Accelerated Master's Student Registration Form

This form must be completed for all undergraduate students attempting graduate coursework as part of an accelerated master's program. A completed form must be sent for the student at the beginning of each semester of enrollment in the accelerated program. All registration included on the attached form will be completed by the Office of Admissions, Records and Registration. The CRNs a student will be registered for will not necessarily correspond to the CRNs included on this form. Do not include undergraduate courses on this form; students are responsible for registering themselves in undergraduate courses.

Students admitted into an approved Accelerated Master's Degree Program may have a limited number of graduate level courses counted toward both the undergraduate and graduate degree. Students must apply and be admitted to the accelerated master's program by the department and Graduate Programs before enrolling for any courses to apply to the graduate degree. Depending on the program, up to 12 hours of graduate credits will apply toward completion of the undergraduate degree requirements. Information regarding approved accelerated programs can be obtained from the A-State Undergraduate and Graduate Bulletins, and from the A-State website, at <http://www.astate.edu/a/registrar/>
