

MRI Program

Curriculum Specific Coursework

The MRI program at Arkansas State University is a 14-month program tailored for those students who have successfully matriculated from an accredited Radiography program. Upon acceptance into the MRI program, students will complete the following program specific coursework*:

Summer Semester:

RSMR 4703 MRI Safety and Instrumentation

Fall Semester:

RS 4623 CT Instrumentation (optional)

RSMR 4723 MRI Procedures I

RSMR 4803 MRI Physical Principles I

RSMR 4753 MRI Clinical Education I

Spring Semester:

RS 4633 CT Procedures (optional)

RSMR 4733 MRI Procedures II

RSMR 4813 MRI Physical Principles II

RSMR 4763 MRI Clinical Education II

RSMR 4823 Data Acquisition and Processing

Summer Semester:

RS 4643 CT Clinical Education – or -

RSMR 4773 MRI Clinical Education III

RSMR 4833 Advanced MRI Imaging

*The Magnetic Resonance Imaging program awards a Bachelor of Science in Radiologic Sciences degree. Students must successfully complete all general education requirements prior to graduation. Students choosing to complete the CT coursework may be eligible for a CT certificate (see your advisor for details).
