College of Engineering and Computer Science

There is a significant need to substantially increase the number of graduates from the College of Engineering and Computer Science (CoECS) to meet the demands of employers within the Delta region and the state of Arkansas. Changes in the global, national and local economies have created a resurgent need for graduates from our college to provide skilled services to employers.

The **Dean's Excellence Fund** will allow the college to better meet that demand and have a direct and immediate impact on students and programs with a flexibility not afforded from public funding. These funds will ensure support for aggressive outreach and recruitment in the delta region and the state, high impact student experiences, student scholarships, ensuring state-of-the-art equipment in laboratories, recruitment and retention of key faculty, research, enhancements of e-classroom technology and more.

Different levels of patronage are being offered with accompanying benefits for donors to get involved in this effort.

GOLD PATRONS *$15,000/year for 3 years*	SILVER PATRONS *$10,000/year for 4 years*	BRONZE PATRONS *$5,000/year for 5 years*	FRIEND *$2,000/year for 2 years*
