Director's Welcome & Forward

Welcome to the **2006-2007 Arkansas State University Factbook!** The ASU Factbook is a publication produced by the Office of Institutional Research and Planning that outlines enrollment, faculty and staff data, financial reports, and other comprehensive information for the Arkansas State University campuses at Jonesboro, Beebe, Mountain Home, Newport, and the ASU Technical Center at Marked Tree. The ASU Factbook is produced annually and is intended to provide answers to questions that are frequently asked by the administration, faculty, staff, students, alumni, and other university constituents.

The definitions and guidelines used to compile this information are provided by the Integrated Postsecondary Education Data System (IPEDS), the Arkansas Department of Higher Education (ADHE), the Office for Civil Rights (OCR), and the National Collegiate Athletic Association (NCAA). It is important to note that the information in this factbook may differ from data reported by the Office of Institutional Research and Planning to federal, state, and regional agencies due to differences in reporting guidelines, reporting definitions, and the timing of when the information was prepared.

In order to make information more readily available to all constituents, the ASU Factbook is available in PDF format on the Institutional Research and Planning web site. You can reach our web site through the Arkansas State University Home Page, or you can go to our site directly at

Arkansas State University - Beebe Mission Statement:

Arkansas State University-Beebe is a public, open access, operationally separate institution of the Arkansas State University System.

The major purpose of this institution is to provide affordable, comprehensive, and high quality instruction and service programs. University transfer and technical programs are available to students at the associate degree and certificate levels. In addition to the Beebe campus, instruction is also available at education centers at ASU-Searcy, ASU-Heber Springs, Little Rock Air Force Base, and through other off-campus locations. Instructional programs beyond the associate degree are available on the Beebe campus from ASU-Jonesboro.

An open admission policy encourages the enrollment of both traditional and nontraditional students. The institution recognizes the uniqueness of each student and provides support programs designed to assist students in determining and achieving their educational, personal, and occupational goals. By providing comprehensive training and technical support for business and industry, the institution contributes to the economic development of Arkansas. Cultural enrichment activities are provided to enhance the quality of life for the citizens of the local communities.

HISTORY

ASU-Beebe first opened in 1927 as Junior Agricultural School of Central Arkansas. In 1931, the institution was renamed the Junior Agriculture College of Central Arkansas. The college became a campus of Arkansas State College in 1955 and in 1967 changed to Arkansas State University-Beebe Campus. ASU-Beebe has established a strong reputation of providing quality, affordable instruction and service programs to the surrounding communities. The Beebe campus is located 31 miles north of Little Rock and 17 miles south of Searcy on U.S. Highways 67/167.

In addition to the original campus in Beebe, ASU-Beebe operates campuses in Heber Springs, Searcy, and since 1965, has operated programs at the Little Rock Air Force Base. Act 426 of 1999 of the Arkansas Legislature authorized the creation of ASU-Heber Springs as *A Center of ASU-Beebe*. In July 2003, Foothills Technical Institute in Searcy merged with ASU-Beebe and is now referred to as ASU-Searcy, *A Technical Campus of ASU-Beebe*. With the combined and integrated capabilities of the four locations, the institution is prepared to provide quality education and service programs to its students and the communities. With the programs provided on the Beebe campus by ASU-Jonesboro, students now have the opportunity to achieve their educational goals through the Master's degree level, providing a unique opportunity for students and the community.

PROGRAMS OF STUDY

ASU-Beebe offers certificates of proficiency, one-year technical certificates, two-year associate degrees, and a strong developmental program in English, math, and reading. Southern Regional Education Board (SREB)

ASU - Jonesboro, Four-Year 3; ASU - Beebe, Two-Year 2; ASU - Mountain Home & ASU - Newport, Two-Year 3

The SREB system for categorizing postsecondary education institutions is based upon a number of factors relevant to determining resource requirements. Differences in institutional size (number of degrees), role (types of degrees), breadth of program offerings (number of program areas in which degrees are granted), and comprehensiveness (distribution of degrees across program areas) are the factors upon which institutions are classified. Other factors relevant to determining resource requirements such as cost differences among programs or externally funded research are not taken into account in the SREB system.

CATEGORIES

Institutions are assigned to categories for a report year using the previous academic year's data on program completions. To keep the statistical comparison groups relatively stable over time and to assure that institutions change categories only when their measures on a criterion are relatively stable, institutions change categories when they meet the criterion for another category for the third consecutive year.

◆ **Four-Year 1:** Institutions awarding at least 100 doctoral degrees distributed among at least 10 CIP categories (2-digit classification) with no more than 50 percent in any one category.

◆ **Four-Year 2:** Institutions awarding at least 30 doctoral degrees distributed among at least 5 CIP categories.

◆ **Four-Year 3:** Institutions awarding at least 100 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 10 CIP categories.

◆ **Four-Year 4:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 5 CIP categories.

◆ **Four-Year 5:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees.

◆ **Four-Year 6:** Institutions awarding less than 30 master's, education specialist, post-master's, or doctoral degrees.

◆ **Two-Year 1:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of 5,000 or more; some certificates and diplomas may also be awarded.

◆ **Two-Year 2:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of between 2,000 and 4,999; some certificates and diplomas may also be awarded.

◆ **Two-Year 3:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of less than 2,000; some certificates and diplomas may also be awarded.

The library meets the informational needs of the university by offering a variety of services. A staff of 14 professional librarians and 20 support personnel acquires, organizes, and services the collection. Reference librarians assist users in locating information and in the use of the library. The reference staff also offers an active library instruction program which reaches numerous university classes. The library provides access to hundreds of online databases and search services via links on the library's web site. Materials that are not contained in the library's collection are accessible by interlibrary loan through the OCLC network.

PRIVATE DONORS

Private donor support enables Arkansas State University to attract and retain the highest quality students. Citizens of Northeast Arkansas communities have historically provided generous donor support. Additionally, private support endows numerous ASU scholarships each year. Scholarships help to keep the brightest students in Arkansas, and scholarships are more necessary now than ever. An endowed scholarship can be established for \$10,000, or an annual gift may be provided to fund one or more scholarships. Scholarships are currently available in virtually every discipline.

Jonesboro Campus - Fiscal Year 2006

The Jonesboro Campus has seen tremendous growth over the past few years. New construction projects have included the Arkansas Biosciences building, the Student Union, the Student Health Center, the HPESS Track Facility, a student parking lot, Jazzman's Hardwired Cafe, Indian Village Apartments and an upperclassman's residence hall - Northpark Quads. The residence hall provides housing for 836 students with at least one year of college experience. Each student will have a private room in a four student suite. Each suite contains a shared living room and bathroom. Nearing completion is the Cooper Alumni Center and the Judd Hill Center. The Judd Hill Center will house the President's Office and the ASU Foundation. Plans are also underway for the Child Development Center. The center anticipates serving 140 children; 80 of which will be in the ABC (Arkansas Better Chance) program thanks to grant funding. Additional slots will be available with priority given to children of ASU students, faculty, and staff.
