

## Internship Summative Evaluations

Fall 2012 – Spring 2013

Using the Summative Evaluation of Teaching Performance for Teacher Interns, the university supervisor and the clinical supervisor collaboratively evaluated each intern at the end of the internship placement(s). The maximum score available for each Standard (outcome) was ten. The means for each of the nine Standards were calculated for Fall 2012 – Spring 2013 interns.

|  | Means for Internship Summative Evaluations, Fall 2012 - Spring 2013 |                         |                                    |                          |                              |                               |                                    |                          |                                   |           |              |

## Internship Summative Evaluations

Fall 2012 – Spring 2013

Using the Summative Evaluation of Teaching Performance for Teacher Interns, the university supervisor and the clinical supervisor collaboratively evaluated each intern at the end of the internship placement(s). The maximum score available for each Standard (outcome) was ten. The means for each of the nine Standards were calculated for Fall 2012 – Spring 2013 interns.
