

Arkansas State University – Jonesboro
Bachelor of Science
Major: Evolution, Ecology & Organismal Biology (EEOB)
2025-2026

Students needing foundational course work based on low entrance exam scores (ACT, SAT, ASSET, COMPASS) may require more than eight (8) semesters to complete this program of study. Students having completed college level courses prior to enrollment will be assisted by their advisor in making appropriate substitutions. In most cases, general education courses may be interchanged between semesters. A minimum of 45 hours of upper division credit (3000-4000 level) is required for this degree. It is important to note that some upper-level degree requirements may be courses that are only offered once every two years. Students and advisors must become familiar with the cycle of teaching these courses. Students and advisors must also be aware that some courses may be offered only in Fall or Spring semesters. Mandatory state and institutional assessment exams will be required during your degree program. Failure to participate in required assessments may delay graduation. The following example does not account for the foreign language requirement. Two semesters of a foreign language are required unless taken in high school. This should be discussed with your advisor. If you need to take foreign language courses, choose the lightest semesters.

Year 1			
Fall Semester			
Course No.	Course Name	Hrs	Gen Ed
BIO 1013	Biology Making Connections	3	
BIO 1303	Biology of Animals	3	
BIO 1301	Biology of Animals Lab	1	
CHEM 1013	General Chemistry I	3	X
CHEM 1011	General Chemistry I Lab	1	X
MATH 2204	Calculus I	4	X
