President's Welcome

Welcome to the **2000-2001 ASU Factbook!** In this document, we have outlined facts and figures to help you understand the integral role Arkansas State University plays in the daily lives of the people we serve. You will find information about our academic programs, our students, and the services that we provide outside the classroom.

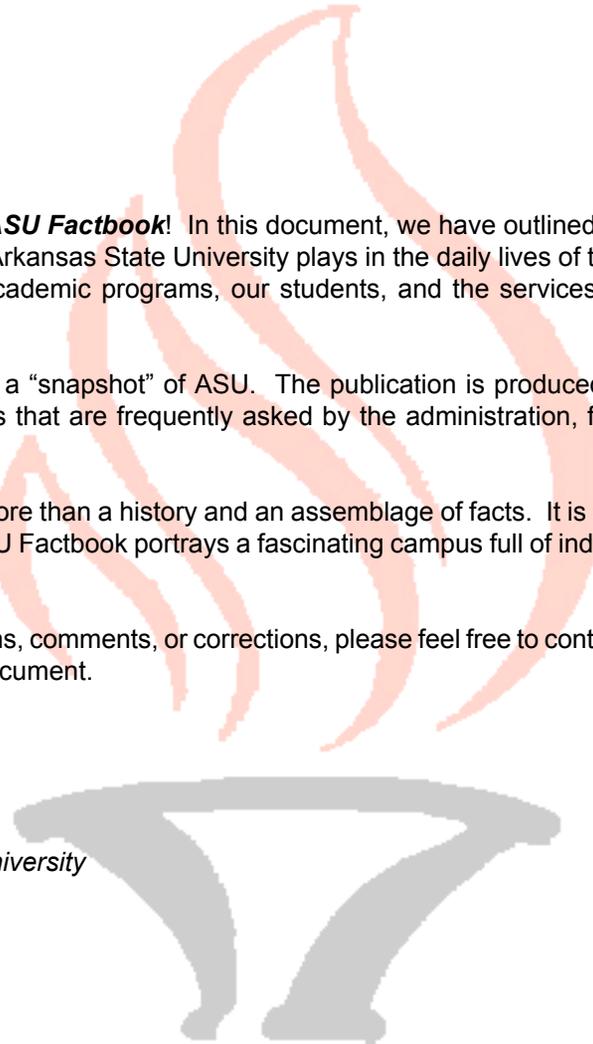

The ASU Factbook presents a “snapshot” of ASU. The publication is produced annually and is intended to provide answers to questions that are frequently asked by the administration, faculty, students, alumni, and others.

However, this document is more than a history and an assemblage of facts. It is a book about who we are and where we are going. The ASU Factbook portrays a fascinating campus full of industrious, committed students, faculty, and staff.

Should you have any questions, comments, or corrections, please feel free to contact us. A directory is provided on page twenty-two of this document.

Sincerely,

Leslie Wyatt
President, Arkansas State University

Arkansas State University - Beebe Mission Statement:

Arkansas State University - Beebe is an operationally separate campus of Arkansas State University. The major purpose of this institution is to provide quality, affordable instruction and service programs. University transfer and technical programs are available to students at associate degree and certificate levels. Instruction is available through the satellite campus at ASU - Newport and at other locations. Instructional programs beyond the associate degree are available locally from ASU - Jonesboro.

History

ASU - Beebe first opened in 1927 as Junior Agricultural School of Central Arkansas. In 1931 the institution was renamed the Junior Agriculture College of Central Arkansas. The college became a branch campus of Arkansas State College in 1955 and in 1967 changed to Arkansas State University - Beebe Branch. In 1985, the Arkansas State Technical Institute at ASU - Beebe was established, and in 1991, White River Technical College and ASU - Beebe merged to create ASU - Newport.

Although the campus is one of only two public two-year colleges in Arkansas with dormitories, most of the students at ASU - Beebe are commuters. The campus is located thirty-one miles north of Little Rock and seventeen miles south of Searcy on U.S. Highways 67 and 167.

Programs of Study

ASU - Beebe offers one-year certificates, two-year associate degrees, and a strong developmental program in English, math, and reading. An open admissions policy encourages the enrollment of both traditional-aged and non-traditional-aged students.

ASU - Newport

ASU - Newport, a satellite campus of ASU - Beebe that was established in 1991, offers Associate of Arts degrees that can be used as a foundation for a major in almost any academic discipline. The 62-hour Associate of Arts

degree has a 43-hour core curriculum that should transfer to any four-year university in the state.

Arkansas State Technical Institute

Mission: To provide meaningful education opportunities in technical fields supportive to engineers, scientists, medical professionals, and managers on a state-wide basis.

In 1985 the Arkansas State Technical Institute (ASTI), the technical division of ASU - Beebe, was created. Arkansas State University - Mountain Home Campus

Dr. Ed Coulter, Chancellor since 1995

Arkansas State University Mountain Home Mission Statement:

Arkansas State University Mountain Home provides affordable, lifelong learning and excellent teaching, enabling students of all ages to establish ethical values, develop technological and critical thinking skills, and communicate logically and effectively in order to enhance their quality of life. Furthermore, we are committed to creating a dynamic, progressive community of enlightened leaders who are considerate, productive, global citizens.

History

In 1991, the Arkansas General Assembly created technical colleges from the Baxter County Vocational-Technical Center and the North Arkansas Community/Technical College Center in Mountain Home. Mountain Home Technical College was established on July 1, 1991. In 1992, the Mountain Home Technical College agreed to seek affiliation with Arkansas State University - Jonesboro to form a branch campus. On July 1, 1993, Mountain Home Technical College officially became Arkansas State University Mountain Home Technical College.

Arkansas State University Mountain Home was established on July 1, 1995 due to the commitment of the residents of Baxter County and the cooperation of the Department of Higher Education and Arkansas State University in Jonesboro.

Arkansas State University Mountain Home has an open door admissions policy. This policy is designed to enhance access to educational opportunities. Standards of quality are maintained, and students are required to remove deficiencies before entering certain programs or courses.

Nestled in the beautiful Ozark Mountains, 156 miles north of Little Rock, the environment at ASU Mountain Home encourages free expression, leadership, and innovation. Small class size means personal attention and support from instructors. Additionally, the construction of a new campus accommodating 1,200 students offers an even more appealing setting for students to pursue higher education. Construction of the new campus began in summer 1998, and the facilities have been in use since January 2000.

Programs of Study

An Associate of Arts is offered for those students needing maximum flexibility in the selection of a course of study to meet individual employment and educational needs. It can be designed to meet the General Education Requirements for those individuals planning to transfer to a four-year (senior) institution in order to complete the bachelor's degree. Associates of Applied Science are offered in Business Technology, Criminal Justice, Funeral Science, Office Administration, Paramedic Technology, and Technology. Certificates are also offered in Business Information Systems with Computer Applications, Office Administration, Paramedic Technology, and Practical Nursing. Over 100 day and evening courses are offered in these programs each semester.

Arkansas State University - Jonesboro and Arkansas State University Mountain Home have formed a partnership to offer various bachelor's and graduate degree programs through the Center for Advanced Studies on the Mountain Home campus. The bachelor's degrees are offered by building on the existing Associate of Arts degree offered at ASUMH. The Center currently offers bachelor's degrees in Management, Criminology, and Elementary Education. Master's degrees are offered in Educational Administration and Elementary Education.

Southern Regional Education Board

SREB III, Jonesboro Campus

The SREB system for categorizing postsecondary education institutions is based upon a number of factors relevant to determining resource requirements. Differences in institutional size (number of degrees), role (types of degrees), breadth of program offerings (number of program areas in which degrees are granted), and comprehensiveness (distribution of degrees across program areas) are the factors upon which institutions are classified. Other factors relevant to determining resource requirements such as cost differences among programs or externally funded research are not taken into account in the SREB system.

Categories

Institutions are assigned to categories for a report year using the previous academic year's data on program completions. To keep the statistical comparison groups relatively stable over time and to assure that institutions change categories only when their measures on a criterion are relatively stable, institutions change categories when they meet the criterion for another category for the third consecutive year.

★**Four-Year I:** Institutions awarding at least 100 doctoral degrees distributed among at least 10 CIP categories (2-digit classification) with no more than 50 percent in any one category.

★**Four-Year II:** Institutions awarding at least 30 doctoral degrees distributed among at least 5 CIP categories.

★**Four-Year III:** Institutions awarding at least 100 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 10 CIP categories.

★**Four-Year IV:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 5 CIP categories.

★**Four-Year V:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees.

★**Four-Year VI:** Institutions awarding fewer than 30 master's, education specialist, post-master's, or doctoral degrees.

★**Two-Year I:** Institutions awarding associate degrees and offering college transfer courses; some certificates and diplomas may be awarded.

★**Two-Year II:** Institutions awarding vocational-technical certificates and diplomas; some vocational-technical associate degrees may also be awarded.

★**Specialized:** Special purpose institutions with specialized degree programs. These may include medical or health science centers and, in some instances, stand-alone law schools, fine arts schools, or engineering schools.

Arkansas Institutions

Some of the universities in Arkansas and their classifications include:

★**Four-Year I:** University of Arkansas - Main Campus

★**Four-Year III:** Arkansas State University, University of Arkansas - Little Rock, University of Central Arkansas

★**Four-Year V:** Arkansas Tech University, Henderson State University, Southern Arkansas University

★**Four-Year VI:** University of Arkansas - Monticello, University of Arkansas - Pine Bluff

★**Two-Year I:** Arkansas State University - Beebe/Newport, Arkansas State University Mountain Home.

The Dean B. Ellis Library, centrally located in an eight-story building, functions as an educational center for the community. The Library of Congress classification system is used for the arrangement of books, and an on-line catalog provides access to the book collection. The library meets the informational needs of the university by offering a variety of services. A staff of 13 professional librarians and 25 support personnel acquires, organizes, and services the collection. Reference librarians assist users in locating information and in the use of the library. The reference staff also offers an active library instruction program which reaches numerous university classes. Databases searchable on CD-ROM and a computerized reference service provide access to hundreds of remote databases. Materials that are not contained in the library's collection are accessible by interlibrary loan through the OCLC network. The library has access to Internet and to the statewide network, ARKnet.

Meal plans are mandatory for all residents and may only be changed prior to the end of the first week of the semester. On the 10, 15, and 19 meal plans, meals do not carry over from week to week. The 10, 15, and 19 meal plans have 165, 248, and 314 meals respectively and may be used only by the student owner of the plan. The Flex meal plan consists of 100 meals and an allotment of \$200 in declining balance points. The declining balance points may be used in the Woodlands Cafeteria, the Wigwam, or the Twin Towers Store. The Flex plan permits the student owner of the plan to use it to pay for meals of others or to reenter the cafeteria multiple times during a meal period. Both the block of 100 meals and the \$200 in declining balance points must be used before the end of any given semester.

Private Donors

Private donor support enables Arkansas State University to attract and retain the highest quality students. Citizens of northeast Arkansas communities have historically provided generous donor support. Additionally, private support endows numerous ASU scholarships each year. Scholarships help to keep the brightest students in Arkansas, and scholarships are more necessary now than ever. An endowed scholarship can be established for \$10,000, or an annual gift may be provided to fund one or more scholarships. Scholarships are currently available in virtually every discipline.
