

# PAC Paths Loops

Almost all 5K of this out and back bow-tie course uses the PAC Paths separated multiuse trails. Convenient for those working out at HPESS to jump on the loop, visitors to campus may use parking at either the Turner Military Science Building or visitor spaces near Pack Place. Only on-road portion is on limited access roads near Facilities Management.

Visitors may park in designated visitor parking zones (no charge) indicated with the blue and white visitor signage. Two parking lots have visitor spaces near the PAC Paths Family Path and Wide Loop. SE-1A is adjacent to the Campus Loop. S18 is next to the Family Loop. Remember, during business hours, all other parking on campus requires a permit.
