; Jonesboro, Mid-South, Mountain Home, and Henderson State University. The largest decrease was at Jonesboro in the amount of \$5.1 million. Cash was transferred from unexpended plant funds at year end to cover deficits in auxiliaries and other unrestricted funds. Mountain Home had a modest decrease of \$19,000. Henderson State University had an increase of \$2.5 million primarily due to a transfer of excess cash to unrestricted reserves. Mid-South's cash balance in their excess millage fund increased, and they received reimbursements for their Reynolds Center/University Center chiller project that was completed in fiscal year 2024. These factors contributed to an increase of \$1.7 million. Jonesboro and Mid-South are the only campuses with a noncurrent restricted cash balance. Mid-South's millage received for debt service from April through June 2025 was not sent to US Bank until July 2025, resulting in an increase of roughly \$1.4 million. Jonesboro had a small decrease of \$66,000. Henderson State University had a noncurrent restricted cash balance of \$5,000 in the prior year, but it was brought to \$0 after conducting a review of funds from their legacy system and transferring cash balances from noncurrent to current.

Endowment Investments

Endowment investments increased by \$1.4 million. This was in large part due to Jonesboro's increase of \$1.4 million from higher interest earnings on their endowment funds. Beebe experienced a slight decrease of \$2,000. The other campuses did not have endowment investments.

Leases Receivable

During fiscal year 2022, the University implemented GASB Statement no. 87, *Leases*. The Jonesboro campuses and Henderson State University are the only campuses with leases receivable. The Jonesboro campus has three lease agreements leasing ground owned by the campus. Henderson State University leases a building and then subleases two different spaces in the building. Additional information about these leases may be found in Note 6. The noncurrent portion of leases receivable declined from \$11,457,700 to \$11,189,536 due to receiving fiscal year 2025 payments.

Other Long-term Investments

Other long-term investments decreased by approximately \$147,000. Jonesboro is the only campus with other long-term investments, and they experienced a decline in valuation when compared to the previous fiscal year.

Irrevocable Split-Interest Agreement

The Jonesboro campus implemented GASB no. 81, *Irrevocable Split-Interest Agreements*, which was effective July 1, 2017. There was an increase of \$106,000 during fiscal year 2025 as the trustee re-appraised the value of the asset.

Deposits with Trustees

Deposits with trustees increased significantly by \$25.6 million. Of the three campuses having deposits with trustees; one had an increase, one had a decrease and one (Henderson State University) was unchanged. The Jonesboro campus showed an increase of \$26.1 million. This was due to the bond issued in December 2024 for the construction of the new College of Veterinary Medicine. Construction began on the project in the spring of 2025 and the project is expected to be completed in June 2026 and begin offering classes in the fall of 2026. The Mid-South campus had a decrease in the amount of \$467,000. This was due to an excess millage in the fiscal year of \$712,000 and the transferring of more in property tax revenue of \$260,000 to the trustee.

Deferred Outflows

Deferred outflows decreased by approximately \$2.5 million. Roughly \$2.1 million of this decrease was due to a decreased amount of deferred outflows related to pensions. All of the campuses had decreases due to the adjustment of deferred outflows related to pensions for the 2025 fiscal year. Additional information about the deferred outflows related to pensions may be found in Note 9 and the Required Supplementary Information. Deferred outflows related to other postemployment benefits (OPEB) decreased by about \$89,000. Five of

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

the seven campuses recorded decreases for the year. Additional information about the deferred outflows related to OPEB may be found in Note 13 and the Required Supplementary Information. Deferred outflows related to the recording of the deferred losses on bond refundings decreased by \$329,000. All the campuses had decreases due to the amortization of these amounts. Only one campus, Jonesboro, issued refunding bonds during fiscal year 2025. However, this refunding did not result in a deferred outflow.

Liabilities and Deferred Inflows

Total liabilities and deferred inflows increased by \$22.7 million.

Current Liabilities

Current liabilities increased by \$9.4 million.

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities increased by \$5.6 million. All campuses, apart from Beebe, had increases. Jonesboro had the largest increase of \$3.6 million, primarily due to \$2 million in construction related payables for two new buildings: the Windgate Hall of Art and Innovation and the College of Veterinary Medicine. There was also an increase in payables related to auxiliaries, specifically athletics, and payables for the July 1 OVRIP payments for both Jonesboro and System Office employees. Mid-South accumulated \$1.3 million of property tax millage from April through June 2025, but did not send the funds to US Bank until July 2025 which contributed to their overall increase of \$1.2 million. Much of Henderson State University's increase of \$486,000 was attributable to construction related payables to Nabholz Construction Corporation. Three Rivers also had construction expenses for their Ritz renovation project and new nursing building, resulting in an increase of \$161,000. Mountain Home and Newport's increases of \$187,000 and \$148,000, respectively, were mostly due to payroll and benefit accruals. Beebe's payables balance in fiscal year 2024 included construction of their nursing building which was completed during fiscal year 2025. This led to their decrease of \$147,000.

Bonds, Notes, Leases, Installment Contracts, and SBITAs Payable

Bonds, notes, leases, installment contracts, and SBITAs payable increased by \$2.9 million. All campuses had increases for the fiscal year. The largest increase was at Jonesboro in the amount of \$2.6 million and is a result of adding three SBITAs. Although the campus did issue construction bonds for the College of Veterinary Medicine which added \$425,000 to the current liability; this was offset by a decrease of \$400,000 from the prior year for the 2005 refunding bond issue which was paid off in 2025. Additionally, the campus had two new notes payable for renovations which increased the current portion of notes payable by about \$517,000 when compared to the amount for 2024. The campus also refunded one bond issue during the year. Henderson State University had an increase of \$133,000. The campus had one lease for office space that ended but also replaced it with a similar lease. Their increase is due to a larger amount of principal rather than interest being due on debt that is ongoing. The remaining campuses total a change of \$101,000 higher when compared to 2024. None of the other campuses recorded any new debt during the fiscal year. There were also no other debt retirements other than those at Jonesboro and Henderson State University. The following notes contain additional information about the details of each campus's bonds, notes, leases, installment contracts, and SBITAs payable. Additional information on the leases may be found in Note 5 and Note 6. Additional details on bonds, notes, and installment contracts may be found in Note 5. Additional information about the subscription-based information technology arrangements may be found in Note 5 and Note 7.

Unearned Revenues

Unearned revenues increased by roughly \$503,000. Five campuses saw increases this year. Henderson State University had the largest increase in the amount of \$347,000 due to the timing of their summer class offerings when compared to the previous fiscal year. Newport saw an increase of \$158,000 for student payments received for summer II and fall 2025 classes and an increase of \$80,000 in grant revenue received but not expended as of June 30, 2025. They also had a minimal amount of bookstore gift cards in their unearned revenue balance. This contributed to their overall increase of \$241,000. The bulk of Three Rivers' increase of \$200,000 is related to their nursing building construction grant. Mountain Home had a higher number of students register and pay for summer II classes prior to fiscal year end which led to their \$55,000 increase. The Beebe campus saw a trivial increase of less than \$500. Jonesboro and Mid-South were the only two campuses with decreases in the amounts of \$252,000 and \$88,000, respectively. Jonesboro experienced a decline in unearned revenue related to restricted grant funds. The majority of Mid-South's change came from their Ascendium grant. They spent \$158,000 in fiscal year 2025 compared to only \$53,000 in 2024, thereby recognizing more revenue.

Deposits

Deposits decreased by nearly \$345,000. Much of this decrease was recognized at the Jonesboro campus in the amount of \$320,000 which was primarily related to a reduction in international tuition deposits. Students enrolled in Henderson State University's aviation program pay deposits for flight hours. They saw a decrease of almost \$25,000. Newport had a slight decrease of \$200 because fewer students paid housing deposits for the fall 2025 term. Mid-South had a trivial decrease; while Beebe's deposits remained unchanged. Mountain Home and Three Rivers did not have any deposits.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Other Postemployment Benefits (OPEB) Liability

The current portion of this liability, an increase of about \$308,000, was recorded during the year in accordance with GASB no. 75. The current portion of this total liability represents the amount that is the expected employer contributions for fiscal year 2026. Additional information about OPEB may be found in Note 13 and the Required Supplementary Information.

Noncurrent Liabilities

Noncurrent liabilities increased by \$17.1 million.

Bonds, Notes, Leases, Installment Contracts, and SBITAs Payable

Bonds, notes, leases, installment contracts, and SBITAs payable increased by \$23.6 million. All campuses, other than Jonesboro, had decreases when compared to 2024. These decreases are a reflection of the reduction of principal amounts owed by the campuses for bonds, notes, leases, installment contracts, and SBITAs payable. As previously discussed, Jonesboro issued \$30,335,000 in construction bonds during 2025. Additionally, the campus recorded two new loans during the year as well as three subscription-based information technology arrangements. Henderson State University recorded one new lease during the year. Jonesboro and Henderson State University both had debt with a final payment in 2025. There was one bond and three leases payable that reached maturity during the fiscal year. Additionally, the Jonesboro campus did a refunding issue for a bond payable.

Other Postemployment Benefits (OPEB) Liability

The noncurrent portion of this liability decreased by about \$761,000 and was recorded during the year in accordance with GASB no. 75. Additional information about OPEB may be found below in the deferred inflows section, in Note 13, and the Required Supplementary Information.

Net Pension Liability

The University's portion of the net pension liability decreased by around \$3.9 million. These amounts were recorded in accordance with GASB no. 68. Additional information about the net pension liability may be found in Note 9 as well as the Required Supplementary Information.

Deferred Inflows

Deferred inflows decreased by almost \$3.9 million. Nearly all of this decrease, \$3.1 million, was the amount related to the recording of OPEB which was recognized in fiscal year 2025 in accordance with GASB no. 75. The deferred inflows are recorded in conjunction with the deferred outflows, current liability, and noncurrent liability related to OPEB discussed previously. The overall effect of recording the OPEB amounts showed a decrease of about \$3.5 million. There was also a decrease of about \$383,000 related to leases. As previously mentioned, Jonesboro and Henderson State University are the only campuses to record an amount related to leases receivable and there is also a deferred inflow amount related to those leases. Additional information on the leases may be found in Note 6. There was a decrease of \$526,000 related to pensions. The deferred inflows are recorded in conjunction with the deferred outflows and pension liability discussed previously. The only increase was minimal in the amount of \$174,000. \$106,000 was recorded as part of the irrevocable split-interest agreement at the Jonesboro campus as previously mentioned in the Noncurrent Asset section. Furthermore, the Jonesboro campus recorded a deferred gain related to the refunding of bonds in the amount of \$68,000. This amount will be amortized over the life of the bonds.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Net Position

Total net position increased significantly by \$27.9 million. The percentage of each net position category is displayed in the chart below.

Net investment in capital assets

Net investment in capital assets increased by \$21.4 million. This increase was mainly attributable to the addition of capital assets. The campuses added \$54.1 million of capital assets during the year. In the previous year, there was \$23.1 million in capital asset additions. Also, in fiscal year 2024, the amount of depreciation and amortization exceeded the amount of capital asset additions. This was not the case for 2025. The amount of asset additions of \$54.1 million far exceeded the amount of depreciation and amortization of \$35.7 million. Additional details about capital assets, depreciation, and amortization may be found in the Capital Assets section that follow as well as Note 4, Note 6, and Note 7. There was about \$28.6 million of debt paid during the year. In comparison, \$55 million in new debt was added. Additional details about long-term debt may be found in the Debt Administration section and Note 5.

Restricted, Nonexpendable

Restricted, nonexpendable net position increased by \$1.2 million.

- *Scholarships and Fellowships* — Restricted, nonexpendable net position for scholarships and fellowships increased by \$477,000. This was due to the Jonesboro and Beebe campus's increases in the fair value of endowment investments held by the Arkansas State University Foundation for scholarship purposes.
- *Renewal and Replacement* — The Mid-South campus has restricted, nonexpendable net position for renewal and replacement. There were no changes to the net position during the fiscal year.
- *Loans* — The restricted, nonexpendable net position for loans decreased by \$20,000. The Beebe campus no longer uses a travel advance fund which brought their balance from \$20,000 in fiscal year 2024 to \$0 in 2025.
- *Other* — Restricted, nonexpendable net position for other purposes than those mentioned above increased by \$744,000. This was due to an increase in investment earnings during the year on endowments for purposes other than scholarships.

Restricted, Expendable

Restricted, expendable net position increased by \$381,000.

- *Scholarships and Fellowships* — Restricted, expendable net position for scholarships and fellowships increased by roughly \$43,000. Jonesboro had an increase of \$38,000; while Beebe had a decrease of \$8,000. This was due to changes in the fair value of endowment investments held by the Arkansas State University Foundation for scholarship purposes. Mid-South's increase of \$12,000 was mainly attributable to higher investment earnings on their nursing scholarship fund held at Bank of New York Mellon.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

- *Research* — The restricted, expendable net position for research increased by \$68,000. The Jonesboro campus was the only campus to have net position from restricted grants for the purpose of research. Although the campus had research grants last year; this year resulted in a positive net position related to those grants.
- *Capital Projects* — Restricted, expendable net position for capital projects increased by \$125,000. The Newport campus was the only campus with net position related to a capital project. This was a result of funds received at the end of the year from Jackson County for the Health Sciences Building.
- *Debt Service* — The restricted, expendable net position for debt service increased by \$1.9 million. Henderson State University began classifying deposits with trustees in this category which increased the amount by \$1.6 million. The Jonesboro campus also reclassified amounts from net investment in plant to restricted for debt service resulting in a \$331,000 increase. Mid-South had a decrease of \$11,000 for their principal and interest payments due for bonds and notes.
- *Renewal and Replacement* — The Mid-South campus has restricted, expendable net position for renewal and replacement. Their decrease of \$226,000 was the net result of reducing their investment account balance by \$483,000 to reimburse for their Reynolds Center/University Center chiller project, recording investment earnings of \$127,000, and transferring annual reserve requirements of \$130,000.
- *Other* — The restricted, expendable net position for other purposes than those listed above decreased by approximately \$1.6 million. Henderson State University conducted a review of fund balances previously transferred from their legacy system and determined that these balances should be moved to unrestricted net position which caused a decrease of \$2.2 million. Restricted funds previously reported in this category for Newport were either closed or expended to \$0 during fiscal year 2025 leading to a decrease of \$138,000. Beebe's \$88,000 decrease was due to increased grant expenditures throughout the year. Jonesboro had a higher amount of net position related to grants classified as other, and research was not reclassified and offset to this category as was done during fiscal year 2024. This contributed to an increase of \$726,000. Mid-South's Adult Education Excess fund and carryforward funds increased by \$60,000, and they received a \$10,000 grant from Complete College America. This was offset by a decrease of \$22,000 in the Parents as Teachers (PAT) Blue and You Foundation grant balance, resulting in an overall increase of about \$48,000. Mountain Home had a small increase of \$33,000. Three Rivers does not have a balance for this category.

Unrestricted

Unrestricted net position increased by \$4.9 million. There was a mixture of increases and decreases amongst the campuses. Henderson State University's increase of nearly \$5 million was partially related to revenue coming in almost 10% above projections, while expenses remained within current budgets. In addition to this, they moved roughly \$2.2 million of fund balances previously transferred from their legacy system from restricted, expendable net position to unrestricted net position. The majority of Mid-South's \$2.5 million increase was due to the receipt of excess millage in the amount of \$3 million which was then used to purchase a certificate of deposit for \$1 million. They also received a \$483,000 reimbursement from Bank of New York Mellon for their Reynolds Center/University Center chiller project. Beebe had an increase of \$2 million which arose from an increase in tuition and fees, livestock sales, host fees, and other operating grants. Mountain Home used conservative budgeting and maintained expenses within that framework, while property tax revenues significantly exceeded projections. This contributed to a \$1.2 million increase. Jonesboro had the largest decrease in the amount of \$5.3 million which was primarily due to capital projects, most notably the construction of the College of Veterinary Medicine. The campus also experienced higher expenses for supplies and services, personal services, and self-insurance. Three Rivers experienced higher than budgeted expenses for their share of enterprise resource planning costs and institutional scholarships which led to a decrease of \$363,000. Newport had a small decrease of \$167,000.

ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025

Statement of Revenues, Expenses, and Changes in Net Position

The net position as presented on the Statement of Net Position is based in part on the financial activities that occurred during the fiscal year as presented in the Statement of Revenues, Expenses, and Changes in Net Position. This statement's purpose is to present the revenues generated and received by the University, both operating and nonoperating, the expenses incurred by the University, both operating and nonoperating, and all other financial gains or losses experienced by the University during the fiscal year ended June 30, 2025.

Generally, revenues from operations are received in exchange for the University providing services or products to students and other constituencies. Operating expenses are those costs paid or incurred in producing those services or products or in carrying out the mission of the University. Nonoperating revenues are financial inflows to the University resulting from nonexchange transactions; that is, the University does not provide a specific service or product in exchange for them. For example, appropriations from the state are considered nonoperating revenue because the legislature does not receive a direct and commensurate benefit from the University in exchange for providing the appropriation. A condensed Statement of Revenues, Expenses, and Changes in Net Position for fiscal year 2025 compared to fiscal year 2024 is shown below.

Condensed Statement of Revenues, Expenses and Changes in Net Position				
	2025	2024	Increase/ (Decrease)	Percent Change
Operating Revenues				
Tuition and Fees, Net	\$ 76,931,461	\$ 71,882,368	\$ 5,049,093	7.02%
Grants and Contracts	48,212,958	43,281,658	4,931,300	11.39%
Auxiliary Enterprises, Net	38,269,428	35,743,178	2,526,250	7.07%

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Revenues

Total revenues increased by approximately \$33.8 million.

Operating Revenues

Total operating revenues increased by \$12.7 million.

Tuition and Fees, net

Net tuition and fees increased by \$5 million. Gross tuition and fee revenue increased by \$12.8 million. Jonesboro saw the largest increase in the amount of \$2.5 million which was primarily due to increased enrollment. The Mountain Home campus hired Ferrilli Higher Education consultants in fiscal year 2024 to review and write a report for scholarship allowances which were much higher than the prior year. Errors were discovered in the report and corrected during fiscal year 2025. Although gross tuition and fees only increased by \$242,000, net tuition and fees increased by \$1.5 million after the report adjustment. Newport and Beebe experienced higher enrollment which led to increases of \$668,000 and \$435,000, respectively. In addition to this, Beebe raised tuition by 4%. Henderson State University increased student charges by roughly 9% which contributed to their increase of \$249,000. Mid-South implemented a new scholarship allowance report that was developed by Ferrilli Higher Education consultants to more accurately calculate their allowance amount. Their scholarship allowance increased by \$792,000, but gross tuition and fee revenue only increased by \$463,000, resulting in a net decrease of \$329,000. Three Rivers had a trivial decrease. Jonesboro and Henderson State University awarded a higher number of institutional scholarships, and many campuses saw a rise in Pell funds awarded, resulting in an overall increase in scholarship allowances. Scholarship allowances increased by \$7.8 million.

Grants and Contracts

Operating grants and contracts increased by \$4.9 million. All campuses experienced increases except for Mid-South. Jonesboro had the largest increase in the amount of \$2.1 million. The campus is putting a stronger focus on research grants, resulting in a higher number of active grants in 2025 compared to prior years. The Arkansas Division of Higher Education (ADHE) awarded Higher Industry Readiness through Educational Development (HIRED) grants to Jonesboro and Newport for food and steel advanced manufacturing, to Beebe for precision agriculture, and to Three Rivers' Saline County Career and Technical Center in the aerospace and defense industry. Jonesboro, Beebe, and Henderson State University also received Arkansas Linking Industry to Growing Nurses (ALIGN) grants from the Department of Commerce to help attract, prepare, and retain nurses in the state. These new grants resulted in Three Rivers, Beebe, and Newport's increases of \$1.2 million, \$1.1 million, and \$301,000, respectively. In addition to the ALIGN grant, Henderson State University also received a grant from the Arkansas Department of Elementary and Secondary Education to host a Special Education Resource Endorsement Academy. The academy is designed for currently licensed teachers to add an endorsement in special education resource, allowing them to teach students with exceptionalities in inclusive settings. These new awards contributed to their increase of \$206,000. Mountain Home had an increase of \$216,000 due to the addition of a Drug Free Communities grant and an Arkansas Office of Skills Development grant. Mid-South's decrease of \$194,000 is primarily attributable to reclassifying gifts from the Arkansas State University System Foundation from operating to nonoperating. Overall, the change across the campuses was an increase of 11.39%. There will continue to be fluctuations in the amount of operating grants and contracts revenue as more colleges and universities compete for these dollars. Additionally, timing issues of receipts and expenses also plays a role in the ending balances for grants and contracts.

Sales and Services

Sales and services increased by \$166,000. There were three campuses with increases this year. Beebe experienced a rise in livestock sales which led to an increase of \$97,000. Jonesboro had an increase of \$73,000 primarily due to higher sales from agriculture's meat lab, the Ecotoxicology Research Facility, and the Office of Behavioral Research and Evaluation. Henderson State University's increase of \$17,000 was mostly from an increase in non-student aviation income. Mountain Home and Newport had decreases in the amounts of \$12,000 and \$9,000, respectively. Ticket sales for Mountain Home's Performing Arts group were down when compared to the previous year. Newport's revenue from their cosmetology program declined by almost 25%. The campus also sold straw from their agriculture program in the prior year, but these sales were discontinued in 2025. Mid-South and Three Rivers do not have sales and services operating revenue.

Auxiliary Enterprises, net

Auxiliary enterprises, net increased by \$2.5 million. There were increases at each campus, other than Beebe. Henderson State University had the largest increase in the amount of \$1.6 million which was attributable to higher student housing revenue driven by new requirements, along with changes related to their food service contract. Jonesboro had an increase in enrollment which affected revenue in many auxiliary areas, such as housing, food service, student union, bookstore, vending, and parking. This resulted in an increase of \$808,000. As previously discussed, the scholarship allowances report Mountain Home used in 2024 that was developed by Ferrilli Higher Education consultants contained errors that were corrected in 2025. Although gross auxiliary revenue decreased by \$68,000, net auxiliary revenue increased by \$96,000 after the report adjustment. Three Rivers' increase of \$58,000 is related to athletics gifts

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

received during the year. Newport's food service was contracted to an outside vendor during the last quarter of fiscal year 2025 which caused food service revenue to drop when compared to the previous year. However, this decline was offset by a rise in bookstore and housing revenue, resulting in an overall increase of \$17,000. Mid-South's Café Grill was closed for part of fiscal year 2024 for their Reynolds Center/University Center chiller project, so sales increased when the restaurant was back open for a full year during 2025. Their bookstore commissions were higher as well, causing an overall increase of \$16,000. Beebe's scholarship allowances applied to auxiliary charges increased by \$84,000 which contributed to their decrease in net auxiliary enterprises of \$48,000. In addition to the increased revenues, scholarship allowances related to auxiliaries increased by roughly \$490,000.

Self-Insurance

Self-insurance revenues increased by \$232,000. There was an increase beginning in January for the employee portion of self-insurance. These amounts varied based on the type of plan and coverage. Additional annual amounts paid by employees for health insurance ranged from an additional \$12 per year to \$180 per year.

Other

Other operating revenues decreased by nearly \$210,000. The largest change was Jonesboro's decrease of \$233,000 which was primarily due to receiving fewer fees from the Arkansas State University Querétaro campus. In 2024, Henderson State University and Newport's other operating revenues included one-time funding proceeds which were absent in 2025. This led to decreases in the amounts of \$161,000 and \$70,000, respectively. The other four campuses saw increases during the year. Mountain Home and Beebe's increases of \$101,000 and \$45,000 were mainly due to receiving host fees from the Jonesboro campus. Mid-South received \$99,000 in University Center revenue, their rental income increased by \$17,000, and other income decreased by \$33,000. These factors led to an overall increase of \$83,000. Three Rivers had an increase of \$26,000 due to facilities rental revenue from the Saline County Career Technical Campus in Benton.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Nonoperating Revenues

Total nonoperating revenues increased by \$21.2 million.

State Appropriations

State appropriations decreased by approximately \$836,000 overall. Three campuses experienced decreases, three campuses experienced increases, and Three Rivers remained the same. Jonesboro had the largest decrease of \$584,000; while Mountain Home had the largest increase of \$132,000. The increases and decreases at the campuses were due to variances in general appropriation funding and miscellaneous appropriations that are received in one year, but not another. Act 148 of 2017 repealed the needs-based and outcome-centered funding and directed the Arkansas Higher Education Coordinating Board to adopt policies developed by the Arkansas Division of Higher Education (ADHE) necessary to implement a productivity-based funding model for state-supported institutions of higher education. Productivity-based funding is a mechanism to align institutional funding with statewide priorities for higher education by incentivizing progress toward statewide goals. At the same time, such models encourage accountability to students and policymakers by focusing on the success of students through the achievement of their educational goals. The new funding model is built around a set of shared principles developed by institutions and aligned with goals and objectives for post-secondary attainment in the state.

Grants and Contracts

Nonoperating grants and contracts increased by \$18.6 million. All campuses had increases when compared to 2024. Jonesboro had the largest increase in the amount of \$11.3 million; while Three Rivers had the smallest increase in the amount of \$176,000. Most increases were the result of more Pell funding, whether it was from higher enrollment or more eligible students due to the simplification of the Free Application for Federal Student Aid (FAFSA). Beebe, Mid-South, Mountain Home, and Three Rivers also saw sizable increases in state scholarships.

HEERF Grants-Related to COVID-19

The Coronavirus Aid, Relief, and Economic Security Act or, CARES Act, was passed by Congress on March 27, 2020. This bill allotted \$2.2 trillion to provide fast and direct economic aid to the American people negatively impacted by the COVID-19 pandemic. Of that money, approximately \$14 billion was given to the Office of Postsecondary Education as the Higher Education Emergency Relief Fund, or HEERF (now referred to as HEERF I). The campuses recorded almost \$18.3 million related to this in fiscal year 2020. A portion of these funds (the student portion) stipulated that the amount would be used to provide emergency grants to students. Once those funds

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

had been expended; the institution may then receive the institutional portion of HEERF I. The total HEERF award for the student portion and the institutional portion were equal awards to institutions. Most of the student payments were made in 2020, however, \$1.2 million was paid during 2021.

In addition to HEERF I, the Higher Education Emergency Relief Fund II (HEERF II) was authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), Public Law 116-260 and was signed into law on December 27, 2020. In total, the CRRSAA authorized \$81.88 billion in support for education.

The Higher Education Emergency Relief Fund III (HEERF III) was authorized by the American Rescue Plan (ARP), Public Law 117-2, and was signed into law on March 11, 2021. This provided \$39.6 billion in support to institutions of higher education to serve students and ensure learning continues during the COVID-19 pandemic. ARP funds are in addition to funds authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), Public Law 116-260 and the Coronavirus Aid, Recovery, and Economic Security (CARES) Act, Public Law 116-136.

As with HEERF I, both HEERF II and HEERF III provided a portion of institutional funds and a portion of funds dedicated to students. During fiscal year 2022, there were \$306,000 in direct payments to students from HEERF II funds and about \$29 million in direct payments to students from HEERF III funds. All of the direct payments to student were made in fiscal years 2020, 2021, and 2022.

Additionally, the campuses qualified for either SIP (Strengthening Institutions Program) funds or MSI (Minority Serving Institutions) funds. Mid-South was the only campus to receive MSI funds; the remaining campuses received SIP funds. Both the institutional portion of HEERF I, HEERF II, HEERF III, SIP and the MSI awards were used to provide relief to institutions for reimbursement items such as, room and board refunds to students, purchases of equipment related to moving to online learning, provide additional emergency payments to students, and provide funds for lost revenue.

During 2025, there was a small increase of about \$480,000 in HEERF funds across the campuses. Only two campuses, Jonesboro, and Henderson State University had HEERF revenue during 2025. The funds that were received in 2025 were grants received through various agencies with HEERF funding. During 2025, Jonesboro had a \$3.1 million increase in these grants. The campus received a three-year \$25 million project from the Division of Elementary and Secondary Education to oversee the ARP ESSER III subawards for afterschool, summer, and extended year learning programs to support student learning and social emotional development. Fiscal year 2025 was the last year for this grant. Additionally, the campus was awarded a \$31.2 million grant from the Arkansas Department of Human Services to partner on several key initiatives aimed at strengthening Home and Community Based Services (HCBS) for Medicaid beneficiaries. Henderson State University had a decrease of \$2.4 million in HEERF grants. This was due to the closing out of grants awarded in prior fiscal years. All of their grant awards, other than the Special Education Academy, did not get refunded.

Sales and Use Taxes

Sales and use taxes increased slightly by \$17,000. Beebe saw an increase of \$37,000; while Newport saw a decrease of \$20,000. Local consumer spending habits vary from year to year.

Property Taxes

Property tax revenues increased by about \$392,000. Mid-South had an increase of \$275,000, and Mountain Home had an increase of \$117,000.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Gifts

Revenue from gifts increased by roughly \$157,000. Mid-South's increase of \$153,000 included a reclassification of \$130,000 from operating to nonoperating for payments from the Arkansas State University Foundation for scholarships and an increase in Goldsby scholarship awards by \$23,000. Jonesboro saw a rise in funds received from the Arkansas State University Foundation, resulting in an increase of \$147,000. The Henderson State University Foundation has been funding different levels of positions at Henderson State University after the campus entered financial exigency in fiscal year 2022. During 2025, the campus rebuilt some of those positions back into their budget which reduced the amount they received in gifts. This contributed to their decrease of \$142,000. Mountain Home had a trivial decrease of \$100. Beebe, Three Rivers, and Newport did not receive any gifts during the year; although Newport received two minor gifts totaling \$900 in the previous year.

Investment Income

Investment income increased by \$1.3 million. All campuses saw increases except for Mountain Home and Three Rivers who experienced lower interest rates. Jonesboro had the largest increase in the amount of \$991,000; while Three Rivers had the largest decrease in the amount of \$5,000. Jonesboro, Beebe, and Newport purchased additional certificates of deposit during the year which led to higher earnings. Jonesboro also invested income from their bond issue for the construction of the College of Veterinary Medicine. Henderson State University and Mid-South experienced higher interest rates on existing accounts.

Expenses

Total expenses increased by \$24.8 million.

Operating Expenses

Total operating expenses increased by \$22.7 million.

Additional information on operating expenses can be found in the tables and charts that follow.

Personal Services

Personal services increased by approximately \$7.5 million. All the campuses showed increases over the prior year. Jonesboro had an increase of about \$3 million. The campus provided faculty promotions, a 2% merit raise for faculty and non-classified employees, and

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

a 10% increase in graduate assistant stipends. In addition to this, the campus also offered an optional voluntary retirement incentive program in 2024 (Note 18) which added about \$687,000 in costs for fiscal year 2025. Additionally, the System Office offered an optional voluntary retirement incentive program in 2025 (Note 18). This added about \$222,000 in costs for the year. Henderson State University had an increase of roughly \$1.5 million. This was a result of restaffing and rebalancing the campus after recovering from a period of financial exigency. Henderson State University was unable to provide a cost of living increase to faculty and staff for 2025. After a rigorous review of natural attrition, current open positions, reallocation of departmental funds based on a thorough review of departmental expenses and institutional priorities, and an 8% increase in tuition rates, it was determined that an across-the-board raise for HSU personnel was not economically feasible for fiscal year 2025. Beebe showed an increase of nearly \$1.1 million. The campus provided \$1,500 plus a 2% cost of living adjustment to their faculty and staff for 2025. Newport had \$569,000 more in personal services when compared to the previous year. They had a 1% cost of living increase for faculty and staff for fiscal year 2025. Also, new faculty positions were added to support new degree offerings in high demand programs. They also continued the performance bonus program for all full-time employees of up to 2% based on key performance indicators. Mid-South showed an increase of \$567,000. They provided a minimum of a 1% cost of living adjustment for all eligible employees, supported their faculty rank and promotion program, and raised the minimum salary levels for all full-time employees to \$14.50 per hour. Mountain Home had an increase of about \$488,000. The campus provided \$500 plus a 1% raise for faculty and staff. They also increased the minimum rate of pay for all full-time positions to \$13.50 per hour. Three Rivers had an increase of \$283,000 when compared to last year. The campus had a salary base increase for faculty. Another reason for the increase in personal services was the change in compensated absences. For fiscal year 2025, there was an increase in \$378,000 for the campuses combined. Six of the seven campuses had increases for the fiscal year. This is a combination of higher salaries for employees as well as an increase in the number of hours at June 30. Another factor in the amount of personal expenses for the year is OPEB and pension expenses. Overall, both of these decreased when compared to 2024. All of the campuses had lower expenses in both of these categories when compared to fiscal year 2024. The entries related to the pension liability decreased by \$2.3 million. More information on this may be found in Note 9. Entries related to OPEB decreased by about \$3.5 million. More information on this may be found in Note 13.

Scholarships and Fellowships

Scholarships and fellowships increased by \$9.4 million. Gross scholarships and fellowships increased by \$17.7 million. All campuses showed increases except for Mid-South whose decrease was \$115,000. Jonesboro and Mountain Home both had the largest increase in the amount of \$2.5 million each. Although federal and state financial aid fluctuates throughout the years, the campuses continue to offer competitive institutional scholarships to students. The institutional scholarships continue to increase at each campus and displays the University's commitment to students.

Supplies and Services

Supplies and services increased by \$3.5 million. All campuses, other than Three Rivers, saw increases when compared to the prior year. Jonesboro had the largest increase at \$2 million. Although the campus had the largest increase; this was only a 3% increase from the prior year amount of supplies and services for the campus. While several areas within the University experienced lower supplies and services expenses compared to the prior year; a few had significantly higher expenses. Auxiliaries had an increase of \$3.5 million when compared to 2024. This was a result of increased spending during the year as well as higher travel costs. Athletics spent about \$1.7 million more in supplies and services and \$1.3 more in travel. Athletic travel will vary from year to year depending on where and how much travel the athletic teams have. Additionally, \$1.7 million, was seen in restricted funds related to grants and contracts. As previously mentioned, the campus was the recipient of grants related to HEERF funds. While this increases the nonoperating revenue amount the campus receives; the grants also increase the expenses to the University. Henderson State University had an increase of \$857,000. Their increase was due to the increased costs of goods and services. The Beebe campus had an increase of \$657,000. This was due to an increase of expenses related to the operation and maintenance of plant as well as from their ALIGN grant they were awarded. Mid-South saw an increase of approximately \$449,000. Their increase was due to an increased amount of their custodial contract. Also, they had an increase in non-capital equipment purchases for information technology. Mountain Home's increase of \$172,000 was a minimal increase for them. Newport's supplies and services were essentially the same as the prior year with only an increase of \$862. Three Rivers, the only campus with a decrease, amounted to a difference of

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

\$681,000 compared to 2024. This decrease was related to lower non-capital equipment costs, lower expenses related to the TANF (Temporary Assistance for Needy Families) grant, and lower Workforce training materials expenses.

Self-Insurance

Self-insurance expenses increased by \$1.2 million. Medical claims, as well as administration fees related to self-insurance, rose during 2025. Claims related to pharmaceutical expenses decreased slightly. Additionally, the unpaid claims liability recorded at year end was \$91,000 higher than in the previous year.

Depreciation and Amortization

Depreciation and amortization expenses increased by \$1.5 million. Four of the campuses experienced increases when compared to 2024. The largest increase was Jonesboro in the amount of \$1.6 million due to the addition of assets in fiscal year 2024 that began depreciating in fiscal year 2025. The three other campuses with increases, Mid-South, Newport, and Three Rivers, totaled around \$422,000. As with Jonesboro, these campuses had new projects that were completed and began depreciating in 2025. The remaining three campuses had a combined decrease of \$579,000. The increase in depreciation and amortization expense was expected due to the \$26.4 million additions in fixed assets in fiscal year 2024 that had a full year of depreciation in 2025. Additionally, as new projects were completed in 2025, depreciation expense will increase next year as a result of these. The amount of completed projects in 2025 was \$36.6 million; depreciation expense will continue to increase each year as new buildings and renovations are completed and begin depreciating.

Other

Other operating expenses decreased by \$289,000. These expenses are related to the Federal Perkins Loan program on the Jonesboro campus and Henderson State University. Henderson State University brought their balance to \$0 in 2025.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Nonoperating Expenses

Total nonoperating expenses increased by \$2.1 million.

Interest

Interest expense increased by about \$809,000. All the campuses, other than Jonesboro, showed decreases. Jonesboro experienced a \$1 million increase due to additional debt. As previously mentioned, the campus issued bonds for the construction of the new College of Veterinary Medicine. The bonds were issued in December 2024 and there was one interest payment in the amount of \$789,000 for the fiscal year. Additionally, of the three SBITAs, two of them had interest in the amount of \$472,000. As mentioned earlier, the only other new debt during fiscal year 2025 was a new lease to replace one that had ended for Henderson State University. The added interest expense for this lease is minimal. The lower interest expense for the year for the remaining six campuses is expected due to minimum interest being added and the fact that more of the payments are being applied to principal rather than interest. Additional information on debt administration may be found in the Debt Administration section that follows.

Gain or Loss on Disposal of Capital Assets

During the fiscal year, the University had a loss of \$434,000 on capital assets compared to a loss of \$478,000 in fiscal year 2024. There were four campuses that showed losses for the year. Jonesboro showed a loss of about \$277,000. During the fiscal year, the campus demolished a building that had been purchased at the end of fiscal year 2023. The building was purchased along with an adjacent building to move the campus's Parking Services department to a more central location for students, faculty, and staff. The remaining building was renovated for this use and the demolished building provides space for a parking lot for customers. In addition to this demolition, the campus demolished a non-functioning athletic marquee close to the football stadium. The campus has been working through a backlog of equipment disposals as well and showed a net of about \$64,000 removed for equipment and about \$18,000 received for the sale of the equipment. Henderson State University sold a building with a value of \$353,000 for \$214,000, which accounts for their loss for the year. Mid-South had a small loss of around \$11,000. This was due to their equipment disposals during the year. Newport had a minimal loss of nearly \$6,000 which resulted from equipment disposals in health sciences due to the equipment being obsolete. One of these items, a nursing simulator system was not fully depreciated and created the loss for the year.

Other Changes

Other revenues, expenses, gains and losses totaled \$27.3 million. This amount increased by \$19.1 million.

Capital Appropriations

Capital appropriations increased by \$1.6 million. Jonesboro, Henderson State University and Three Rivers were the only campuses with capital appropriations in 2025. Jonesboro received about \$1.8 million for the Southern Tenant Farmers Museum grain bin project. The museum is located in the historic Mitchell-East Building in Tyronza, Arkansas. The Southern Tenant Farmers Museum enhances knowledge and understanding of tenant farming and agricultural labor movements in the Mississippi River Delta, in an effort to preserve the history and promote the legacy of sharecropping, tenant farming and the farm labor movement. The grain bin will be renovated and serve as a large-scale exhibit of agricultural history. Additionally, the campus was awarded a \$10 million congressional appropriation

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

led by U.S. Senator John Boozman. The funding will be used to invest in high-tech equipment for a multimillion-dollar facility that will advance the rapidly growing steel industry in the Arkansas Delta and throughout Northeast Arkansas. During 2025, the campus received about \$176,000 related to reimbursements for equipment purchases made thus far. Henderson State University received around \$2.4 million for five projects on their campus. One million was received for the Caddo Center Renovation, the University's front door and welcome center. When completed, this building will serve as a consolidated center for student services. The front entrance hallway will be a permanent space for exhibiting artifacts in the JEC Hodges collection and interpreting Caddo Indian history in the local area. Additionally, Henderson State University received about \$661,000 for the Barkman House project. Barkman House was constructed around 1860 and is an example of a transitional Greek and Gothic Revival-style house. Barkman House was added to the National Register of Historic Places in 1974. Barkman House currently includes office space for the Henderson Foundation and the University's alumni, development, and marketing and communications teams. About \$447,000 was received for the Russell Fine Arts restoration. The building opened in 1964 and is home to the campus's music department and digital media production's podcast studio. Harwood Recital Hall, the music department's primary performance venue, will undergo improvements, along with Evanson Band Hall and the choir room. New flooring will be installed throughout the building, along with fresh paint. About \$152,000 was received for Mooney Hall. Mooney Hall, which houses the College of Business, University Police Department, and Student Health and Wellness, will receive a new roof and exterior repairs, including the cleaning and repair of the building's facade. Mooney opened in 1933 as a student housing facility. Much of the repair work is related to the intricate and architecturally distinctive wood elements and clay tile roofing. Around \$128,000 was received for the renovations of Smith Hall. Funds for Smith Hall will cover costs to replace and repair mechanical and electrical elements, including the cooling tower. Smith Hall has served as a primary residence hall since its completion in 1965. Three Rivers received about \$608,000 for the Ritz Theatre renovation. The campus has been receiving phased funding for this project and received their fifth phase in 2025. Other than the congressional appropriation, all of these projects were funded by the Arkansas Natural and Cultural Resources Council (ANCRC) which was established by Arkansas Act 729 of 1987. Its grants and trust fund are managed for the acquisition, management and stewardship of state-owned lands, or the preservation of state-owned historic sites, buildings, structures or objects which the ANCRC determines to be of value for recreation or conservation purposes. The properties are to be used, preserved and conserved for the benefit of present and future generations.

Capital Grants and Gifts

Capital grants and gifts increased by \$18.7 million. Four of the campuses had increases while the remaining three had decreases. The Jonesboro campus accounted for the largest increase of around \$10.5 million. The majority of this increase was for the Windgate Hall of Art and Innovation. During 2025, construction began on this building which is funded through a \$25 million gift from the Windgate Foundation. Of the \$25 million, \$20 million will be used for construction and \$5 million will be used for future building maintenance. The 38,887 square-foot building will house spaces for the Department of Art and Design and the College of Engineering and Computer Science, which will be used to support creative and learning activities for students. Additionally, the campus received about \$763,000 in renovations to the baseball stadium and \$732,000 in equipment for athletics. Both of these capital gifts were from the University's athletic foundation. Three Rivers had an increase of \$6.5 million from last year. This was money received for their new nursing building. The campus received a capital grant from the U. S. Department of Human Services for the construction of this building. Mountain Home had an increase of \$1.8 million. During 2025, the ASU System Foundation transferred the Robert L. Myers Technical

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Center property to the campus. The Technical Center has programs of study that include advanced manufacturing, automotive service technology, construction technology, emergency services, nursing services, and welding. The campus also received works of art for the Dale Rogers Art Walk collection. Beebe had an increase of \$703,000 related to a grant from the Health Resources and Service Administration. Mid-South had a decline of about \$513,000. In 2024, they had a \$508,000 gift from their Foundation for the Reynolds Center/University Center chiller project, as well as gifts for library holdings in the amount of \$5,000. During 2025, their only gift was a \$400 library holdings donation. Newport had a decrease of \$266,000. In 2024, the campus had two capital grants. A Regional Workforce Transportation grant was awarded to construct additions and improvements in the commercial driver training program. \$340,000 was received in 2024 for this. Another grant was received for the memorial walking trail in the amount of \$50,000. Newport did not receive any capital grants in 2025, but they did receive \$125,000 gift from Jackson County for the construction of the future health sciences building. Henderson State University was the only campus to have no capital grants or capital gifts in 2025.

Statement of Cash Flows

The third and final statement presented is the Statement of Cash Flows. This statement presents detailed information about the University's financial activities from the perspective of their effect on cash. The information is presented in five components. The first presents cash inflows and outflows resulting from the University's normal operating activities. The second component presents cash flows from noncapital financing activities; that is, cash received from or spent for activities that do not result from normal operations, capital financing activities, or investing. The third component presents cash inflows and outflows resulting from capital and related financing activities such as debt issuance, lease agreements, and capital appropriations, grants, or gifts. The fourth component presents cash flows resulting from investing activities such as purchases and liquidations of investments and interest, gains, and losses generated by these activities. The fifth component of the Statement of Cash Flows is a reconciliation of the net operating revenues (expenses) for the fiscal year as reported on the Statement of Revenues, Expenses, and Changes in Net Position to the net cash provided (used) by operating activities as presented in component one of the Statement of Cash Flows.

Total	<u>\$ 556,765,617</u>	<u>\$ 539,115,940</u>	<u>\$ 17,649,677</u>	3.27%

Land

The University had one addition of land and land improvements during the year. The Mountain Home campus received a capital gift of land in the amount of \$153,500. This land was transferred to the University from the ASU System Foundation and is the site of the Robert L. Myers Technical Center. The Center serves as a secondary center for area high school students. The location opened in fall 2014 and provides training for area high school juniors and seniors with the opportunity to earn college credit while still in high school. There were no deletions of land during the year.

Works of art/Historical treasures

The University had one addition of works of art/historical treasures during the year. The Mountain Home campus received a capital gift in the amount of \$90,000. The campus received artwork for the Dale Rogers Art Walk collection. There were no deletions of works of art/historical treasures during the year.

Construction in progress

Construction in progress increased significantly for the year (102.29%). Of the seven campuses, five had increases and two had decreases. Jonesboro had an overall increase of \$15.7 million. There were additions of \$22.6 million for the year. Some of the ongoing projects on the campus include: Windgate Hall of Art and Innovation, College of Veterinary Medicine, additions to the walking loop trail, renovations to the grain bin at the Southern Tenant Farmers' Museum, replacement of the turf at the baseball field, and renovations for the Parking Services department. There was \$6.9 million of completed projects during the year. These included the Village apartments renovations, First National Bank Arena air handler unit replacement, and First National Bank Arena heating, ventilation, and air conditioning upgrades. There were three projects totaling about \$43,000 that were removed from construction in progress due to the projects either not moving forward or not meeting the threshold for capitalization. Mid-South had an increase of about \$89,000. This

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

was due to their Adult Education repair and Athletic Weight training room projects. Mountain Home's increase was due to phase two of the campus's walking trail project. Newport's increase of around \$315,000 was a combination of \$808,000 in additions for their health sciences building and their walking trail at their Marked Tree campus. The campus also completed about \$494,000 for a new parking lot at their Center for the Arts. Three Rivers had increases for their new nursing building and for their Ritz Theatre project. The Ritz Theatre was completed during the fiscal year. Henderson State University had additions of around \$2.1 million which included Russell Fine Arts, Mooney Hall, Smith Hall, and renovations to a chemistry lab. Also included were two projects which were completed at \$4.4 million. These projects were renovations to Barkman House and the Caddo Center. Beebe had additions of almost \$7,000 for the Precision AG building. The campus also completed their nursing renovation at \$437,000.

Livestock

The change of (9.45%) is attributable to an increase of the Jonesboro campus livestock herds of \$12,395 and a decrease of the Beebe campus's herds in the amount of \$34,278.

Intangibles-Easements

The University had no additions or disposals of easements during fiscal year 2025.

Intangibles-Software

The University's had no additions and disposals of software during fiscal year 2025. The decrease of \$932,012 was the amortization for the software. In fiscal year 2023, Henderson State University and the Beebe, Mid-South, and Newport campuses completed their new ERP (Enterprise Resource Planning) system. All campuses are now using the same ERP and two of the campuses (Mountain Home and Three Rivers) did not meet the threshold to record their ERP costs.

Buildings

The University experienced a decrease of \$7.4 million in the total value of buildings. This is a result of depreciation expense exceeding the amount of building additions during the year. All campuses, with the exception of Mountain Home and Three Rivers, had an overall decrease. Mountain Home recorded the transfer of the Robert L. Myers Technical Center campus. This amount increased their value of buildings by about \$2.2 million. Three Rivers added amounts for the completion of the Ritz Theatre renovations. The campus also did a small amount of general building improvements. Two campuses had retirements during 2025. Jonesboro demolished one building to build a parking lot. The property had been purchased in fiscal year 2023 with an adjacent building and was purchased for the location. Henderson State University sold their Hickory House building. The building had a net value of about \$229,000. There was an increase from 2024 to 2025 in depreciation expense related to buildings. In 2024, the total was about \$11.7 million. In 2025, this total increased to \$12.6 million. The increase is due to building additions during 2024 that began depreciating in 2025.

Improvements and infrastructure

The 0.67%, or \$1,199,432, increase in improvements and infrastructure is minimal for the year. There were six campuses with additions or transfers to improvements and infrastructure. Three Rivers had no additions or transfers for the year. These projects totaled about \$15.1 million. Projects that were completed at Jonesboro accounted for a little over half of the increase and included Village apartments renovations, security access to the student union and library, renovations to First National Bank Arena, renovation of the kitchen area at the armory, roof replacements, and classroom renovations. The campus also received capital gift improvements at the baseball stadium. Henderson State University recorded transfers from construction in progress for the completion of the Caddo Center and Barkman House. Beebe completed renovations to their nursing building. Mid-South completed a roof replacement for their University Center. Newport added an irrigation system to their softball field. Additionally, they transferred from construction in progress the completed parking lot at the Center for the Arts. Both Jonesboro and Henderson State University had retirements for improvements and infrastructure. The Jonesboro campus demolished a non-working athletic marquee. Henderson State University had improvements related to the sale of Hickory House that were deleted from their fixed assets. Fiscal year 2024 depreciation was about \$13.9 million compared to \$14.3 million in 2025.

Equipment

Equipment increased by 17.50%, or \$3,254,570, during the year. Equipment additions increased from \$4,099,583 in 2024 to \$7,977,535 in 2025; an increase of about \$3.9 million. Of the additions for fiscal year 2025, \$732,275 were capital gifts received by the campuses and noted on the Cash Flow Statement as a noncash transaction. The majority of the increase can be attributed to several purchases made during the fiscal year. Jonesboro added about \$4.8 million in equipment. The University added several assets during 2025 including equipment for research, athletics, First National Bank Arena, and several academic departments. Henderson State University added two vehicles and two ice machines. Beebe had almost \$922,000 equipment additions. These were due to equipment purchased from grant funds. Mid-South purchased an ambulance simulator and two new vehicles. Mountain Home added nursing equipment purchased from their Arkansas Office of Skills Development grant. Newport added learning systems, computer equipment,

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

a bus, a generator and a golf cart during 2025. The campus at Three Rivers added equipment related to athletics and nursing. They also made purchases for items located at the Ritz Theatre and the Saline County Career Technical Campus. Depreciation expense increased from \$4,394,067 in 2024 to \$4,510,768 in 2025. The campuses disposed of equipment during the year with a net value of \$80,491.

Library/Audiovisual Holdings

The University's decrease of \$528,904, or 14.40%, is due to the amount of depreciation exceeding the amount of purchases during the year. Total purchases continue to decrease as online formats become in greater demand. All campuses, other than Jonesboro and Newport, had additions to library/audiovisual holdings. During the fiscal year, there were \$73,984 in purchases compared to \$108,537 in 2024. Depreciation expense decreased from \$611,939 in 2024 to \$584,827 in 2025. Library holdings that were removed during the year were fully depreciated.

Right to use assets-Buildings

There was a decrease of \$532,002 compared to last year. This amount represents the annual amortization that was recorded for the right to use assets. In 2022, Jonesboro recorded two right to use assets. These included the Welcome Center and the North End Zone which is part of the football stadium. During 2023, the campus purchased a 37.37% ownership in the North End Zone which removed a portion of the right to use asset. The amount removed was \$5.1 million with \$586,000 in amortization. In 2025, \$532,002 was recorded in amortization for the Welcome Center and the remaining 62.63% of the North End Zone. More information may be found on these right to use assets in Note 20.

Leases-Office/Daycare Center space

There was a slight decrease of about \$271,023 or 24.63% when compared to 2024. Both Jonesboro and Henderson State University lease portions of buildings used for office space. The Jonesboro campus also leases space for one of the daycare center sites. The Jonesboro campus did not record any new leases for space, but there were two leases for space that ended during the fiscal year. Both of these are space the System Office leases. New leases related to this were begun after year end and details can be found in Note 21. Henderson State University had one lease for office space end during the year and started a new lease for this space as well. Additional information on these leases may be found in Note 4, Note 5, and Note 6.

Leases-Airport

Henderson State University leases space at an airport as part of their aviation program. This lease began during fiscal year 2024 and will end December 31, 2025.

Leases-Equipment

Jonesboro and Mid-South have leases for equipment. There were no new leases that started during 2025. Jonesboro had one lease end during the fiscal year. This was a lease for farm equipment. Jonesboro has one other lease for a painting robot. Mid-South had leases for printers and copiers.

Leases-Airplanes

In 2024, Henderson State University began to lease two airplanes as part of their aviation program. The lease started in January and will end December 31, 2027.

Subscription-based information technology arrangements (SBITA)

There are three SBITAs that Jonesboro recorded during 2025. Two of these are related to the ERP system and one is for Dell. The three totaled \$7,505,929 and amortization of \$1,693,712 was recorded for the year. Additional information may be found in Note 7.

Additional information on capital assets by campus may be found in Note 4 in the notes to the financial statements.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Debt Administration

The University's financial statements indicate \$192,084,801 in bonds payable, \$35,732,839 in notes payable, \$1,630,884 in leases payable, \$18,168,344 in installment contracts payable, and \$5,820,789 in SBITAs at June 30, 2025. There were no changes to the University's credit rating for 2025. The University maintained an A1 credit rating by Moody's Investors Service.

The Jonesboro campus was the only campus to issue bonds during 2025. There was one construction bond and one refunding bond:

\$30,335,000	Series 2024A Taxable Student Fee Revenue Bonds
\$10,360,000	Series 2024B Student Fee Refunding Revenue Bonds

The bond refunded with the above issue is:

\$11,250,000	Series 2013B Student Fee Revenue Bonds
--------------	--

There was one bond at Jonesboro that reached its maturity date during the fiscal year. The 2005 refunding bond issue had a final payment in 2025. The bond was originally issued in September 2005 and was a refinancing issue for the construction of the student union, issued in 1999 and the construction of the parking garage, issued in 2000.

The University's bonded indebtedness consists of revenue bonds secured by tuition and fees, property taxes, and auxiliary revenues, such as housing and parking fees. The revenue bonds were issued for educational buildings, student housing, parking improvements, property purchases, plant improvements, and auxiliary facilities.

The \$35,732,839 in notes payable consists of four notes for the Jonesboro campus. These include \$604,000 and \$600,000 notes for energy improvement projects through the state's sustainable revolving loan fund, and a \$1,000,000 note for renovations to the Armory. The campus also recorded a \$2.9 million loan for roof replacements for the Education/Communications building and the student union. The campus has benefited from securing zero interest rates for each of these notes. In addition to these four, the System Office also recorded a new note for \$2.9 million for renovations which may be used by any campus in the System. The interest rate is very low for this note (0.20%) and has been recorded at the Jonesboro campus since all the System Office accounting records are currently maintained by the Jonesboro campus. At June 30, 2025, the outstanding amounts for these notes were \$30,200, \$30,000, \$299,774, \$2,755,000, and \$2,900,000 respectively. Henderson State University has \$27,687,299 in notes payable outstanding at June 30, 2025. These seven notes payable include: \$2,750,000 for the Honors Hall, \$2,366,268 for energy savings, \$1,100,000 for energy savings related to an auxiliary renovation, \$6,513,437 for energy savings, a 2019 \$6,000,000 loan from the state of Arkansas used to assist with cash shortfalls for that year, \$15,996,406 for property renovations, and \$996,450 for renovations. At June 30, 2025, the outstanding amounts for these notes were \$1,822,348, \$402,550, \$274,641, \$5,895,465, \$5,450,000, \$13,112,821, and \$646,450 respectively. The Beebe, Mid-South, and Newport campuses have notes payable related to their energy performance improvements and are paid with savings from utility billings. These amounts at the end of 2025 are \$55,757, \$1,108,413, and \$557,556, respectively. The notes payable for the Three Rivers campus include \$565,000 for the remodel and expansion of the cosmetology building and \$1,000,000 for the purchase and renovation of the Applied Science Technology building. Both notes were secured through Arkansas Higher Education Coordinating Boards' College Savings Bond Revolving Loan Fund at exceptionally low interest rates. The outstanding amounts for these notes were \$38,648 and \$270,192 respectively.

The campuses recorded leases payable in accordance with GASB statement no. 87 during fiscal year 2022. Three campuses have leases payable at June 30, 2025. The Jonesboro campus has three leases payable for office space, daycare center space, and equipment. The outstanding amount of these leases is \$235,987. During the year, the campus had three leases that ended. Two of these leases were for office space for the System Office and the third lease was for farm equipment. No new leases were recorded for the campus during the year. Henderson State University has four leases in total. These leases are for office space, space at the airport for their aviation program, and for airplanes. The total outstanding amount is \$1,301,371. The campus had a lease end for office space during 2025 but also began a new lease for the same space. The new lease ends on December 31, 2026. The Mid-South campus has two leases for copiers and printers with a total outstanding amount of \$93,526. Additional information on the types and terms of each lease may be found in Note 5 and Note 6.

The Jonesboro campus issued an installment contract payable during 2016 in the amount of \$15,226,080 for energy savings projects on the campus. The savings from utility billings is used to pay the debt. Principal payments began in 2019 and the current balance of the debt is \$11,581,558. The Beebe and Newport campuses added installment contracts payable in the amounts of \$4,930,498 and \$2,951,079, respectively, during fiscal year 2018. Both of these installment contracts payable were for energy performance

improvements and are paid with savings from utility billings. These balances are \$4,120,503 and \$2,466,283, respectively at June 30, 2025.

The Jonesboro campus recorded three SBITAs payable during 2025. These were related to the ERP system and cloud storage. The amounts for these are \$1,661,139, \$4,107,252, and \$1,737,538. The current balance of the debt is \$1,183,547, \$3,255,392, and \$1,381,850, respectively.

Additional information on the University's debt may be found in Notes 5, 6, 7, 16, and 21 in the notes to the financial statements.

**ARKANSAS STATE UNIVERSITY SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2025**

Economic Outlook

The economic outlook of the University remains sound.

The Federal Open Market Committee's (FOMC) preferred inflation measure is the personal consumption expenditures price index (PCE inflation). Median PCE inflation is projected to be nearly 3.0% by the end of 2025 which is higher than the 2024 rate of 2.5%. However, it is projected to decline steadily until reaching the Federal Reserve's target rate of 2.0% by 2028.

At the state level, the economy is stable, and revenues are tracking above forecast levels. Arkansas continues to conservatively manage its financial resources; as a result, state appropriations to the University have remained static with no expectation of appreciable increases in the near term. Public higher education will continue to compete with other state agencies and priorities for appropriate levels of funding.

Act 148 of 2017 repealed the needs-based and outcome-centered funding and directed the Arkansas Higher Education Coordinating Board to adopt policies developed by the Arkansas Division of Higher Education (ADHE) necessary to implement a productivity-based funding model for state-supported institutions of higher education. Productivity-based funding is a mechanism to align institutional funding with statewide priorities for higher education by incentivizing progress toward statewide goals. At the same time, such models encourage accountability to students and policymakers by focusing on the success of students through the achievement of their educational goals. The new funding model is built around a set of shared principles developed by institutions and aligned with goals and objectives for post-secondary attainment in the state.

The University continues to maintain a strong credit rating of A1 by Moody's Investors Service. Achieving and maintaining this credit rating provides the University with significant flexibility in securing capital funds on the most competitive terms. This flexibility, along with ongoing efforts toward revenue diversification and cost containment, will enable the University to provide the necessary resources to support a consistent level of excellence in service to students, the local communities, the state and the nation.

The University continues to proactively manage its enrollment and scholarship administration to strike an appropriate balance between academic standards, demographic and economic changes, and net tuition revenue. The University continues to review all of its existing and potential revenue sources and is working to explore and develop new and innovative funding opportunities.

The University strategically and prudently manages its financial resources. Capital investments are extensively reviewed at the board and executive level, strategic cost containment and resource allocation remain high priorities of the University, and budgets are carefully developed, monitored, controlled, and adjusted as warranted. These efforts will continue as the University strategically manages the challenges and opportunities posed by the current economic environment and the furtherance of its mission.

**ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

**NOTE 1.
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Reporting Entity

Jonesboro

Arkansas State University Jonesboro, an Institution of Higher Education of the State of Arkansas, developed from one of four State agricultural schools established in 1909 by an act of the Arkansas General Assembly. The University opened as a vocational high school in 1910 and was reorganized as a junior college in 1918. The name was changed to State Agricultural and Mechanical College by an act of the Legislature in 1925. Authority to extend the curriculum, offer senior college work, and grant degrees was granted in 1931. In 1933, the Legislature changed the name of the College to Arkansas State College. Master-level programs were begun in 1955. In January 1967, the Legislature passed an act authorizing a change in the name of Arkansas State College to Arkansas State University, effective July 1, 1967. The University's first doctoral degree in Educational Leadership was awarded in 1992.

Henderson State University

Henderson State University was founded in 1890 as a four-year coeducational baccalaureate liberal arts college and was named Arkadelphia Methodist College. The name was changed to Henderson College in 1904 to honor Charles Christopher Henderson, a trustee and prominent local businessman. In 1911, the name was amended to Henderson-Brown College to honor Walter William Brown, who was also a trustee. The Arkansas General Assembly enacted legislation to establish a standard teachers' college in Arkadelphia and the institution was transferred to the State of Arkansas in 1929. The name then was changed to Henderson State Teachers College. In 1967, the name was changed to Henderson State College and in 1975 to Henderson State University. The University is the only Arkansas university which has been controlled by both church and State and is the only public one named for an individual. Of the ten Arkansas public universities, Henderson State University is one of only two originally established as a four-year, degree-conferring institution and is the second oldest university under state control. Effective January 1, 2021 under the provisions of Ark. Code Ann. § 6-60-102, Henderson State University merged with the Arkansas State University System.

Beebe

Arkansas State University Beebe began in 1927 as Junior Agricultural School of Central Arkansas. In 1955, the Arkansas General Assembly designated the school a campus of Arkansas State College. The branch campus was designated as Arkansas State College-Beebe Branch. The institution established a campus at the Little Rock Air Force Base in 1965. The campus became Arkansas State University Beebe in 1967. Act 90 of 2001 eliminated the word "branch" from the references to campuses of Arkansas State University.

ASU-Heber Springs, a Center of ASU Beebe, was officially established by Act 426 of 1999 in response to the community's desire to have a two-year college presence in Cleburne County.

Effective July 1, 2003, Foothills Technical Institute in Searcy merged with ASU Beebe to become ASU-Searcy, a Technical Campus of ASU Beebe.

Mountain Home

In 1991, the Arkansas General Assembly created Mountain Home Technical College through the merger of Baxter County Community/Technical Center and the North Arkansas Community/Technical Center in Mountain Home. On October 19, 1993, the voters of Baxter County authorized the levy of a two mill tax to support operations at the Arkansas State University Mountain Home campus. The institution was designated Arkansas State University Mountain Home in 1995.

Newport

Under the provisions of Ark. Code Ann. § 6-53-405, White River Technical College was consolidated with Arkansas State University Beebe campus effective July 1, 1992 and named Arkansas State University Newport. Subsequently, the Newport campus separated itself from Beebe to become a stand-alone campus.

Effective July 1, 2001, Delta Technical Institute was merged to the University to become the Arkansas State University Technical Center. The Technical Center is part of the Newport campus and consists of two campuses located at Marked Tree and Jonesboro.

Mid-South

Mid-South Vocational Technical School, an institution of higher education of the State of Arkansas and located in West Memphis, began operations January 18, 1982. Effective July 1, 1991, the College's name was changed to Mid-South Technical College under the provision of Ark. Code Ann. § 6-53-301. On February 16, 1993, the voters approved a four mill property tax for the creation of the community college. During April 1993, the Arkansas State Board of Higher Education approved the change in status of Mid-South Technical College to Mid-South Community College. Effective July 1, 2015 under the provisions of Ark. Code Ann. § 6-60-102, Mid-South Community College merged with the Arkansas State University System to become Arkansas State University Mid-South.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Three Rivers

Ouachita Vocational Technical School began operations in January 1972. Effective July 1, 1991, the entity's name was changed to Ouachita Technical College under the provisions of Act 617 of 1991. The College became under the jurisdiction of the Arkansas State Board of Higher Education. On March 8, 2011, Act 208 of 2011 was approved changing the name of the entity to College of the Ouachitas effective July 27, 2011. Effective January 1, 2020 under the provisions of Ark. Code Ann. § 6-60-102, College of the Ouachitas merged with the Arkansas State University System to become Arkansas State University Three Rivers.

System

In 1998, the Arkansas State University Board of Trustees approved the recognition and designation of the Arkansas State University System to encompass the campuses and locations.

The Arkansas State University System is governed by the Board of Trustees, which consists of seven persons appointed by the Governor of the State of Arkansas. Terms of appointments are for five years and Board members may be re-appointed by the Governor for a second five year term.

Component Units

Arkansas State University System Foundation, Inc.

The Arkansas State University System Foundation, Inc. (the ASU Foundation) is a legally separate, tax-exempt component unit of Arkansas State University (the University). The ASU Foundation acts primarily as a fund-raising and asset management organization to develop and supplement the resources that are available to the University in support of its mission and programs. The 33 member board of the ASU Foundation is self-perpetuating and consists of graduates and friends of the University. Although the University does not control the timing or amount of receipts from the ASU Foundation, the majority of resources, or income thereon, which the ASU Foundation holds and invests are restricted to the activities of the University by donors. Because these restricted resources held by the ASU Foundation may only be used by, or for the benefit of the University, the ASU Foundation is considered a component unit of the University under the guidelines established by Governmental Accounting Standards Board (GASB) Statement no. 39, *Determining Whether Certain Organizations are Component Units*. Accordingly, the financial statements of the ASU Foundation are discretely presented in the University's financial statements in accordance with the provisions of GASB Statement no. 39.

During the year ended June 30, 2025, the ASU Foundation transferred property, equipment and funds of \$13,055,662 to the University for academic support. Complete financial statements for the ASU Foundation may be obtained from the ASU Foundation at P.O. Box 1990, State University, AR 72467-1990.

The ASU Foundation reports under the requirements of the Not-for Profit Organizations Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the ASU Foundation's financial information in the University's financial statements.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Arkansas State University Red Wolves Foundation, Inc.

The Arkansas State University Red Wolves Foundation, Inc. (the RW Foundation) is a legally separate, tax-exempt component unit of Arkansas State University (the University). The RW Foundation is dedicated to aid, assist, and promote the development of intercollegiate athletics at the Jonesboro campus and to work with the University's administration in serving the institution. The RW Foundation's support comes primarily through donor contributions. The RW Foundation is considered a component unit of the University under the guidelines established by Governmental Accounting Standards Board (GASB) Statement no. 39, *Determining Whether Certain Organizations are Component Units*. Accordingly, the financial statements of the RW Foundation are discretely presented in the University's financial statements in accordance with the provisions of GASB Statement no. 39.

During the year ended June 30, 2025, the RW Foundation transferred property, equipment and funds of \$2,592,640 to the University for support. Complete financial statements for the RW Foundation may be obtained from the RW Foundation at P.O. Box 2219, State University, AR 72467-1990.

The RW Foundation reports under the requirements of the Not-for Profit Organizations Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the RW Foundation's financial information in the University's financial statements.

Henderson State University Foundation, Inc.

The Henderson State University Foundation, Inc. (the HSU Foundation) is a legally separate, tax-exempt component unit of Arkansas State University (the University). The HSU Foundation operates for charitable educational purposes, including administering and investing gifts and other amounts received directly or indirectly for the benefit of Henderson State University. The board of directors consist of 12 members including 2 members who are members of the former Henderson State University Board of Trustees, and two ex-officio members who are also employees of the University. The HSU Foundation is considered a component unit of the University under the guidelines established by Governmental Accounting Standards Board (GASB) Statement no. 39, *Determining Whether Certain Organizations are Component Units*. Accordingly, the financial statements of the RW Foundation are discretely presented in the University's financial statements in accordance with the provisions of GASB Statement no. 39.

During the year ended June 30, 2025, the HSU Foundation transferred property, equipment and funds of \$2,390,050 to the University for academic support. Complete financial statements for the HSU Foundation may be obtained from the HSU Foundation at 324 North 12th Street, Arkadelphia, AR 71923.

The HSU Foundation reports under the requirements of the Not-for Profit Organizations Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the RW Foundation's financial information in the University's financial statements.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Financial Statement Presentation

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement no. 34, *Basic Financial Statements - and Management Discussion and Analysis - for State and Local Governments*. GASB Statement no. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, followed this in November 1999. The financial statement presentation required by GASB no. 34 and no. 35 provides a comprehensive, entity-wide perspective of the University's assets, liabilities, net position, revenues, expenses, changes in net position and cash flows.

In June 2011, the GASB issued Statement no. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The use of net position as the residual of all other elements presented in a statement of financial position has also been identified. This statement amends the net asset reporting requirement in Statement no. 34 and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

In March 2012, the GASB issued Statement no. 65, *Items Previously Reported as Assets and Liabilities*. This statement is related to Statement no. 63 in that it establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

In June 2012, the GASB issued Statement no. 68, *Accounting and Financial Reporting for Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities.

In June 2015, the GASB issued Statement no. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This Statement revises existing standards for measuring and reporting retiree benefits provided by the University to its employees.

In March 2016, the GASB issued Statement no. 81, *Irrevocable Split-Interest Agreements*. The statement improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance in which a government is a beneficiary of the agreement.

In January 2017, the GASB issued Statement no. 84, *Fiduciary Activities*. This Statement established criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists.

In June 2017, the GASB issued Statement no. 87, *Leases*. This statement improves accounting and financial reporting for leases.

In June 2018, the GASB issued Statement no. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period. Additionally, it simplifies accounting for interest cost incurred before the end of a construction period.

In May 2020, the GASB issued Statement no. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs). The statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA.

Basis of Accounting

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation is incurred.

The consolidated University financial statements were prepared from the separate statements of the seven (7) campuses. Financial transactions among the campuses were not considered material in amount or consequence and, accordingly, were not eliminated from the consolidated statements.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Capital Assets and Depreciation

Land, buildings, improvements and infrastructure, equipment, audiovisual holdings and construction in progress are recorded at cost at the date of acquisition or acquisition value at the date of donation in the case of gifts. Livestock held for educational purposes is recorded at cost or estimated acquisition value. Library holdings are recorded at cost or a stated rate per volume. For the campuses that record library holdings at a stated rate per volume, the additions for the fiscal year are displayed as a separate line item on the Statement of Revenues, Expenses and Changes in Net Position. Library holdings that are capitalized do not include periodicals, microfilm, microfiche and government documents. The University follows capitalization guidelines established by the State of Arkansas. The University's capitalization policy for equipment is to record, as assets, any items with a unit cost of more than \$5,000 and an estimated useful life greater than one year. Improvements to buildings, infrastructure, and land that significantly increase the value or extend the useful life of the asset are capitalized. Routine repairs and maintenance are charged to operating expense when incurred. Interest costs incurred are no longer capitalized during the period of construction.

Easements are considered intangible assets and are capitalized at either the cost at the date of acquisition or acquisition value at the date of donation in the case of gifts.

Software costing \$1,000,000 or more is capitalized as an intangible asset and is amortized over the life of the software.

At the Jonesboro campus, depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 50 years for buildings, 30 years for residence halls, 20 years for improvements and infrastructure, 15 years for library and audiovisual holdings, 10 years for leasehold improvements, 3 to 7 years for equipment, and 20 years for software. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is begun the fiscal year following the date of acquisition. No depreciation is taken the year of disposal.

At Henderson State University, depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 50 years for buildings, 30 years for improvements and infrastructure, 10 years for library and audiovisual holdings, 7 years for equipment, and 7 years for software. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is begun the fiscal year following the date of acquisition. No depreciation is taken the year of disposal.

At the Beebe campus, depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 30 years for buildings, 30 years for residence halls, 15 years for improvements and infrastructure, 10 years for library and audiovisual holdings, 15 years for leasehold improvements, 3 to 7 years for equipment, and 7 years for software. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is begun the fiscal year following the date of acquisition. No depreciation is taken the year of disposal.

At the Mid-South campus, depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 50 years for buildings, 20 years for mobile classrooms and metal structures, 20 years for improvements and infrastructure, 15 years for library and audiovisual holdings, 20 years for leasehold improvements, 3 to 15 years for equipment, and 7 years for software. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is started in the month of acquisition. No depreciation is taken the year of disposal.

At the Mountain Home campus, depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 15 years for buildings, 15 years for improvements and infrastructure, 10 years for library and audiovisual holdings, 15 years for leasehold improvements, and 3 to 7 years for equipment. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is begun the fiscal year following the date of acquisition. Depreciation is taken the year of disposal.

At the Newport campus, depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 15 to 30 years for buildings, 15 years for improvements and infrastructure, 10 years for library and audiovisual holdings, 3 to 15 years for equipment, and 7 years for software. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is begun the fiscal year following the date of acquisition. Depreciation is taken the year of disposal.

At the Three Rivers campus, depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 20 to 50 years for buildings, 15 years for improvements and infrastructure, 10 years for library and audiovisual holdings, 15 years for leasehold improvements, and 3 to 7 years for equipment. Capital assets are presented net of accumulated depreciation where applicable. Depreciation is begun the fiscal year following the date of acquisition. No depreciation is taken the year of disposal.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Right to Use Assets

The University has accounted for the authority to use these assets on the Statement of Net Position and amortizes them over the term of the contract. These include the Welcome Center and the North End Zone of the Football Stadium.

Leases Payable

The University has leases including those for office space, daycare center space, airport space, airplanes, and equipment. The leased asset is recorded on the Statement of Net Position and amortized over the term of the contract. The amount payable over the contract is recorded as a lease payable on the Statement of Net Position.

Detailed information on leases payable can be found in Note 4 and Note 6.

Software Subscriptions

The University has software subscriptions from external parties for various terms under long-term, noncancelable subscription arrangements. These subscriptions are recorded on the Statement of Net Position and amortized over the term of the contract. The amount payable over the contract is recorded as a lease payable on the Statement of Net Position.

Detailed information on software subscriptions can be found in Note 4 and in Note 7.

Operating and Nonoperating Revenues

Revenues of the University are classified as either operating or nonoperating according to the following criteria:

Operating Revenues: Operating revenues result from activities that have characteristics of exchange transactions; that is, the University receives payment in exchange for providing services or products to students or other constituencies. Student tuition and fees, net of scholarship discounts and allowances, sales and services of auxiliary operations, net of scholarship discounts and allowances, and most federal, state, local and private grants are the main categories of operating revenues for the University.

Nonoperating Revenues: Nonoperating revenues are those revenues that result from nonexchange transactions or from activities specifically defined as nonoperating by the GASB. Examples of nonoperating revenues include state appropriations, certain grants and contracts, sales and use taxes, property taxes and investment income. State appropriations from the state are considered nonoperating under the definitions set forth by the GASB because the University does not provide a direct and commensurate benefit to the legislature in exchange for them.

Cash Equivalents

For purposes of the Statement of Cash Flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable consists of assets the University is legally entitled to, but for which payment has not been received as of the close of the fiscal year at June 30, 2025. The various sources of the University's receivables are detailed in a subsequent note. Receivables are presented net of any estimated uncollectible amounts in accordance with generally accepted accounting principles.

Investments

An investment is a security or other asset that (a) a government holds primarily for the purpose of income or profit and (b) has a present service capacity based solely on its ability to generate cash or be sold to generate cash. The University accounts for its investments, except for nonparticipating contracts, at fair value in accordance with GASB Statement no. 72, *Fair Value Measurement and Application*. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in unrealized gain (loss) on the carrying value of investments

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

are reported as a component of investment income in the Statement of Revenues, Expenses and Changes in Net Position. Nonparticipating contracts are reported at cost in accordance with GASB Statement no. 31, *Accounting and Reporting for Certain Investments and for External Investment Pools*.

The University's policy is to report all endowment funds administered by other parties for investment purposes as investments in the financial statements.

Detailed information of the University's investments is provided in Note 2.

Leases Receivable

The University has certain contractual agreements with outside parties to receive an amount regularly over the term of a contract. These agreements are recorded on the Statement of Net Position as a lease receivable and a deferred inflow.

Detailed information on leases receivable can be found in Note 6.

Inventories

Inventories are valued at cost. The Jonesboro, Beebe, Mountain Home, Newport, and Three Rivers campuses use a first-in, first-out basis. Henderson State University uses a last-in, first-out basis and the Mid-South campus uses an average cost basis.

Noncurrent Cash and Investments

Cash and investments that are externally restricted for endowment scholarships and other purposes or to purchase or construct capital assets, are classified as noncurrent assets in the Statement of Net Position. Additionally, this classification includes other long-term investments with original maturity dates greater than one year.

Restricted/Unrestricted Resources

The University has no formal policy addressing which resources to use when both restricted and unrestricted net position are available for the same purpose. University personnel decide which resources to use at the time expenses are incurred.

Unearned Revenues

Unearned revenues consist primarily of amounts received prior to the end of the fiscal year for tuition and fees and certain auxiliary activities that relate to a subsequent accounting period. For example, payments for tuition and fees for the second summer term or season football tickets for the upcoming fall season received prior to June 30, 2025 are treated as unearned revenues. They are considered liabilities of the University until earned.

Compensated Absences Payable

Employee vacation, sick leave, and compensatory time earned, but not paid, and related matching costs are recorded as a liability and expense on the University's financial statements as required by generally accepted accounting principles. An estimate is made to allocate this liability between its current and noncurrent components.

Deposits with Trustees

Deposits with trustees are externally restricted and held by various banks for the University. They are maintained in order to make debt service payments, to maintain sinking or reserve funds as required by bond covenants, or to purchase or construct capital assets.

Noncurrent Liabilities

Noncurrent liabilities include (1) the amount of the optional voluntary retirement incentive program (Note 18); (2) principal amounts of bonds payable, notes payable, lease obligations with contractual maturities greater than one year, and installment contracts payable; (3) estimated amounts for accrued compensated absences and related matching costs and other liabilities that will not be paid within the next fiscal year; (4) other postemployment benefits; (5) net pension liability; (6) estimated amounts for deposits held that will not be paid within the next fiscal year; and (7) the refundable federal portion of the Perkins Loan Program.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System (APERS) and Arkansas Teacher Retirement System (ARTRS) and additions to/deductions from their respective fiduciary net position have been determined on the same basis as they are reported by each retirement system. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Property Taxes

The Mid-South and Mountain Home campuses receive property tax revenues. These property taxes are levied in November based on property assessment made between January 1 and May 31 and are an enforceable lien on January 1 for real property and June 1 for personal property. The tax records are opened on the first business day of March of the year following the levy date and are considered delinquent after October 15 of the same calendar year.

Sales and Use Taxes

Effective January 2003, the electors of Jackson County, by a majority vote, approved the levy of a one-half of one percent (1/2%) sales and use tax for the ASU-Newport campus. This tax will be utilized for capital improvements and operation and maintenance. Additionally, the electors of Cleburne County approved the levy of a one-half of one percent (1/2%) sales and use tax for the Heber Springs campus. The tax will also be utilized for capital improvements and operation and maintenance.

Fiduciary Activities

The University holds deposits as custodian or fiscal agent for students, student organizations, and certain other organized activities related to the University. These amounts are not University funds and are shown in separate statements. The fiduciary financial statements have been presented using the economic resources focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation is incurred.

Net Position

The University's net position is classified as follows:

Net Investment in Capital Assets: This classification represents the University's total investment in capital assets, net of outstanding debt obligations related to those assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included in this category.

Restricted Net Position: Within this classification there are two (2) categories of net position:

- **Restricted, expendable:** Restricted expendable net position includes resources for which the University is legally or contractually obligated to spend only in accordance with restrictions imposed by external parties.
- **Restricted, nonexpendable:** Nonexpendable restricted net position consists of endowment and similar type funds for which donors or other external parties have stipulated that the principal or corpus is to be maintained inviolate and in perpetuity and invested only for the purpose of producing income which may either be expended in accordance with the donors' or external parties' stipulations or added to the principal.

Unrestricted Net Position: Unrestricted net position represents resources of the University that are unrelated to capital items and not externally restricted. These resources may be expended at the discretion of the University's governing board in the educational and general operations of the University and in furtherance of its mission.

Scholarship Discounts and Allowances

Student tuition and fees, and certain other revenues received from students are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net Position. Scholarship discounts and allowances are the difference between the University's stated rates and charges and the amount actually paid by students and/or third parties making payments on behalf of the students. Under this approach, scholarships awarded by the University are considered as reductions in tuition and fee revenues rather than as expenses. Additionally, certain governmental grants, such as Pell grants, and payments from other federal, state or nongovernmental programs, are required to be recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are applied to tuition, fees, and other student charges, the University has reported a corresponding scholarship discount or allowance.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS

NOTE 2.
PUBLIC FUND DEPOSITS AND INVESTMENTS

Cash deposits are carried at cost. The University's cash deposits at year-end are shown below:

	Carrying Amount	Bank Balance
Insured (FDIC)	\$ 6,614,855	\$ 6,627,093
Insured (SIPC)	182,485	182,485
Collateralized:		
Collateral held by the pledging bank or pledging bank's agent in the University's name	162,944,918	161,010,694
Total Deposits	<u>\$ 169,742,258</u>	<u>\$ 167,820,272</u>

The insured (FDIC) balances include \$1,870,146 of funds placed through Certificate of Deposit Account Registry Service (CDARS). CDARS purchases certificates of deposit in various banks which are insured by FDIC. The above deposits do not include cash on hand maintained by the University in the amount of \$43,391 at June 30, 2025. Also, the above amount does not include \$75,148 in cash and cash equivalents and \$400,000 in certificates of deposits held by the ASU Foundation for license plate scholarships classified as restricted investments and \$654,033 of money market funds classified as cash and cash equivalents. The above total deposits include certificates of deposits of \$23,798,559 reported as investments and classified as nonnegotiable certificates of deposit. Additionally, the deposits do not include money market checking accounts of \$367,294 reported as deposits with trustees. The above total deposits include cash held for fiduciary activities of \$1,456,503 reported on the Statement of Fiduciary Net Position.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the University's deposits may not be returned to it. The University's policy states that investments made by the University, excluding those funds donated for endowment purposes, should be secure with no risk of loss. All investments must be fully collateralized with such collateral being evidenced by a bonded, third-party custody receipt provided to the campus making the investment. Collateral may be of three types including: (a) United States government securities, (b) securities of government agencies of the United States, or (c) general obligation bonds of cities, counties, or school districts of the state of Arkansas. The University's bank balance of \$167,820,272 was fully collateralized at June 30, 2025.

Deposits with Trustees

At June 30, 2025, the University's deposits with trustees totaled \$32,644,977. Other than the money market checking accounts of \$367,294, the details of the deposits with trustee by campus are below.

Arkansas State University Jonesboro

At June 30, 2025, the University's deposits with trustees of \$28,410,882 were primarily invested in:

- U.S. Treasury Notes, Bonds, and Bills
- Dreyfus Treasury Securities, a government money market fund consisting primarily of repurchase agreements and short-term U.S. Treasury securities
- Federated Hermes Treasury Obligations Fund, a money market treasury fund consisting primarily of repurchase agreements and short-term U.S. Treasury securities
- Federated Hermes U.S. Treasury Cash Reserves, a money market treasury fund consisting primarily of short-term U.S. Treasury securities
- Federated Hermes Government Obligations Fund, a money market mutual fund consisting primarily of repurchase agreements and short-term U.S. Treasury securities

These funds were rated Aaa-mf by Moody's Investors Service. The weighted average maturity was approximately:

- | | |
|--|---------|
| • Dreyfus Treasury Securities | 48 days |
| • Federated Hermes Treasury Obligations Fund | 40 days |
| • Federated Hermes U.S. Treasury Cash Reserves | 40 days |
| • Federated Hermes Government Obligations Fund | 37 days |

The deposits with trustees consisted of funds either obligated as debt reserves for the University's bond issues or earmarked for specific capital projects.

Fair value – The University categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The fair value of the deposits with trustees at June 30, 2025 is shown below:

Level 1	Level 2	Level 3	
Quoted prices for identical investments in active markets	Quoted prices for similar investments in active markets	Prices determined from the University's data	Total

University Investments (Excluding Endowment Funds)

At June 30, 2025, the University's investments, excluding endowment funds, consisted of corporate bonds of \$1,681,157, U.S. government agencies of \$13,616,885, U.S. Treasury notes of \$4,851,616, and municipal bonds of \$2,033,134. Details of the investments by campus are below.

Arkansas State University Jonesboro

At June 30, 2025, the University's investments, excluding endowment funds, consisted of corporate bonds of \$233,717, U.S. government agencies of \$13,516,950, and municipal bonds of \$2,033,134.

The corporate bonds will mature as follows:

<u>Less than one year</u>	<u>1 to 5 years</u>	<u>6 to 10 years</u>	<u>Greater than 10 years</u>	<u>Total</u>
<u>\$ 233,717</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 233,717</u>

The U.S. government agencies will mature as follows:

<u>Less than one year</u>	<u>1 to 5 years</u>	<u>6 to 10 years</u>	<u>Greater than 10 years</u>	<u>Total</u>
<u>\$ 4,482,990</u>	<u>\$ 9,033,960</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,516,950</u>

The municipal bonds will mature as follows:

<u>Less than one year</u>	<u>1 to 5 years</u>	<u>6 to 10 years</u>	<u>Greater than 10 years</u>	<u>Total</u>
<u>\$ 249,159</u>	<u>\$ 1,578,698</u>	<u>\$ -</u>	<u>\$ 205,277</u>	<u>\$ 2,033,134</u>

Interest rate risk - The corporate bonds had an estimated weighted average maturity of 0.458 years at June 30, 2025. The U.S. government agencies had an estimated weighted average maturity of 2.240 years at June 30, 2025. The municipal bonds had an estimated weighted average maturity of 4.474 years at June 30, 2025. The University's investment policy does not specifically limit operating investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The investment policy states the portfolio shall be designed to attain an above market rate of return throughout budgetary and economic cycles, taking into account investment risk constraints and cash flow requirements.

Refunding of Debt

Arkansas State University Jonesboro

On December 12, 2024, the University issued \$10,360,000 in refunding bonds for the Jonesboro campus with an interest rate of 5 percent to refund \$11,250,000 of outstanding bonds (Series 2013B) dated December 1, 2013 with interest rates of 2 to 5 percent. Net proceeds of \$11,268,789 after payment of \$115,243 for bond issuance costs and a premium of \$1,024,032 were remitted to an escrow agent to provide for all future payments of the defeased bonds. U.S. Treasury obligations of \$11,266,652 purchased by the escrow agent, were pledged for the retirement of these bonds. As a result of this refunding, the 2013B Series bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position. The 2013B bonds were called on January 13, 2025. The University refunded the bonds to reduce its total debt service payments by \$1,213,697 over the next nineteen (19) years and to obtain an economic gain of \$873,349. The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$69,716. This difference, reported in the accompanying financial statements as a deferred inflow of resources, will be amortized through the year 2044 using the straight-line method.

B. Leases Receivable

Arkansas State University Jonesboro

The University has three ground leases with outside parties. The deferred inflow for the leases are amortized using the straight-line method. Below are the details of each lease and a summary of the amounts:

On February 26, 2016, the University entered into a ground lease agreement with Hotel Partners, LLC to construct and operate a hotel, convention center, and restaurant on approximately 11 acres of land owned by the University. Hotel Partners, LLC is responsible for all construction costs, maintenance costs and operational costs of the project.

The University began receiving rent annually for the use of the land beginning in fall 2022. The University will receive \$416,650 annually for two years and then will receive \$250,000 for each of the following years. The term of the lease is fifty years plus four (4) options for an additional ten (10 years) each.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

On July 21, 2016, the University entered into an agreement with ZP NO. 315, LLC (Zimmer) to construct and operate undergraduate and graduate student housing facilities on approximately 13 acres of land owned by the University. Zimmer is responsible for all construction costs, maintenance costs and operational costs of the housing. The University began receiving rent annually for the use of the land beginning in fall 2017. The term of the lease is thirty-five years. The lease provides an option for the University, not an obligation, to acquire Zimmer's interest in the property from and after the tenth anniversary of the rent commencement date. On the fifth (5th) anniversary of the rent commencement date and every five years thereafter, base rent shall be increased on a percentage basis equal to the lesser of five percent or the average percentage increase of rents payable by tenants across all on-campus apartment housing. In fiscal year 2023, the amount received annually for the undergraduate housing increased from \$200,004 to \$210,000. In fiscal year 2023, the amount received annually for the graduate housing increased from \$105,000 to \$110,256.

The amount of principal and interest and amortization of deferred inflows for the next five years and in five year increments are:

Year ended June 30,	Principal	Interest	Amortization of Deferred Inflow
2026	\$ 131,978	\$ 438,278	\$ 249,120

NOTE 9.
RETIREMENT PLANS

Defined Contribution Plans

Teachers Insurance and Annuity Association (TIAA)

Plan Description

The University participates in TIAA, a defined contribution plan. The plan is a 403(b) program as defined by Internal Revenue Service Code of 1986 as amended, and is administered by TIAA. The plan offers fixed annuities, variable annuities, and mutual funds. Arkansas law authorizes participation in the plan.

Funding Policy

The mandatory employee contribution is 6%, and the University contributes 10% of earnings for all eligible employees. The Mid-South campus contributes 14% of earnings for employees hired prior to July 1, 2016. The Three Rivers campus contributes 14% of earnings for all eligible employees. Employees may also make voluntary contributions to the plan subject to current regulations. Employees vest after one year of service. For employees who do not meet the vesting requirement; the employer contributions are considered forfeited and are used to offset future employer contributions. During fiscal year 2025, \$731,421 of forfeitures were applied to employer contributions. The University's and participants' contributions for the year ended June 30, 2025 were \$14,647,626 and \$11,147,663 respectively.

Variable Annuity Life Insurance Company (VALIC)

Plan Description

The Jonesboro, Beebe, Mountain Home, Newport, and Three Rivers campuses participate in VALIC, a defined contribution plan. The plan is a 403(b) program as defined by the Internal Revenue Service Code of 1986 as amended, and is administered by VALIC. The plan also offers fixed annuities, variable annuities and mutual funds. Arkansas law authorizes participation in the plan.

Funding Policy

The mandatory employee contribution is 6%, and the University contributes 10% of earnings for all eligible employees. The Three Rivers campus contributes 14% of earnings for all eligible employees. Current participants may also make voluntary contributions to the plan subject to current regulations. Employees vest after one year of service. For employees who do not meet the vesting requirement; the employer contributions are considered forfeited and are used to offset future employer contributions. During fiscal year 2025, there were no forfeitures applied to employer contributions. The University's and participants' contributions for the year ended June 30, 2025 were \$899,853 and \$704,532, respectively.

VOYA

Plan Description

The Mid-South campus participates in VOYA, a defined contribution plan. The plan is a 403(b) program as defined by Internal Revenue Service Code of 1986 as amended, and is through VOYA. The plan offers fixed and variable annuities. Arkansas law authorizes participation in the plan.

Funding Policy

The mandatory employee contribution is 6%, and the University contributes 10% of earnings for all eligible employees. The campus contributes 14% of earnings for employees hired prior to July 1, 2016. Employees may also make voluntary contributions to the plan subject to current regulations. Employees vest after one year of service. For employees who do not meet the vesting requirement; the employer contributions are considered forfeited and are used to offset future employer contributions. During fiscal year 2025, there were no forfeitures applied to employer contributions. The University's and participants' contributions for the year ended June 30, 2025 were \$88,060 and \$44,672, respectively.

Defined Benefit Pension Plans

The University's defined benefit pension plan information includes Arkansas Teacher Retirement System and Arkansas Public Employees Retirement System. Following are the details and summary of the plans.

Plan Descriptions

Arkansas Teacher Retirement System

The University contributes to the Arkansas Teacher Retirement System (ATRS), a cost-sharing multiple-employer defined benefit pension plan. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 266 of 1937. The general administration and responsibility for the proper operation of the System is vested in the fifteen members of the Board of Trustees of the Arkansas Teacher Retirement System. Detailed information about ATRS's fiduciary net position is available in the separately issued ATRS Financial Report available at <http://www.artts.gov/publications>.

Arkansas Public Employees Retirement System

The University (other than the Mid-South and Mountain Home campuses) contributes to the Arkansas Public Employees Retirement System (APERS), a cost-sharing multiple-employer defined benefit pension plan. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System. Detailed information about APERS's fiduciary net position is available in the separately issued APERS Financial Report available at <http://www.apers.org/annualreports>.

Benefits Provided

Arkansas Teacher Retirement System

Benefit provisions are set forth in Arkansas Code Annotated, Chapter 24 and may only be amended by the Arkansas General Assembly. ATRS provides retirement, disability and death benefits. Members are eligible for full retirement benefits at age 60 with five or more years of actual and reciprocal service or at any age with 28 or more years of credited service. Members with 25 years of actual and reciprocal service who have not attained age 60 may receive an annuity reduced by 10/12 of 1% multiplied by the number of months by which the early retirement precedes the earlier of (1) completion of 28 years of credited service or (2) attainment of age 60. The normal retirement benefit, paid monthly, is determined based on (1) the member's final average salary (effective July 1, 2018, computed using the average of the annual salaries paid during the period of 5 years of credited service producing the highest annual average) and (2) the number of years of service. For active members, as of June 30, 2018, a benchmark 3-year FAS was established as a minimum FAS.

A cost of living adjustment (COLA) is payable on July 1 of each year to retirees, certain survivors, and annuity beneficiaries who received monthly benefits for the previous 12 months. The COLA is calculated by multiplying 100% of the member's base retirement annuity by 3%.

Act 1096 of 1995 created a teacher deferred retirement option plan (T-DROP) for members with 30 or more years of service credit. Effective September 1, 2003, Act 992 of 2003 requires employers to make contributions on behalf of all members participating in T-DROP at rates established by the Board of Trustees. Member contributions and accumulation of service credit will cease once a member enters T-DROP. During participation in T-DROP, ATRS will credit the member account with plan deposits and interest. The plan deposits will be calculated beginning with the member's plan benefit reduced by 1% for each year of credited service. The Board of Trustees may authorize early participation in T-DROP for members with at least 28 years but less than 30 years of credited service. The plan deposit for early participation will be calculated the same as the regular T-DROP deposit with a further reduction of at least .5% but not more than 1% for each month of credited service under 30 years. The T-DROP account accrues interest at a variable rate that is set annually by the ATRS Board of Trustees. T-DROP deposits into member accounts cease at the completion of 10 years of participation in the program; however, a member may continue employment and will continue to receive interest on the account balance at the 10-year plus interest rate that is also set annually by the Board of Trustees. When T-DROP participation ceases, the member may receive the T-DROP distribution as a lump-sum cash payment or an annuity, roll it into another tax-deferred account, or defer the distribution into a T-DROP cash balance account held by ATRS.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Disability retirement benefits are payable to members who are vested and demonstrate total and permanent incapacity to perform the duties of their position while in active employment. The disability annuity is computed in the same manner as the age and service annuity.

Survivor benefits are payable to qualified survivors upon the death of an active, vested member. Eligible spouse survivors receive a survivor annuity that is based on the member's years of service credit prior to their death, and minor child survivors receive a percentage of the member's highest salary earned. ATRS also provides a lump sum death benefit for active and retired members with 10 years or more of actual service. The minimum benefit amount is \$6,667 and an additional amount is provided based on the member's retirement date and years of contributory service up to a \$10,000 maximum.

The University no longer offers new employees the option of electing Arkansas Teacher Retirement System as a retirement plan. Employees who had already elected this option will continue to participate in the plan. This became effective on July 1, 2011 for the Jonesboro, Beebe, Mountain Home and Newport campuses and Henderson State University. This was effective for the Mid-South campus on June 8, 2015 and the Three Rivers campus on December 31, 2019.

The University reported payables to ATRS in the amount of \$67,004 as of June 30, 2025. This amount has been reported on the Statement of Net Position as a current liability.

Arkansas Public Employees Retirement System

Benefit provisions are established by state law and may be amended only by the Arkansas General Assembly. Members are eligible for full benefits under the following conditions:

- At any age with 28 years of credited service,
- At age 65 with 5 years of actual service except for members of the General Assembly who must have 10 years of actual service if the member only has service as a member of the General Assembly, or
- At age 55 with 35 years of credited service as an elected or public safety member.

The normal retirement benefit, paid monthly, is determined based on (1) the member's final average compensation (an average of the highest 36 months' earnings) and (2) the number of years of credited service. The plan also provides for disability and survivor benefits.

The University no longer offers new employees the option of electing Arkansas Public Employees Retirement System as a retirement plan. Employees who had already elected this option will continue to participate in the plan. This became effective on January 1, 2012 for the Jonesboro, Beebe, Mountain Home and Newport campuses. This was effective for Henderson State University on July 1, 2018 and the Three Rivers campus on December 31, 2019. The Mid-South campus did not participate in this plan.

The University reported payables to APERS in the amount of \$27,959 as of June 30, 2025. This amount has been reported on the Statement of Net Position as a current liability.

Contributions

Arkansas Teacher Retirement System

ATRS has contributory and noncontributory plans. The contributory plan has been in effect since the beginning of ATRS. The noncontributory plan became available July 1, 1986. Act 907 of 1999, effective July 1, 1999, requires all new under contract for 181 or more days to be contributory. Act 443 of 2021, effective July 1, 2021, increased the required number of contract days to 185 or more days. Act 385 of 2005 allows noncontributory members to make an irrevocable election to become contributory on July 1 of each fiscal year.

ATRS's funding policy provides for periodic employer contributions at statutorily-established rates based on annual actuarial valuations. The employer contribution rate was 15% for the fiscal year ending June 30, 2025. Contributory members are required to contribute 7% of gross wages to ATRS. Employee contributions are refundable if ATRS-covered employment terminates before a monthly benefit is payable. Employee contributions remaining on deposit with ATRS for a period of one or more years earn interest credits, which are included in the refund.

**ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

Arkansas Public Employees Retirement System

Contribution provisions applicable to the participating employers are established by the APERS Board of Trustees and should be based on an independent actuary's determination of the rate required to fund the plan.

The public employees retirement plan was established as contributory. Act 793 of 1977 allowed existing and previous members to become noncontributory members. Anyone joining after January 1, 1978 was automatically enrolled as a noncontributory member. Act 2084 of 2005 established a new contributory requirement for all covered employees first hired on or after July 1, 2005. Employees hired prior to this date that are noncontributory have the option to become a contributory member at any time.

Employers contributed 15.32% of compensation for the fiscal year ended June 30, 2025.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The collective net pension liability of \$6,768,187,098 (\$4,280,065,186 related to ATRS and \$2,488,121,912 related to APERS) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Each employer's proportion of the net pension liability was based on the employer's share of contributions to the pension plan relative to the total contributions of all participating employers.

At June 30, 2025, the University reported a liability of \$11,443,988 (\$6,368,636 related to ATRS and \$5,075,352 related to APERS) for its proportionate share of the net pension liability. At June 30, 2024, the University's proportion of the collective net pension liability was 0.15% for ATRS and 0.20% for APERS.

For the year ended June 30, 2025, the University recognized total pension expense of (\$848,344). (\$253,658) of this amount was related to ATRS and (\$594,686) was related to APERS. At June 30, 2025, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
ATRS		
Differences between expected and actual experience	\$ 185,738	\$ 4,473
Changes of assumptions	309,397	
Net difference between projected and actual earnings on pension plan investments		703,340
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,034	2,129,179
Contributions subsequent to the measurement date	829,349	
Totals	<u>\$ 1,325,518</u>	<u>\$ 2,836,992</u>
APERS		
Differences between expected and actual experience	\$ 196,964	\$ 207,508
Changes of assumptions	176,874	
Net difference between projected and actual earnings on pension plan investments	147,233	
Changes in proportion and differences between employer contributions and proportionate share of contributions	2,760	1,637,076
Contributions subsequent to the measurement date	640,573	
Totals	<u>\$ 1,164,404</u>	<u>\$ 1,844,584</u>
COMBINED		
Differences between expected and actual experience	\$ 382,702	\$ 211,981
Changes of assumptions	486,271	-
Net difference between projected and actual earnings on pension plan investments	147,233	703,340
Changes in proportion and differences between employer contributions and proportionate share of contributions	3,794	3,766,255
Contributions subsequent to the measurement date	1,469,922	
Totals	<u>\$ 2,489,922</u>	<u>\$ 4,681,576</u>

The above amount of \$1,469,922 was reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2026.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30,</u>	<u>ATRS</u>	<u>APERS</u>	<u>Total</u>
2026	\$(1,258,361)	\$(1,050,084)	\$(2,308,445)

Actuarial Assumptions

The total pension liability, net pension liability, and certain sensitivity information was determined by an actuarial valuation as of June 30, 2024 for both ATRS and APERS. The significant assumptions used in the valuation and adopted by the ATRS Board of Trustees and the APERS Board of Trustees were as follows:

	<u>ATRS</u>	<u>APERS</u>
Actuarial cost method	Entry age normal; funding to retirement	Entry age normal
Amortization method	Level percentage of payroll	Level percentage of payroll, closed
Remaining amortization period	30 years	16 years
Asset valuation method	4-year smoothed market for funding purposes; 20% corridor	4-year smoothed market; 25% corridor
Discount rate	7.25%	7.00%
Wage inflation	2.75%	3.25%
Salary increases	2.75 – 5.75%	3.25 – 11.00%
Investment rate of return	7.25%	7.00%* *Net of investment and administrative expenses

Mortality rate table

ATRS

Pub-2010 Healthy Retired, General Disabled Retiree, and General Employee Mortality weighted tables were used for males and females. Mortality rates were adjusted for future mortality improvements using projection scale MP-2020 from 2010.

Table	Scaling Factor	
	Males	Females
Healthy Retirees	105%	105%
Disabled Retirees	104%	104%
Active Members	100%	100%

APERS

The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 114% and 132% of the PubG-2010 Amount-Weighted Below-Median Income General Retiree Mortality tables males and females, respectively. The disabled retiree mortality tables, for post-retirement disabled mortality, used in evaluating allowances to be paid were 114% and 132% of the PubNS-2010 Amount-Weighted Disabled Retiree Mortality tables for males and females, respectively. The pre-retirement mortality tables used were 75% of the PubG-2010 Amount-Weighted Below-Median General Employee Mortality tables for active mortality experience. Mortality rates for a particular calendar year are determined by applying the MP-2021 mortality improvement scale to the above described tables.

The actuarial assumptions used in the June 30, 2024 valuation for ATRS were based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2020.

All other actuarial assumptions used in the June 30, 2024 valuation for APERS were based on the results of an actuarial experience study for the period from July 1, 2017 through June 30, 2022, and were applied to all prior periods included in the measurement.

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Investment Rate of Return

The investment rate of return was developed for each plan as follows:

Arkansas Teacher Retirement System

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary. For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2024, these best estimates are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Global equity	48%	4.7%
Fixed income	20%	2.4%
Alternatives	5%	4.5%
Real assets	15%	4.6%
Private equity	12%	6.9%
Cash equivalents	0%	1.8%
Total	<u>100%</u>	

Arkansas Public Employees Retirement System

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage and by adding expected price inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2024 - 2033 were based upon Gabriel, Roeder, Smiths' 2024 Capital Market Assumptions Modeler. For each major asset class included in the plan's current asset allocation as of June 30, 2024, these best estimates are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Broad domestic equity	39%	5.03%
International equity	17%	6.34%
Real assets	16%	4.51%
Private equity	5%	9.00%
Hedge funds	2%	3.63%
Domestic fixed	21%	3.38%
Total	<u>100%</u>	

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Discount Rate

Arkansas Teacher Retirement System

A single discount rate of 7.25% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.25%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate of 7% and that employer contributions will continue at the rate of 15%. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Arkansas Public Employees Retirement System

A single discount rate of 7.00% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially-determined contribution rates and the member rate. Based on these assumptions, the pension plan fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the proportionate share of the net pension liability using the discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

University's proportionate share of the net pension liability						
	Rate	1% Decrease	Rate	Current Discount Rate	Rate	1% Increase
ATRS	6.25%	\$ 11,326,136	7.25%	\$ 6,368,636	8.25%	\$ 2,258,920
APERS	6.00%	\$ 8,660,379	7.00%	\$ 5,075,352	8.00%	\$ 2,119,760

Accounts receivable from students are reported net of allowances for doubtful accounts. This amount was \$3,205,218 at June 30, 2025. Grants and contracts receivable are comprised of amounts due for sponsored research projects, scholarships and other restricted activities. Construction projects receivable are comprised of amounts due as reimbursement from third parties for renovation projects. Auxiliary enterprises receivables consist of amounts due at year for vending, bookstore and other types of auxiliaries. Direct lending receivables are federal loans that have been disbursed to students but the University has not yet received the cash. Amounts due from campuses are mainly a result of shared expenses paid from one campus that is being reimbursed by another campus.

NOTE 12.
MUSEUM COLLECTION

The financial statements do not include the University's museum collection, which consists of numerous historical relics, artifacts, displays and memorabilia. The total value of this collection has not been established.

NOTE 13:
OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description

The University's defined benefit OPEB plan, ASU System OPEB Plan (the Plan), provides postemployment benefits to all employees who officially retire from the University and meet certain age- and service-related requirements. The Plan is a single-employer defined benefit OPEB plan administered by the University. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement no. 75.

Benefits Provided

For campuses other than Henderson State University, employees shall become eligible for early retirement benefits at the earlier of (1) age sixty (60) with ten (10) years of continuous service or (2) age fifty-five (55) and at least seventy (70) age plus continuous service points. For Henderson State University, employees shall become eligible for early retirement benefits at age fifty-five (55) and at least

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

seventy (70) age plus continuous service points. Certain employees who retiree under a voluntary retirement window approved by the Board of Trustees of Arkansas State University are also eligible for benefits.

Benefits Provided

Employees electing retirement will receive the following benefits:

- Medical benefits – Pre-Medicare benefits are available to retirees and their eligible dependents (if covered at the time the employee retires) under the Arkansas Blue Advantage Plan.
- Life insurance benefits – The beneficiary of a retiree who dies prior to age 65 receives an amount equal to 1.5 times the retiree's final salary immediately prior to retirement, rounded to the next highest multiple of \$1,000. The maximum benefit is \$50,000. Benefits are not payable to a beneficiary of a retiree who dies after attaining age 65. Certain retirees from the Mid-South campus are eligible for a life insurance benefit that continues beyond age 65 for the lifetime of the retiree. For Henderson State University employees retiring prior to January 1, 2022, the beneficiary of a retiree who dies prior to age 65 receives \$20,000. After age 65 but before age 70, retirees can elect to pay the full cost of life insurance benefits. Dependents of retirees are eligible for a death benefit of \$2,000. Benefits are not payable after the retiree attains age 65.

Medical contributions are set based on campus and retirement date as shown below. For Henderson State employees retiring prior to July 1, 2022, benefits end for both the retiree and spouse when the retiree reaches Medicare eligibility. For all others, spouses may continue coverage beyond the retiree's Medicare eligibility until the spouse becomes Medicare-eligible by paying 100% of the employee plus employer cost for Employee Only coverage. The 2025 monthly retiree contributions by plan are shown below.

Plan	Retiree only	Retiree plus spouse	Spouse only
Non-Henderson State Retirees			
Classic Plan	\$ 330.00	\$ 652.00	\$ 660.00
Premier Plan	\$ 341.00	\$ 672.00	\$ 682.00
HSA Plan	\$ 298.50	\$ 591.00	\$ 597.00
Henderson State employees retiring prior to July 1, 2022			
Classic Plan	\$ 111.00	\$ 403.00	n/a
Premier Plan	\$ 133.00	\$ 443.00	n/a
HSA Plan	\$ 48.00	\$ 281.00	n/a
Henderson State employees retiring on or after July 1, 2022			
Classic Plan	\$ 660.00	\$ 1,304.00	\$ 660.00
Premier Plan	\$ 682.00	\$ 1,344.00	\$ 682.00
HSA Plan	\$ 597.00	\$ 1,182.00	\$ 597.00

No contributions are required for the life insurance benefit.

For campuses other than Henderson State University and Three Rivers, employees hired on or after January 1, 2019 are not eligible to receive these postemployment benefits. For Henderson State University, employees hired after July 1, 2015 are not eligible to receive these postemployment benefits. For Three Rivers, employees hired after January 1, 2020 are not eligible to receive these postemployment benefits.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

Total OPEB Liability

The University's total OPEB liability of \$9,583,743 was measured as of June 30, 2025 and determined by an actuarial valuation dated January 1, 2025.

Actuarial Assumptions and Other Inputs

The total OPEB liability for June 30, 2025 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount rate	4.21% for June 30, 2024 measurement date and fiscal 2025 expense determination 4.81% for June 30, 2024 measurement date
Inflation rate	2.00%
Salary increases	4.00% per year
Mortality rate table	Pub-2016 Headcount-Weighted Mortality Tables for General Employees, separately for males and females, and separately for employees and retirees. Mortality includes a generational projection for future mortality improvements using Scale MP-2021.
Healthcare cost trend rates	Healthcare costs are assumed to increase each year according to the rates shown below.

Year	Medical	Rx	Blended
2025	5.90%	9.80%	6.90%
2026	5.80%	8.80%	6.60%
2027	5.70%	8.00%	6.30%
2028	5.50%	7.70%	6.10%
2029	5.30%	7.50%	5.90%
2030	5.10%	7.30%	5.70%
2031	4.90%	7.00%	5.50%
2032	4.70%	6.80%	5.30%
2033	4.60%	6.30%	5.10%
2034 - 2035	4.60%	5.30%	4.80%
2036 - 2049	4.60%	4.90%	4.70%
2050 and beyond	4.60%	4.60%	4.60%

The discount rate is based on the S & P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

Mortality rates were selected based on recent research by the Society of Actuaries (SOA) since plan experience alone is not credible.

Healthcare trend rates are developed each year consistent with Lockton's near-term expectations and the SOA Getzen Long-Term Healthcare Cost Trend model.

The salary scale was set based on plan sponsor expectations of future payroll increases.

The retirement rates, termination rates, spousal coverage, participation, and lapse rates were set based on a review of plan experience from 2020 to 2024.

Aging factors were set based on a combination of Lockton proprietary data and SOA research "Health Care Costs – From Birth to Death".

The actuarial assumptions used in the June 30, 2025 valuation were based on the results of an actuarial experience study from January 1, 2024.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance, June 30, 2024	\$ 10,035,820
Changes for the year:	
Service cost	262,818
Interest	408,175
Differences between expected and actual experience	555,640
Changes in assumptions or other inputs*	(459,615)
Benefit payments	(1,219,095)
Net changes	(452,077)
Balance, June 30, 2025	\$ 9,583,743

*The discount rate was updated from 4.21% as of June 30, 2024 to 4.81% as of June 30, 2025 to reflect the current economic environment, and is based on the S & P Municipal 20 Year High Grade Rate Index as of the measurement date.

Sensitivity of the total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the University using the discount rate of 4.81%, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.81%) or 1 percentage point higher (5.81%) than the current rate:

	1% Decrease (3.81%)	Current Discount Rate (4.81%)	1% Increase (5.81%)
Total OPEB Liability	\$ 10,156,102	\$ 9,583,743	\$ 9,055,286

Sensitivity of the total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the University using the healthcare (medical and pharmacy) cost trend rate of 6.90% decreasing to 4.60%, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.90% decreasing to 3.60%) or 1 percentage point higher (7.90% decreasing to 5.60%) than the current rate:

	1% Decrease (5.90% decreasing to 3.60%)	Current Healthcare Cost Trend Rates (6.90% decreasing to 4.60%)	1% Increase (7.90% decreasing to 5.60%)
Total OPEB Liability	\$ 8,978,436	\$ 9,583,743	\$ 10,265,894

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2025, the University recognized OPEB expense of \$(2,287,038). At June 30, 2025, the University reported deferred inflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 584,552	\$ (1,021,029)
Changes of assumptions or other inputs	10,826	(1,016,006)
Net difference between projected and actual earnings on OPEB plan investments		
Contributions subsequent to the measurement date		
Totals	<u>\$ 595,378</u>	<u>\$ (2,037,035)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30,	Amount
2026	\$ (1,340,663)
2027	(117,332)
2028	15,625
2029	713
Total	<u>\$ (1,441,657)</u>

NOTE 14.
SELF INSURANCE PROGRAM

Beginning July 1, 1994, Arkansas State University established a self-funded health benefit plan for employees and their eligible dependents. All campuses of the University participate in the program, which is administered by Arkansas Blue Advantage Administrators.

At June 30, 2025, approximately 4,414 active employees, their dependents, former employees and retirees were participating in the program. The University offers three health plans: the Classic Plan which uses the Arkansas True-Blue network, the Premier Plan, and the Health Savings Plan which both use the Arkansas True-Blue network and the National Blue Care network. For those participating in single coverage, the University pays 84% of the total premium. The University pays 74% of the total premium for those participating in full family coverage, 70% for those participating in employee and spouse coverage, and 69% for those participating in employee and children coverage. Retirees (for campuses other than Henderson State University), including early retirees, pay 50% of their coverage and the University covers the other 50%. Henderson State University retirees pay the same rates as active employees. The University does not offer insurance to retirees or their spouses who are eligible for Medicare. A retiree's spouse can continue coverage after the retiree becomes eligible for Medicare at a cost of 100% of the single coverage rate until they too are eligible for Medicare.

The University estimates its unpaid health claims liability at June 30, 2025 to be \$2,199,300 with Arkansas Blue Advantage Administrators. This liability is established for incurred but not reported medical claims and is based on the calculation prepared by Lockton. Details of this liability are shown below.

Unpaid Claims Liability		
	<u>FY 2025</u>	<u>FY 2024</u>
Unpaid claims and claims adjustment expenses at beginning of year	\$ 1,790,200	\$ 1,650,500
Incurred claims and claim adjustment expenses:		
Provision for insured events of the current year	21,291,085	19,206,359
Adjustment in provision for insured events of prior years		
Total incurred claims and claim adjustment expenses	<u>23,081,285</u>	<u>20,856,859</u>
Payments:		
Claims and claim adjustment expenses attributable to insured events of the current year	19,161,785	17,416,159
Claims and claim adjustment expenses attributable to insured events of prior years	1,720,200	1,650,500
Total payments	<u>20,881,985</u>	<u>19,066,659</u>
Total unpaid claims and claims adjustment expenses at end of year	<u><u>\$ 2,199,300</u></u>	<u><u>\$ 1,790,200</u></u>

The University purchases specific reinsurance to reduce its exposure to large claims. Wellpoint is the reinsurance carrier. Under the specific arrangement, the reinsurance carrier pays for claims for covered employees that exceed \$300,000.

NOTE 15.
ENDOWMENT FUNDS

Arkansas State University Jonesboro

The University has donor-restricted endowment funds. Investment income on the amount endowed is restricted for scholarships and other purposes. All endowment funds are maintained as cash or investments. Investments reported at fair value, include bonds/fixed income securities, mutual funds and other managed investments. The endowment net position at June 30, 2025 was \$16,820,683. Of this amount, \$15,536,888 was nonexpendable and the remaining \$1,283,795 was expendable.

State law allows a governing board to expend a portion of the net appreciation in the fair value of the assets over the historic dollar value of the fund unless the applicable gift document states otherwise. State law stipulates that such expenses are to be for the purpose for which the endowment funds were established.

For endowments held by the Arkansas State University Foundation, the University's policy is for annual expenses from the endowment funds not to exceed 4% of the five (5) year average fair value as determined at December 31st of the previous year. In periods with no fair value appreciation, the University limits the spending to actual income generated by the endowment fund assets.

Arkansas State University Beebe

The University has donor-restricted endowment funds. Investment income on the amount endowed is restricted for scholarships and other purposes. All endowment funds are maintained as investments. Investments reported at fair value, include bonds/fixed income, mutual funds and other managed investments. The endowment net assets at June 30, 2025 were \$892,031. Of this amount, \$799,367 was nonexpendable and the remaining \$92,664 was expendable.

State law allows a governing board to expend a portion of the net appreciation in the fair value of the assets over the historic dollar value of the fund unless the applicable gift document states otherwise. State law stipulates that such expenses are to be for the purpose for which the endowment funds were established.

The University's policy is for any interest earnings to be expensed from the endowment funds for scholarships.

NOTE 17.
RISK MANAGEMENT

The University is exposed to various risks of loss including, but not necessarily limited to torts; theft of, damage to, and destruction of assets; errors and omissions; nonperformance of duty; injuries to employees; and natural disasters. In response to this diverse risk exposure, the University has established a comprehensive risk management approach including, where acceptable and prudent, retention of the associated risks to the extent that funds are available from general operations or reserves to cover losses. In those situations where risk retention has been deemed not acceptable or prudent, the University has practiced risk transfer through participation in the State of Arkansas's risk management programs or through the purchase of commercial insurance coverage.

The University participates in the Arkansas Fidelity Bond Trust Fund administered by the Government Bonding Board. The fund provides coverage of actual losses incurred as a result of fraudulent or dishonest acts committed by state officials or employees. Each loss is limited to \$300,000 with a \$2,500 deductible. Premiums for coverage are remitted by the Arkansas Department of Finance and Administration from funds deducted from the University's state treasury funds.

The University secures vehicle insurance coverage through participation in the Arkansas Multi-Agency Insurance Trust Fund administered by the Risk Management Division of the Arkansas Insurance Department. The general objective of the program is to allow participating agencies an affordable means of insuring their vehicle fleets. The University pays an annual premium for this coverage. The fund provides a coverage pool, but, employs a reinsurance policy to reduce its exposure to large losses.

The University also participates in the Worker's Compensation Revolving Fund administered by the Arkansas Department of Finance and Administration. Premium assessments are determined annually by the Department of Finance and Administration and deducted on a quarterly basis from the University's state treasury funds.

Additional information relating to the state's insurance plans and funds is available in the State of Arkansas's Annual Comprehensive Financial Report.

The University also purchases commercial property insurance coverage to indemnify against unacceptable losses to buildings and business personal property through participation in the Arkansas Multi-Agency Insurance Trust Fund administered by the Risk Management Division of the Arkansas Insurance Department. Decisions concerning the appropriate retention levels and types of coverage are made by the campus administrators. During the past three fiscal years, no claims have exceeded the amount of coverage. There have been no significant reductions in insurance coverage from the prior year in the major categories of risk. The University pays an annual premium for this coverage. The fund provides a coverage pool, but, employs a reinsurance policy to reduce its exposure to large losses.

The University secures cyber data liability insurance coverage through participation in the Arkansas Multi-Agency Insurance Trust Fund administered by the Risk Management Division of the Arkansas Insurance Department. The general objective of the program is to allow participating agencies an affordable means of insuring their cyber data liability exposure. The University pays an annual premium for this coverage and has a \$25,000 per occurrence deductible applicable only to the hardware "bricking" coverage of the policy. The insurance plan provides a limited self-funded risk retention plan, but procures an excess liability policy to reduce its exposure to large losses.

Additional policies purchased by the University include a group accident policy that provides accidental death and dismemberment and accident medical expenses coverage for certain categories of participants in intercollegiate sport activities of the university; a business travel policy that provides accidental death and dismemberment, medical evacuation and repatriation coverage for individuals traveling on university business; a comprehensive K&R policy to cover costs and provide assistance in certain crisis events involving university directors, officers, employees, faculty and students; a foreign commercial package policy that provides coverage for foreign commercial general liability, auto liability/physical damage, voluntary compensation and employers liability, and foreign travel accident and sickness.

NOTE 18.
OPTIONAL VOLUNTARY RETIREMENT INCENTIVE PROGRAM

System

During fiscal year 2025, the System Office offered an optional voluntary retirement incentive program to certain employees. To be eligible, an employee must have completed 10 years of continuous full-time employment as of June 30, 2025 and must meet the retirement eligibility requirements of any state-sponsored retirement program. Under the program, employees will receive 50% of their salary over a period of two years. Additionally, an annual payment will be made to the employee's retirement fund in July 2025 and again in July 2026. The University has accrued the payable for the four (4) employees who elected to participate in the program. As of June 30, 2025, the liability totaling \$222,092 has been recorded on the University's financial statements with \$111,046 recorded as a current liability and the remaining \$111,046 as a noncurrent liability.

Arkansas State University Jonesboro

During fiscal year 2024, the campus offered an optional voluntary retirement incentive program to certain employees. To be eligible, an employee must have been 60 years of age with 10 years of continuous full-time employment as of June 30, 2024. Employees will receive 25% of their salary for a period of two years. A payment was made to the employee's retirement fund in July 2024 and will be made again in July 2025. The University has accrued the payable for the thirty-nine (39) employees who elected to participate in the program. As of June 30, 2025, the liability totaling \$687,494 has been recorded on the University's financial statements as a current liability.

NOTE 19.
LEASE OBLIGATIONS WITH RED WOLVES FOUNDATION, INC.

Arkansas State University Jonesboro

In January 2015, the University entered into an agreement with the Red Wolves Foundation. This lease agreement allowed the Red Wolves Foundation to obtain a loan to complete the expansion of the football stadium and press box (Centennial Bank Stadium). The facility belongs to the University and the agreement allows the Red Wolves Foundation to utilize the space. The term of the lease was ten years.

A new lease is currently being prepared. Until the new lease is in effect, both parties have agreed to extend the previous lease.

NOTE 20.
RIGHT TO USE ASSETS

Arkansas State University Jonesboro

On June 13, 2017, the University entered into a ground lease agreement and building lease agreement with Centennial Bank to facilitate the construction of a building on the campus to be used as a Campus Welcome Center. The building is approximately 3,833 square feet on 0.35 acres of land with 3,533 square feet used by the campus and 300 square feet used by Centennial to operate a bank branch. Centennial is responsible for all construction costs. The lease is for a term of twenty-five years with an option to renew for two periods of seven years each. Per the lease agreement, the University receives \$100 per year for rent.

The University has recorded the transaction as a right to use asset over the life of the agreement in the amount of \$1,013,300. This amount is amortized annually using the straight-line method. Accumulated amortization as of June 30, 2025 is \$243,192.

On November 20, 2017, the University entered into a ground lease agreement with the Red Wolves Foundation. The University leased approximately 1.92 acres of land for the construction of a portion of Centennial Bank Stadium consisting of premium stadium seating and a building containing an athletic training facility. The Red Wolves Foundation is responsible for the cost of the construction and leases the improvements to the University. The term of the lease is 20 years.

The University has recorded the transaction as a right to use asset over the life of the agreement in the amount of \$13,732,587. This amount is amortized annually using the straight-line method. During fiscal year 2023, the University paid the Red Wolves Foundation \$9.1 million for 37.37% ownership of the building. The University's portion for the value of the building was determined to be \$10.6 million. The University has recorded a gift from the Red Wolves Foundation for the difference between the purchase price and the

ARKANSAS STATE UNIVERSITY SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

value (\$1.5 million). Additionally, 37.37% of the right to use asset and proportionate amortization was removed during the fiscal year. Accumulated amortization as of June 30, 2025 is \$2,457,349.

NOTE 21.
SUBSEQUENT EVENTS

System

On May 5, 2025, the University entered into a lease for office space. The lease begins July 1, 2025 and ends on June 30, 2027 with payments commencing July 1, 2025. The amount of the lease is \$49,403 with an interest rate of 7.50%.

On May 5, 2025, the University entered into a lease for office space. The lease begins July 1, 2025 and ends on June 30, 2027 with payments commencing July 1, 2025. The amount of the lease is \$205,457 with an interest rate of 7.50%.

Jonesboro

On August 7, 2025, the University entered into an agreement with the city of Jonesboro for transportation services. The city of Jonesboro operates a public transportation service in Jonesboro and the three-year pilot program provides fare free transportation for students, faculty, and staff to 9 fixed route bus stops and one will-call bus stop on the University campus. The University will pay the city \$518,281.92 annually for this service. The contract begins August 16, 2025 and ends on August 15, 2028.

Arkansas State University Mid-South

The current lease for printers and maintenance ended September 30, 2025. A new lease with another vendor began October 1, 2025 with a lower annual cost.

An Athletic Weight/Training Room renovation project began in August 2025. This project updated the mezzanine area in the Workforce Technology Center to a weight/training room for the baseball and softball programs. Construction costs were approximately \$452,000. This project was completed in October 2025.

Arkansas State University Mountain Home

On March 30, 2025, the campus experienced a hailstorm. Even though the roofs of all buildings on the campus sustained sufficient damage for the insurance company to authorize roof repairs; the buildings are functional with temporary repairs. The estimated total cost as of April 29, 2025, is \$975,000. As of the date of the exit, no contracts have been signed.

On August 18, 2025, the Arkansas Department of Transportation approved a proposal to award a construction contract in the amount of \$398,012. This project is a TAP (Transportation Alternatives Program) grant-funded project for the Walking Trail Lighting and Landscaping Project.

Arkansas State University Newport

On June 30, 2025, Dr. Johnny M. Moore announced his resignation as Chancellor of ASU-Newport. On July 28, 2025, the Arkansas State University System appointed Ike Wheeler to serve as Interim Chancellor. Dr. Moore's last day was July 31, 2025.

NOTE 1: Summary of Significant Information Related to Required Supplementary Schedules

A. Changes in benefit terms

- There were no significant changes in benefit terms for the year ended June 30, 2024.

B. Changes in assumptions

- There were no significant changes in assumptions for the year ended June 30, 2024.

C. Methods and assumptions used in calculations of actuarially determined contributions

Valuation date June 30, 2022

The actuarially determined contribution rates are calculated as of June 30 in the year which is one year prior to the beginning of the fiscal year in which contributions are reported.

The following actuarial methods and assumptions were used to determine contribution rates reported in the schedule of contributions:

Actuarial cost method	Entry age normal; funding to retirement
Amortization method	Level percentage of payroll
Remaining amortization period	30 years
Asset valuation method	4-year smoothed market for funding purposes; 20% corridor
Salary increases	2.75 – 5.75% including inflation
Investment rate of return	7.25%
Mortality table	Pub-2010 General Healthy Retired, General Disabled Retiree, and General Employee Mortality amount weighted tables were used for males and females. Mortality rates adjusted for future mortality improvements using project scale MP-2020 from 2010.

Notes to Required Supplementary Information - Pension Plans

Arkansas Public Employees Retirement System

NOTE 1: Summary of Significant Information Related to Required Supplementary Schedules

A. Changes in benefit terms

- There were no changes in benefit terms.

B. Changes in assumptions

- There were no changes in economic or non-economic assumptions.

C. Method and assumptions used in calculations of actuarially determined contributions

Valuation date June 30, 2021

The actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

The following actuarial methods and assumptions were used to determine contribution rates reported in the schedule of contributions:

Actuarial cost method	Entry age normal
Amortization method	Level percent of payroll
Remaining amortization period	16 years
Asset valuation method	4 year smoothed market; 25% corridor
Investment rate of return	7.15%
Salary increases	3.25 – 9.85%
Inflation rate	3.25% wage inflation, 2.50% price inflation
Mortality table	Based on RP-2006 Healthy Annuitant benefit weighted generational mortality tables for males and females. Mortality rates are multiplied by 135% for males and 125% for females and are adjusted for fully generational mortality improvement using Scale MP-2017.

Statistical Section (Unaudited)

Statistical Section (Unaudited)

This section of the report provides information for understanding the financial statements and notes as well as the overall health of the University and the State of Arkansas.

Contents	Page
Financial Trends	177
These schedules present information to understand how the University’s financial activities and performance have changed over time.	
Debt Capacity	181
These schedules contain information to assess the University’s current debt levels as well as the ability to issue debt in the future.	
Operating Information	184
These schedules present capital asset data to understand how the University’s financial report relates to the services provided and activities performed.	
Demographic and Economic Information	187
These schedules provide demographic and economic indicators to better understand the environment in which the University’s and the State of Arkansas’s financial activities occur.
