

**Selection of a MS (Practicum) Advisor  
Graduate Program in Environmental Sciences**

This completed form must be turned in to EVS Program office by the end of the first semester as a graduate student in the EVS Program.

Faculty members recruit students into their research programs and potential MS students are identified before the student applies to the Graduate Program in Environmental Sciences.

I accept \_\_\_\_\_ (student name) into my research group.

By signing below, both faculty member and student:

- Agree that each plays a role in the potential success of the student.
- Has read Section V. Good Practices in the Graduate Student-Faculty Advisor Relationship (Page 39-45) in the EVS Handbook.
- Will follow the projected timeline (EVS Handbook page 23) to their best of their ability.
