- Deans
- Chairs
- Learning Support Services staff
- Faculty Center staff
- Academic Affairs and Research
- Other entities

(more on the process itself in a few minutes)

# Vision

## Immediate Goal:

This process will result in a clear articulation of the role and scope of the CTL across campus and will reveal the emerging/evolving professional development needs and goals of academic programs and individuals responsible for teaching at A-State.

# Vision

## Eventual Goal:

We all will benefit from enhanced impact of the CTL as it advances new initiatives in teaching and learning and helps to create and sustain a culture of teaching excellence, regardless of the mode of course delivery, supported by meaningful and ongoing professional development.

# Process

## Summer, 2021:

- Taking stock – learning, listening, reflecting
- Evaluation of mission and vision
- Needs assessment – planning for fall rollout
- Plan fall activities

# Process

## Fall, 2021:

- Implement needs assessment – gather data
- Plan future goals and activities based on analysis of data
- Get the word out – please help!

# Ideas:

- New name for the CTL
- Goal- and needs-oriented programming and activities
- Faculty Fellow from every college
- Advisory Board
- Creation of tools and videos to access on website
- Collaborations with other units (Learning Support Services, Assessment Office, departments, etc.)
