**MEDICAL IMAGING AND RADIOLOGIC SCIENCES PROGRAM**

---

**APPLICATION FOR SPECIALTY TRACKS**

Application material must be postmarked by April 1<sup>st</sup> for admittance into the specialty programs. Applications are reviewed after the application deadline and are *not* reviewed on a first served basis. Faxed applications will not be accepted.

Name: \_\_\_\_\_  
Last First Middle

E-mail: \_\_\_\_\_ Student ID: \_\_\_\_\_

Phone Numbers: ( ) \_\_\_\_\_ home ( ) \_\_\_\_\_ cell

List each specialty track option in the preferred order (1 – 6, with 1 being first choice):

- |                                  |                                                |
|----------------------------------|------------------------------------------------|
| _____Magnetic Resonance Imaging  | _____ Cardiovascular-Interventional Technology |
| _____Mammography/Breast US       | _____ Radiation Therapy                        |
| _____Medical Imaging Informatics | _____ Sonography                               |

Specialty tracks are offered through a competitive admission process. Students will be scored on overall GPA, select coursework GPA, interviews, and references/evaluations. Students within the radiography track at Arkansas State University will receive (4) bonus points towards the admission process.

By signing this application, you state that you understand the specialty track selection process. While the Medical Imaging and Radiation Sciences department will make every effort to assist students into their preferred modality, available seats are assigned using the method described in the above paragraph.
