**ELECTIVES - 7 hrs**

The maximum academic load for students is 18 credit hours per semester or 14 credit hours per summer term. Student enrollment may not exceed ten (10) credit hours of half-semester courses (i.e. first session, second session) or seven (7) credit hours per five-week summer session. Students holding a cumulative grade point average of 3.50 or above may request permission of the dean of their college to schedule up to 21 hours in a semester or 17 hours in the summer term. If permission is granted, student enrollment may not exceed ten (10) credit hours of half-semester courses (i.e. first session, second session) or nine (9) credit hours per five-week summer session. A one hour overload is permitted during a student's last enrollment period (semester or summer term) if the one hour overload will complete graduation requirements.
