ACADEMIC CALENDAR

ABOUT A-STATE

Arkansas State University is a Carnegie Research 2 doctoral institution, the second-largest university in Arkansas, and a leader in innovation, research and community engagement. Located in Jonesboro, A-State offers a broad range of academic programs while maintaining a student-centered culture where Every Red Wolf Counts.

A-State is home to Arkansas's first osteopathic medical school through a partnership with the New York Institute of Technology College of Osteopathic Medicine, which prepares future physicians to serve communities across the Mississippi Delta and beyond. The university is also launching Arkansas's first public College of Veterinary Medicine, with its inaugural class of 120 students arriving in fall 2026. The college is being established to help address a critical shortage of veterinarians across Arkansas and the Mid-South, particularly in rural and agricultural communities where access to veterinary care remains limited.

Research and workforce development are central to A-State's mission. The university hosts the Arkansas Biosciences Institute, a state-of-the-art research facility where scientists explore solutions at the intersection of agriculture and human health. Plans are also underway for the Center for Advanced Materials and Steel Manufacturing, which will support the nation's largest steel-producing region through industry partnerships and applied research.

For more than a century, A-State has helped students, including generations of first-generation college students, achieve their educational goals. The university is consistently recognized for advancing social mobility and creating opportunities for graduates to succeed. Students benefit from hands-on learning, undergraduate research opportunities, internships and close collaboration with faculty mentors.

As one of Northeast Arkansas's largest employers, A-State has a significant impact on the region. The university produces more than 4,000 graduates annually and generated an estimated \$2.4 billion economic impact across Arkansas during fiscal year 2023-24.

Students enjoy access to exceptional cultural, entertainment, and educational resources. Within a mile of campus are First National Bank Arena, the Fowler Center, the Bradbury Art Museum, the Red Wolf Convention Center, and Embassy Suites. The A-State Museum, located inside the Dean B. Ellis Library, is the only accredited natural history museum on a university campus in Arkansas.

Student safety remains a top priority. A-State has been recognized as home to one of the nation's top university police departments and is a National Weather Service StormReady Campus.

A-State competes in NCAA Division I athletics as the Red Wolves, sponsoring 16 varsity sports. Students can also participate in a variety of club sports, including rugby, softball, competitive

cheer and dance, and esports, several of which have earned national championships or runner-up finishes in recent years.

ACCESS & COMMUNITY AT A-STATE

The quest for knowledge is central to the very existence of Arkansas State University and universities in general. While portions of knowledge may be attained in various segments of the university and society, the fullness of knowledge can only be obtained when people of all races, ethnicities, cultures, abilities, gender identities, religions, and socio-economic statuses are free to gather and exchange their life's experiences, problem solving skills, methods and styles of communications, values, beliefs, and ways of thinking and learning in an environment that encourages the presence and participation of all who desire to be affiliated with the academy.

Achieving this fullness of knowledge begins with recognizing that no single people, group, personality, discipline or trade is the caretaker of all knowledge or life experiences. Rather, the pursuit and sharing of knowledge requires the presence, and meaningful participation of those who may contribute their unique qualities and experiences to this constantly changing mosaic we call community. The ability for everyone within our community to be their authentic selves is belonging.

A-State will be known for its commitment to access and community of belonging as evidenced by its inclusive work and learning environments, its acceptance of differences as positive and enriching and its ability to attract, retain and advance a diversified faculty, staff and student body. A-State will have an environment where anyone, no matter who they are, will see a consistent reflection of themselves on the campus and in its activities. They will feel comfortable, welcomed, and as if they belong at A-State.

Community at A-State is a process embracing the importance of everyone's uniquely lived experiences and understanding their individual needs to be successful. Through continuous education, the A-State community constantly moves towards that ideal by accepting each person as an equal and valued member of the campus community. Students can learn more about grants, mentoring, success programs and other development and belonging initiatives at the [Access & Institutional Engagement](#) webpage. **Contact Info:** (870) 972-3081 or aie@astate.edu

CLASS ATTENDANCE POLICY

Students should attend every lecture, recitation and laboratory session of every course in which they are enrolled. Students who miss a class session should expect to make up missed work or receive a failing grade on missed work. It is the practice of Arkansas State University to allow students to participate in university sponsored academic or athletic events, even when those events cause them to be absent from class. Students participating in university sponsored academic or athletic events will not have those days counted against their available absences and will be given reasonable opportunities to make up missed assignments and exams.

Students enrolled in freshman or sophomore level courses numbered 10000 or 20000 may during the spring and fall semester miss no more than twice the number of lectures, recitations, laboratory sessions, or other regularly scheduled class activities that would normally be scheduled during a week. Students who miss more than the maximum number of freshman or sophomore level classes may be assigned a grade of “FN” for the course.

Students who may be assigned a grade of “FN” in a course because of excessive absences may withdraw from the course without penalty before the deadline for dropping an individual course. In determining whether excessive absences should result in a failing grade, consideration shall be given to the maturity and class standing of the student, the quality of academic work being accomplished by the student, and extenuating circumstances related to such absences.

Students enrolled in upper-level courses will not be assigned a grade of “FN” solely for failing to attend classes. However, instructors shall set forth in their syllabi at the beginning of the semester their attendance requirements and expectations with regard to makeup policy for work missed, class participation and other factors that may influence course grades. In determining whether excessive absences should adversely affect a grade in an upper level course, consideration shall be given to the maturity and class standing of the student, the quality of academic work being accomplished by the student, and extenuating circumstances related to such absences.

Students must utilize their available absences for any cause which requires them to miss class including, but not being limited to, vacation, illness, emergency, or religious observances. Students who are aware that they will have absences during a term should ensure that they do not exceed the absences available.

INCLEMENT WEATHER POLICY

The university remains open for academic classes and all other services during inclement weather except in extreme circumstances determined solely by the Chancellor of the University. Regional and local news media will publicize the closing. Commuter students are encouraged to use good judgment in deciding whether to drive to campus during inclement weather. In those cases where the decision is made not to travel to campus under this policy, it is the responsibility of the student to immediately contact each of his/her professors upon return to explain the circumstances and to determine the need to complete any missed assignments. The student is responsible for all missed assignments during inclement weather within a time frame to be determined by the professor.

ACADEMIC RIGHTS AND RESPONSIBILITIES

The student, as a member of the academic community, has both rights and responsibilities. The most essential right is the right to learn, and the university has a duty to provide for the student those privileges, opportunities and protections that best promote the learning process. The student has a responsibility to other members of the academic community, the most important being to refrain from interference with the rights of others.

The effectiveness of the educational process depends upon the provision of satisfactory conditions and opportunities for learning. The responsibility to secure, respect and protect such opportunities and conditions must be shared by all members of the academic community.

ACADEMIC RESPONSIBILITIES OF THE STUDENT

- The student is responsible for being informed about academic requirements, both general and specific, for completing a degree program as outlined in the Undergraduate or Graduate Bulletin.
- The student is responsible for learning the content of a course of study according to standards of performance established by the faculty.
- The student's behavior in the classroom shall be conducive to the learning process for all concerned.

THE ACADEMIC RIGHTS OF THE STUDENT

- The student shall have the right to an academic environment that is free from discrimination based on any protected classification, as further described in the Nondiscrimination Statement in this handbook.
- The student shall be free to take reasoned exception to data and views offered in the classroom, and to express differences of opinion without fear of penalty.
- The student has a right to protection against improper disclosure of information concerning grades, health or character that an instructor acquires in the course of his/her professional relationship with the student.
- The student has a right to a course grade that represents the instructor's professional judgment of the student's performance in the course.
- The student has a right to be governed by educationally justifiable academic regulations.
- The student has a right to competent instruction.
- The student has the right to accurate and clear information in order to determine:
 - The general requirements for establishing and maintaining an acceptable academic standing.

- His/her academic relationship with the university and any special conditions that apply.
- The graduation requirements for a particular curriculum and major.

ACADEMIC MISCONDUCT

Arkansas State University promotes academic integrity and professional ethics among all members of the A-State academic community. Violations of this policy are considered as serious misconduct and may result in severe penalties, up to and including expulsion from Arkansas State University. A student deemed to have engaged in academic misconduct may not avoid academic sanctions by withdrawing from a class, a program, or the University. Students that participate in organizations such as Honors College or Athletics program(s) are subject to dismissal from those programs in addition to the penalties set forth below. The respective program(s) will be notified of any offense. Colleges and Departments may add to these prohibitions and standards applicable to all students in order to enforce academic integrity and professional ethics to meet their special needs for a specific degree program.

For the purposes of these definitions, an assignment includes any task assigned as a course requirement or program requirement. Assignments include but are not limited to papers, projects, homework, and exams.

A. Plagiarism

Plagiarism is the act of taking, using, and/or presenting the idea(s), work(s), and/or writing(s) of another person or entity (e.g., artificial intelligence) as one's own.

Plagiarism includes, but is not limited to:

- 1) Submitting as one's own any theme, paper, report, computer program, presentation, creative work, or scholarly work of any nature belonging to, or written or created by another, including artificial intelligence, without prior permission of the instructor and proper citations.
 - a) To avoid plagiarism, give written credit and acknowledgment to the source of thoughts, ideas, and/or words, whether you have used direct quotation, paraphrasing, or just a reference to a general idea.
 - b) If you directly quote works written by another person(s) or entity (e.g., artificial intelligence), enclose the quotation with quotation marks and provide an appropriate citation (e.g., footnote, endnote, bibliographical reference).
 - c) Research for an assignment, as well as the complete assignment, must be the work of the person seeking academic credit for the course. Permission of the instructor to use prior work completed for another course or assignment must be obtained in advance.

B. Cheating/Unapproved Collaboration

Cheating is an act of dishonesty with the intent of obtaining and/or using information in a fraudulent or unauthorized manner. Examples of cheating include, but are not limited to:

- 1) Observing and/or copying from another student's assignment.

- 2) Giving or receiving assistance during an examination period. This includes providing specific answers to subsequent examinees and/or dispensing or receiving information that would allow the student to have an unfair advantage in the examination over students who did not possess such information.
- 3) Using class notes, outlines, and/or other unauthorized information during an examination.
- 4) Using, buying, selling, stealing, transporting, or soliciting, in part or in whole, the contents of an assignment when such action is not authorized by the instructor of the class.
- 5) Using for credit in a subsequent class an assignment written for credit in a previous class without the knowledge and permission of the instructor of the subsequent class. This includes when a student is repeating a course for credit.
- 6) Impersonating or attempting to impersonate another person, or permitting or requesting another person to impersonate you for the purpose of taking an examination or completing other assignments.
- 7) Unauthorized collaborating during an examination, lab, or any course requirement with any other person by giving or receiving information without specific permission of the instructor.
- 8) Altering grades or official records.
- 9) Falsifying or signing another person's name on any academically-related University form or document.
- 10) Sabotaging or interfering with the academic progress of others.
- 11) Submitting altered, fraudulent, or falsified data, course, degree program requirements, including but not limited to honor's thesis; doctoral dissertation; qualifying exam; dissertation defense, and University records/forms.

PROCEDURE FOR HANDLING ACADEMIC MISCONDUCT CHARGES

A student disagreeing with a report of academic misconduct should follow the procedure as outlined below:

- 1) **Step One:** Any faculty member or University official who suspects an act of academic misconduct occurred for which they deem sanction appropriate, must report this information, along with a recommended sanction, directly to the Office of Academic Affairs via the Academic Misconduct Report Form within ten (10) business days of becoming aware of the act and no later than the next academic semester. Academic Affairs will consult with the student's academic department, and review any prior academic misconduct the student was found responsible for, to determine in consultation with the academic department if administrative-level sanctions should be added and which sanction is appropriate. Course-level sanctions may be imposed prior to a finding of responsibility with the exception of a failing grade for the class or removal from class. These sanctions may only be imposed after a finding of responsibility.

- 2) **Step Two:** Within ten (10) business days of receipt of the academic misconduct referral, Academic Affairs will notify the student through official University channels of the alleged offense and related sanction(s). This notification will include instructions for preparing for a hearing, should the student disagree with the allegation. An academic misconduct meeting between the student and an Academic Affairs representative will be arranged to apprise the student of the allegation and related sanction(s) within five (5) business days. The student will accept or deny responsibility at this time. Students who do not respond to the notification will be deemed to have waived their denial of the alleged act and any objection to the related sanction(s). A student who accepts responsibility will be found responsible and the related sanctions will be imposed.
- 3) **Step Three:** Within five (5) business days of the meeting with Academic Affairs, a student disagreeing with the allegation must submit their request, in writing to Academic Affairs, for an academic misconduct hearing before the University Academic Integrity Committee (UAIC), along with any written material the student would like the Committee to consider. The UAIC is a shared governance committee which will consist of three faculty members, two undergraduates, and one graduate student from each academic college. The Assistant Vice Provost for Academic Student Services and the Graduate Dean will serve as Ex Officio members. The convening committee for academic misconduct hearings is three faculty members and one student. For cases involving academic misconduct of a graduate student, the student representative will be a graduate student. The UAIC only determines whether the student is responsible and does not determine the sanction. The sanction imposed upon a finding of responsibility is determined in Step One and presented to the student in Step Two.
- 4) **Step Four:** Within ten (10) business days of receipt of the written request for Committee hearing, the case goes to the University Academic Integrity Committee for determination of responsibility.
- 5) **Step Five:** Within three (3) business days of receipt of the Committee's determination, a student disagreeing with the hearing outcome may appeal in writing to the Provost. If the student does not appeal within the applicable timeframe, the Office of Academic Affairs will notify the involved parties, and the sanction(s) related to the academic misconduct the student was found responsible for will be imposed by the appropriate party.
- 6) **Step Six:** Within three (3) business days of the Provost's receipt of the written appeal, the Provost will make a final determination based upon the written appeal and all documents related to the allegation and hearing. The Office of Academic Affairs will notify all involved parties of the determination. If the finding of responsibility stands, the sanction(s) related to the academic misconduct the student was found responsible for will be imposed by the appropriate party.

All cases of academic misconduct will be housed within Academic Affairs. Prior offenses will be considered when determining the sanction(s). All cases will follow the published timeline

unless an extension is granted for extenuating circumstances by the Assistant Vice Provost for Academic Student Services.

SANCTIONS FOR ACADEMIC MISCONDUCT

Course-level sanctions may be imposed prior to a finding of responsibility with the exception of a failing grade for the class or removal from class. These sanctions may only be imposed after a finding of responsibility. Acts of behavioral misconduct are not covered by this section and should be reported to the Office of Student Conduct.

Academic Misconduct that occurs in clinical, field, and internship sites is subject to sanctions established by the respective program. These sanctions may or may not be included in the list below.

Course-level sanctions for Academic Misconduct can be imposed by the faculty member or instructor who discovered the Academic Misconduct upon a finding of responsibility (see Procedure for Handling Academic Misconduct Charges).

The following course-level sanctions may be imposed by the instructor for academic misconduct:

- Completion of Educational Modules;
- A reduction of grade for assignment;
- An alternative assignment;
- A failing grade on the assignment;
- Rewriting or repeat performance of assignment; and, or
- A failing grade for the class;

In addition, the following administrative-level sanctions may be imposed for Academic Misconduct upon a finding of responsibility based on the seriousness and/or prior acts of academic misconduct of the respective student. Administrative-level sanctions are determined by the student's academic department in consultation with Academic Affairs:

- Completion of Education Modules;
- A failing grade for the course;
- Removal from the course;
- Dismissal from a particular program;
- Suspension from a particular program for one semester or more;
- Suspension from the University for one semester;
- Expulsion from the University; and/or
- Other appropriate sanctions as warranted by the specific acts of the student.

STUDENT ACADEMIC GRIEVANCE PROCEDURE

Under certain circumstances, Arkansas State University students have the right to grieve alleged violations of their academic rights. A grievance is a complaint alleging that one or more of the "academic rights of students" (as stated in the Student Handbook) have been violated. For cases of academic misconduct, refer to the Academic Misconduct section of this handbook.

All students, including A-State Online students and those residing out-of-state, must follow Arkansas State University's published grievance policy.

STUDENT RIGHTS GRIEVANCE PROCEDURE

Step 1:

Since the faculty has the primary responsibility for course development, course delivery, the assessment of student achievement, and the sanction for academic misconduct, any student who has a complaint related to an academic issue should first consult with the course instructor within ten (10) working days of the incident and try to resolve the complaint. If the grievance involves a faculty member who is no longer employed at the university, or with whom the student does not feel comfortable approaching the student should move to step two of this process. If the complaint is resolved, the grievance process ends.

Step 2:

If the complaint is not resolved in step one, and if the student wishes to pursue the complaint further, the student shall consult with the department chair/unit supervisor within fifteen (15) working days of the academic incident. The appropriate chair/unit supervisor shall consult informally with the student and the individual against whom the complaint has been made to attempt to resolve the complaint. The chair/unit supervisor shall notify the student and the individual against whom the complaint has been made in writing of the resolution or lack thereof within ten (10) working days of the student's first consultation with the chair/unit supervisor. If the complaint is resolved, the grievance process ends.

Step 3:

If the complaint is not resolved in step two, and if the student wishes to pursue the complaint further, the student shall file a formal written complaint with the department chair/supervisor within thirty-five (35) working days from the academic incident. The written complaint must specify the academic right(s) the student alleges has (have) been violated and must include:

- a) Date and details of the alleged violation;
- b) Any available evidence of the alleged violation;
- c) Names, addresses, and phone numbers of witnesses to the violation;
- d) The requested remedy to the alleged violation.

The chair/unit supervisor shall investigate the complaint using whatever processes are appropriate including, but not being limited to, written responses from or interviews with faculty members, other students, and other parties. The chair/unit supervisor shall notify the student and the individual against whom the complaint has been filed in writing of the chair/unit supervisor's finding and recommendation within ten (10) working days of receipt of the written complaint. If both parties in the complaint accept the recommendation, they will sign a statement to that effect and the grievance process ends. The chair/unit supervisor shall retain the written records of the process for five calendar years. Upon request, the chair/unit supervisor shall provide either or both parties with copies of all information gathered during the investigation.

Step 4:

If the complaint is not resolved in step three, either party may request that the dean appoint a college hearing committee. The request for a college hearing committee review must be made in writing to the dean within ten (10) working days of completion of the process listed in step three.

Student Rights Grievances Including Alleged Violations of Nondiscrimination Statement

If any portion of the student's complaint includes an alleged violation of the Nondiscrimination Statement provided in this handbook, the student should contact the [Office of Institutional Integrity and Title IX](#) prior to initiating the Student Rights Grievance Procedure. In such cases, a representative of the Office of Institutional Integrity and Title IX will assist the parties (in Step 1, if applicable) and the department chair/unit supervisor (in Step 2, if applicable) in seeking an agreed resolution of the portion(s) of the student's complaint involving alleged violation(s) of the Nondiscrimination Statement.

If a student files a formal written complaint under Step 3, the Office of Institutional Integrity and Title IX will be responsible for investigating the alleged violation(s) of the Nondiscrimination Statement and reporting its findings and any recommendations it deems appropriate to the department chair/unit supervisor. The department chair/unit supervisor retains the responsibility for investigating all aspects of the formal written complaint not involving an alleged violation of the Nondiscrimination Statement. The department chair/unit supervisor will take the investigative materials and report received from the Office of Institutional Integrity and Title IX into consideration in reaching their own findings and recommendation.

If the student's formal written complaint is not resolved at Step 3 and proceeds to a hearing before the college hearing committee, representatives of the Office of Institutional Integrity and Title IX may be called as witnesses in the college hearing committee proceedings.

THE COLLEGE HEARING COMMITTEE

The college hearing committee shall be organized in the following manner:

At the beginning of each Fall semester, each college dean, independent department chair, and other academic unit supervisors shall identify a "hearing committee pool," consisting of nine (9) to eighteen (18) faculty members, five (5) to ten (10) undergraduate students, or five (5) to ten (10) graduate students, depending on the rank of the student making the appeal.

When a hearing committee must be convened, the dean shall appoint a college hearing committee comprised, to the extent possible, of individuals knowledgeable in the area asserted in the grievance. The hearing shall take place no sooner than five (5) and not later than ten (10) working days after the hearing committee is appointed, unless there is a compelling reason why another time must be selected. At a prearranged time prior to the hearing, the members of the hearing committee will meet with the dean to receive all relevant background materials and to review the process to be utilized during the hearing.

The individual against whom the complaint has been filed and the student may attend this meeting as observers. All non-committee members will then withdraw and the hearing committee will elect a chair to preside at the subsequent hearing.

The hearing will be conducted in private. Witnesses will be admitted for testimony only and then asked to leave. The testimony will be tape recorded, but the final deliberations of the committee will not be recorded.

The student and the individual against whom the complaint has been filed must appear in person and answer questions from members of the hearing committee. The student and the individual against whom the complaint has been filed each may have one person present during the hearing to advise them. Those persons may not address the hearing committee, speak on behalf of the student or individual against whom the complaint has been filed, question witnesses, or otherwise actively participate in the hearing.

A university attorney may also attend the hearing and may advise the committee on procedural issues but may not question witnesses or otherwise actively participate in the hearing. The dean shall attend as an observer only.

The student and the person against whom the complaint has been filed may make an oral statement and/or submit sworn written statements and other exhibits and witnesses in their behalf. The student and the individual against whom the complaint has been filed may hear and question all witnesses testifying before the hearing committee. Neither the student nor the individual against whom the complaint has been filed may be present during the deliberations of the hearing committee.

The hearing committee shall conduct its deliberations based upon the evidence presented at the hearing that is relevant to the issue or issues before the committee. The hearing committee shall present to the dean a written report detailing its findings and its recommendations relative to the complaint within five (5) working days following conclusion of the hearing. Member(s) of the hearing committee may file a minority opinion, which shall be appended to the committee report. Within ten (10) working days following receipt of the hearing committee report, the dean will notify the student and individual against whom the complaint was filed whether the recommendations are accepted or rejected. The decision of the dean is final as to the student except in the case of expulsion from the university where the student shall have a final appeal to the Vice Chancellor for Academic Affairs and Research which must be filed in writing within ten (10) working days following receipt of the dean's decision. In cases of expulsion, the decision of the Vice Chancellor for Academic Affairs and Research is final.

Unsolved grievances may be reported to the Arkansas Division of Higher Education (ADHE) via the student complaint form found on the [ADHE website](#). The grievant must provide written documentation from Arkansas State University verifying that the institutional appeal process has been followed. Grievances regarding student grades or conduct violations are governed entirely by institutional policy and Arkansas law and will not be considered by ADHE.

Elevators are in residence halls with five or more stories as well as Living Learning Community Building 4 for the convenience of the residents. People with disabilities should be allowed to use an elevator prior to someone without disabilities. Maintenance of elevators should be reported to the University Housing Office or your Residence Education Coordinator for your community.

Laundry

Washers and dryers are located in each residential complex. If the machines are not working properly, contact the Office of University Housing, notify the front desk of your residential community, or complete a work order using the QR code/website displayed on the machine. Please indicate the number of the machine in your workorder. If you are out of laundry funds please email Housing@AState.edu to request additional funds be applied. Your assistance in reporting issues helps the staff resolve any issues in a timely manner.

If pests are found, University Housing and Facilities Management provides extermination services. Please contact the University Housing Office, the Residence Education Coordinator for your community immediately or complete an online work order request.

Room Repairs

Any damages present in the room prior to check in should be marked on the room condition report. Please review this form to ensure that all damages are reported to University Housing within 24 hours of checking in. If, during the course of any given semester, damages occur within the room the student must immediately report these damages to the hall staff. Damages that are made by the resident or the resident's guests will also be placed on a work order with an attached damage statement for the billing of such repairs.

Telephone Service

The University does not furnish telephone service to student rooms. There is a phone at the front desk that may be used to contact emergency personnel.

TV and Study Lounges

Some residence halls have a TV and study lounges for students' convenience. Furniture and lobby fixtures must remain in the lobbies and lounges. Personal items should not be left unattended in common space areas.

the amount lost to the Treasurer's Office in the Reng Student Union. Please consult the telephone number on the vending machine if there is an operational issue with the machine.

SAFETY & SECURITY

Fire Alarms

Each building is equipped with a fire alarm system. They are there for protection; therefore, students and guests should not tamper with them. This includes components such as sprinkler systems and smoke detectors. Fire drills are conducted to familiarize the residents with the sound of the building alarm, emergency exits that are available, and the procedure for evacuating the building. Drills are required each semester under the Higher Education Opportunity Act of 2008 to receive federal funds. Failure to respond to a fire alarm will result in conduct action. Tampering with fire safety equipment is a violation of University policy, and will also result in conduct action.

If a fire alarm sounds:

- Quickly put on a coat (if necessary) and hard - soled shoes.
- Take a towel to put over the face to prevent smoke inhalation.
- Check the door or doorknob. If it is hot, do not open it. If it is cool, exit cautiously and lock the door. Each student is encouraged to take their keys and University ID Card with them.
- Walk quickly, but in an orderly manner, through the nearest, safe exit for the area and continue to the identified evacuation assembly point for your building.
- Do not use elevators.
- Do not reenter the building for any reason until told to do so by a University Housing staff member.
- Everyone, including residence hall personnel, must leave the hall whenever the alarm sounds in a reasonable, responsible, and prompt time/manner. Failure to do so will result in conduct action.

Bomb Threats

If a bomb threat or any other threatening phone call or other form of communication is received, gain as much information from the caller or messenger as possible and do not hang up the phone. Immediately notify the University Police Department at 870-972-2093. Please remain available for assistance to the investigative authorities.

Safeguarding Personal Property

Residents are highly encouraged to invest in renter's insurance. Renter's insurance can be purchased through homeowner's policies or from independent companies specializing in residence hall insurance.

The safety and security of the hall is the responsibility of each resident, residence hall staff, and University Police officers. The University Police Department has a rotating staff who are available 24 hours a day to assist residents and staff.

Hints for Safeguarding Personal Property:

- Mark or permit University Police to mark individual property so it can be easily identified.
- Lock all room doors and windows.

- Never leave personal items unattended. (This includes staying with laundry in the laundry room).
- Leave items not needed at home, if possible.
- Lock automobiles when not in use.
- If one must leave items in an automobile, lock them in the vehicle out of view.
- Report all items lost or stolen to the University Police Office or appropriate officials.
- If one is aware of a crime that has been committed or is being committed, contact the University Police Office immediately and furnish as much information as possible.
- Large sums of money should not be kept in one's room.

Severe Weather

Weather alerts are broadcast to campus members in various formats, including outdoor sirens, radio, television, social media, and University communication platforms. Weather that poses an imminent threat to the A-State campus or alters the operating status will be communicated via A-State Alerts.

Resources for severe weather are available at this [severe weather linktree](#).

Resources for winter weather are available at this [winter weather linktree](#).

Tornado Watches:

When a tornado watch is issued, it means all ingredients are present for potential tornadoes. However, at this point, the ingredients have not yet combined.

- Monitor weather using mobile weather apps and the National Weather Service.
- Identify where you will be, where you will go, and what you will do if severe weather approaches.
- As weather approaches, move to safe areas. For campus, the designated safe area is the Reng Student Union. Note: the safest time to change buildings is during a watch. Once a warning is issued, it may not be safe to leave a building.

Tornado Warnings:

When a tornado warning is issued, it means ingredients have started combining and rotation is visible, either by a spotter or on radar. This rotation may be on the ground (tornado) or rotating within the clouds (funnel cloud).

- You should not move buildings – seek shelter at the building you are currently in.
- If driving, find the nearest sturdy building to seek shelter. Do not stay in the car, under an overpass, or try and outrun the storm. Concrete culverts can also be a shelter point.
- Monitor via radio/mobile devices until the storm passes. Do not leave the shelter until you verify the threat has passed.

Winter Weather:

Winter weather can form as ice, sleet, freezing rain, or snow. These conditions may cause hazardous travel conditions and potentially cause the University to temporarily alter operations.

- Monitor your A-State email and A-State Alerts for response/closing notifications.
- Turn faucets on to a drip to allow water to circulate in freezing temperatures. This prevents pipes from freezing. Open cabinets under any sink.

- Keep your thermostat within the range provided by University Housing
- Be careful traveling to and traversing campus, as weather hazards may still be present.
- If you are unable to commute, notify your instructor in accordance with the Provost's Inclement Weather Policy.

Stolen Property

The university assumes no responsibility for the loss of personal articles, but will assist in every possible way to recover such items. Losses should be reported to the University Police and University Housing Staff immediately. Protect the contents of the room by locking the door when leaving. University Police has an engraving service available for valuable items. Residents are encouraged to purchase renter's insurance.

Card Access

Each residence hall is locked 24 hours a day, 7 days a week. Only residents of the hall will gain access to the hall via the A-State identification card or mobile credentials. The host is responsible for checking the guest into the residence hall in University and Kays Hall. Residents are required to have their Student I.D. on them at all times. Failure to carry your card or provide your card to another person is a violation of the Student Code of Conduct. If one experiences problems with the card system, they should contact the Campus Card Center or a Residence Hall staff member at the front desk.

Gate Access

The entrances to the parking lots for Kays/University, NorthPark Quads/Red Wolf Den, Pack Place, The Circle, Greek Village, and Collegiate Park are gate controlled. Only students residing in these complexes have access to the parking lots. Students are expected to carry their ID card with them at all times. The ID card is necessary to access the gates. Broken or vandalized gates should be reported to the front desk of your residence hall immediately or by calling the RA on duty. UPD will investigate instances of broken/vandalized gates. Students found to have vandalized the gates will be subject to a conduct referral. A minimum restitution is \$285.00 or the current unit cost to replace a broken gate arm. Additional restitution may be required for repair or replacement of damaged mechanical parts. If a student experiences a malfunction with the gate working properly they may call Parking Services at 870- 972-2945 during business hours (8:00 a.m. to 5:00 p.m. on weekdays) or University Police Department at 870-972-2093.

HOUSING ASSIGNMENTS

Check-In

The residence halls are available to check into on the scheduled move in day, prior to classes beginning, allowing residents to get settled. Keys are issued to the assigned resident only. A room condition report has been previously filled out by a RA with the conditions of each room. If there are any problems with a room, please report them to the RA within 24 hours of check-in by noting additional damages on the provided form or online format. Throughout the semester, residents should report any damages that occur to the RA. Each resident is financially responsible for all damages that occur in their room during occupancy.

Room and Hall Changes

Room changes are evaluated on a case-by-case basis. To maintain accurate occupancy records, proper room change paperwork and procedures must be followed. See a REC for

details. The REC must approve room changes within the building. Contact the REC of the desired area to initiate a change from one residence hall to another. Any time a student changes rooms, they must be checked out of their old room and checked into their new room by an RA. Room damages will be assessed to the student's university account.

Check Out

Residents of the halls are charged for room and board from the date that the room key is obtained by the resident until the room key is returned to the residence hall office and the resident officially checks out. However, the resident is responsible for the entire length of their contract while still enrolled at A-State. Residents may "buy out" of their contracts by paying cancellation fees in accordance with University Housing - Housing Contract; first year students must be released by the On-Campus Waiver Request Committee before "buying out" of the contract. Residents who do not officially check out of the residence hall can expect to be charged for the use of the room until the key has been returned and/or assessed an improper check-out, lock change fee. Residents must have an approved on-campus waiver request, approved Contract Release, have formally withdrawn from the university or it be the end of the resident's contract to check out.

Residence hall rooms must be left in satisfactory condition:

- 1) Wall and furnishing surfaces should be cleaned of excessive dirt, and grime.
- 2) Marks and dirt should be removed from door surfaces.
- 3) Trash should be removed from the room and properly placed in the community dumpster outside.
- 4) Floors should be clean; swept and mopped.
- 5) All provided furnishings must be left in the room, in good condition, and in their original position.
- 6) All bathrooms must be clean (toilets, sinks, showers, floors, etc.)

Fees may be assessed to the resident for pest control, odor removal, or damage caused by contact paper on furniture or walls that was not permitted.

Residents who wish to have their prepayment refunded must ensure that their permanent address is correctly listed in A-State Self Service. Upon checking out, the paperwork will be processed by the Office of University Housing. A resident may request a refund of the prepayment in writing prior to the dates outlined in the University Housing- Housing Contract. All prepayment refunds will be processed by the 11th day of class through University Housing and then the refund processed through the Office of Finance. This process usually takes from two to three weeks.

Housing During Break Periods

Break housing may be available during mid-semester fall, winter, and spring breaks in non-apartment locations where the break is not included in the contract. If break housing is available, there will be a charge for this service by paying the nightly rate per community. There is no fee for the two-day mid-semester break. Break housing must be pre-arranged with the Office of University Housing. If a student is found in housing during break periods without proper arrangement, that student will be charged for their stay and receive a conduct referral. Students living in Collegiate Park, Red Wolf Den, Greek Village, Pack Place, Village, or The Circle will not be charged for break housing during these break periods. For

more information about housing options during the Summer, refer to the Summer Housing section.

Cancellation of Room Assignment

A resident who has decided not to return to the residence halls or to cancel their room assignment must contact the Office of University Housing in writing. Please review your University Housing contract for the prepayment refund policy.

Consolidation

The Office of University Housing reserves the right to require occupants who are in rooms that have been designated as double occupancy to consolidate. The residence hall staff will have more information regarding this policy. University Housing reserves the right to make administrative room changes.

Renter's Insurance

Residents desiring insurance protection must make their own arrangements for the necessary coverage. The university does not provide insurance covering the loss and damage (due to water leak, fire, etc.) to residents' personal effects. Students are strongly encouraged to carry appropriate insurance to cover such losses.

Residents living in Pack Place and The Circle are required to have Renter's insurance provided by Zimmer Properties. The fee is \$25.00 per semester; NYITCOM Renter's Insurance is \$30.00 per semester. This fee is non-refundable and applied to the student's account.

Room Assignments

The Office of University Housing reserves the right to reassign students to other spaces, rooms or halls when doing so appears to be in the best interest of individuals or groups of students, or when it is determined that a student is not actually residing in their assigned space. The Office of University Housing also reserves the right to consolidate students who have not paid for a private room and have no roommate. Private room preference, roommate preference, and particular requests are accommodated based on date of prepayment and space permitting.

Single Rooms

When space permits, a student may rent a room on a single basis by payment of an additional fee applicable to the particular semester at the approval of University Housing. Assignments for single rooms are based on availability. Rental of the room on a single-basis guarantees that no roommate will be assigned for the specific semester. It does not entitle the student to make the extra set of furnishings (where applicable) available to another student or guest. All furnishings are to remain in the resident's room at all times this is to include the mattress and bed frame of the extra bed. There is no correlation between the amount of the additional fee and the size of furnishings of the room. When a student reserves a room on a single basis for a particular semester, they are obligated for the additional fee for that semester even though they may later decide to accept a roommate or move to another room.

Summer Housing

Students who wish to reside in Summer housing must be enrolled for the upcoming Fall term or enrolled in classes for the Summer term. Students must submit a summer housing application through the Office of University Housing. Information for summer housing sign-

ups are communicated through email and on the University Housing website. Interim housing may be available for the week(s) between Spring and Summer and Summer to Fall terms. Contact the Office of University Housing for specific charges and instructions.

Age of Residents

Residents of University Housing must be at least 17 years of age at the start of the Fall semester of their first year at Arkansas State University. To enroll as a first-year student, students younger than 17 years old must have an approved Request for Waiver of Living on Campus to live with their parent(s) or legal guardian(s) within a 25-mile radius of campus.

31-30) Vents

Heating and air conditioning vents, registers as well as return vents such as those in doors are to be left uncovered. If a student needs a vent to be dampened or adjusted, they should put in a work order for maintenance to make the appropriate adjustments.

31-31) Windows

A screen may not be removed from its window casing. If the screen is missing from a window, students may not use the window for egress or to hang or display items. The plane of the window may not be broken. No items may be hung or displayed so as to obscure the window(s) in any way. No furniture may be placed in front of windows to completely block the window.

31-32) Patio/Balcony Standards:

University Housing reserves the right to ensure adherence of balcony/patio cleanliness. Campus furniture is not permitted on balconies/walkways at any time. (e.g., bar and desk chairs, living room couch and chairs, mattresses, etc.) All trash should be taken to the dumpster and not stored outside of residential doors or on balcony area. Residents must keep personal belongings on their balcony/patio, off the walkways and sidewalks. Residents are permitted to hang flags and tapestry if it does not obstruct the view of or entirely cover the balcony. Writing or painting on balconies/patios or decorative substances such as chalk, or window paint is prohibited. Balconies/patios should not be used as storage areas.

GENERAL UNIVERSITY HOUSING GUIDELINES

Cleanliness

All campus residences will be inspected throughout the semester to ensure compliance with fire, health and safety standards. Residents should expect these to occur. Residents are required to allow University Housing Staff, including student staff, to enter their residences for these inspections and any follow-up inspections. If there is no one present when the staff comes to complete a properly posted fire, health, and safety inspection, it will be completed without the residents being present.

Fire, Health, and Safety inspections are carried out to ensure that university property is being used properly; that reasonable standards of room cleanliness, safety, and sanitation are being observed; and that maintenance requirements are reported.

Students will be provided via email a guide instructing them on expectations for Fire, Health, and Safety Inspections (FHS) and how to pass them. The email will be sent to the student's @smail.astate.edu account approximately the first week of each month an FHS occurs along with a reminder of the dates of FHS Inspections. Reasonable standards of room cleanliness include but are not limited to all trash properly removed from the room, no dirty dishes, food properly stored, floors and counters free from clothing and debris, bathrooms cleaned and no

mildew buildup, bedding and towels regularly laundered, and no strong odors or contaminants. Cleanliness in common spaces is the responsibility of all residents assigned to the suite or apartment.

Residents who fail Fire, Health, and Safety inspections will be given, in writing, 48 hours and the necessary corrections that must be made. If items found during the health, safety, and fire inspection are a violation of policy they may be confiscated. Violations of policy will be referred to the Office of Student Conduct. If the resident(s) fails the follow-up inspection they may be subject to fees to correct the issue, conduct violations and/or cancellation of the University Housing Contract. University Housing staff will open cabinets beneath sinks to check for any maintenance issues.

2026-2027 Fire, Health, and Safety Inspection Dates:

September 13-18, 2026

November 1-6, 2026

February 7-12, 2027

April 4-9, 2027

July 11-16, 2027

Community Billing

If any vandalism, theft, or damage occurs in such areas as one's floor, hall, wing, lounge or community bathroom, which cannot be properly charged to an individual, all members of the floor or community may be billed equally for cleaning, replacement or repairs. Similarly, damage or theft in one's building, which cannot be assigned to an individual, may result in all building residents equally sharing in repair or replacement costs. If applicable, each resident will be billed on their student account for their "share" of public area damages at the end of each semester. Residents will be given every opportunity through posted flyers, letters, emails and/or hall meetings to identify individual(s) responsible for the damage before a group billing is finalized. Active involvement in reducing damages within the community is encouraged.

Room Entry

The university reserves the right to have its representative(s) enter a resident's room in the following instances:

- When it appears that an occupant may be physically harmed or endangered
- When it appears that university property is endangered
- When it appears University or University Housing policy is being violated
- To make periodic health, safety, fire and maintenance inspections and/or repairs
- To deliver administrative letters and notices
- To complete room condition reports

Every attempt will be made to allow one to retain as much privacy as possible in their residence.

The actual searching of a room specifically for the purpose of removing illegal or prohibited articles will be done only when reliable information warrants such action. If possible, searches will be conducted in the resident's presence. Police may be present to assist in a search.

Roommate Conflicts

Residents will be required to complete roommate, suitemate, and/or apartment agreements with individuals who share their living space. The agreements will be updated if new residents move into the living space. Apartment residents are strongly encouraged to develop a roommate agreement. If a resident and their roommate are having a conflict, they should attempt to discuss the problem with each other. If this cannot be done, they should take their concerns to the RA. The RA will assess the situation and may mediate the situation, update the roommate agreement, or refer the concern to the Residence Education Coordinator. If the concerns cannot be resolved, the Office of University Housing has the right to relocate one, all or none of the roommates, or they may refer the matter to the Office of Student Conduct. Failure by any student to follow an agreed upon roommate agreement may be considered a potential violation of the Failure to Comply policy by the Office of Student Conduct. For more information regarding the Failure to Comply policy, please refer to the Standards of Student Conduct in the handbook.

Visitation

Visitation provides an opportunity for residents to create a more desirable living experience and further personal growth through greater interpersonal contact among students. The responsibility of this policy rests upon the individual who must maintain the element of academic privacy in the living areas, maintain their conduct in a manner that is in consideration of roommates or other concerned parties, and act in accordance with all university policies.

A guest is anyone who is not a resident of that specific residence hall or apartment (i.e. University Hall visiting Kays Hall). All guests must be checked in to the First Year Residence Halls (Kays and University) through the front desk, except intra-visitation in Kays Hall.

Visitation Policy for Arkansas Hall, Collegiate Park, North Park Quads, Living Learning Communities, Red Wolf Den, Pack Place, Collegiate Park, The Circle, and Village Apartments:

Determined by the living unit.

Visitation Policy for Greek Village:

Determined by international and/or national policies.

First Year Residence Halls (Kays and University) Visitation Hours are as follows:

Sunday through Thursday:	8a.m. - 12:00 a.m. (Midnight)
Friday and Saturday:	8a.m. - 2 a.m.

Kays Hall Intra-Visitation Policy

The intra-visitation policy for the residents of Kays Hall was designed to help enhance the community's group dynamics. The intra-visitation hours (Kays Hall residents visiting fellow Kays Hall residents) are 24 hours a day. However, the escort policy must be followed at all times.

Any guests who do not reside in Kays Hall who wish to visit residents of Kays Hall must follow the normal visitation policies and hours. Individual floors in Kays Hall may choose to limit intra-visitation or visitation hours on a floor by a vote of that community at the beginning of each semester. These hours must be posted at the entrance to the hall.

Visitation Guiding Principles:

The following policies must be maintained for visitation:

- 1) All entering into and exiting from the hall must be through the lobby. Emergency fire doors are to be kept secured and used only in case of emergencies.
- 2) Each resident must meet and escort their guest to and from the lobby. Guests must be escorted at all times throughout the building and remain with their guests throughout the entire visit.
- 3) Each guest must leave their IDs or some satisfactory form of photo identification with the Resident Assistant on duty in the hall (except intra-visitation in Kays Hall).
- 4) Each resident will be held responsible for the conduct of his or her guests.
- 5) The resident and their guest together must reclaim the IDs and/or other forms of identification before the closing hours of visitation.
- 6) Violations of the visitation policy will subject the resident and their guests to conduct action.
- 7) All occupants of a residence hall room or apartment must agree before visitation will be permitted.
- 8) All residents have a right to personal privacy. Based on this right, a person may choose to withdraw their agreement in reference to visitors in the room or apartment. If a dispute arises in reference to guests or visitation the RA should be informed immediately and the guest will be asked to leave, even if a previous agreement had been reached between residents.
- 9) Residents are only allowed two (2) guests at any time (except in the Village Apartments).
- 10) Only family members of the same gender as the host are permitted for overnight visitation in the First Year Experience halls (Kays and University). The stipulation of 2 guests/family members per host still applies.
- 11) All occupants of the room/living space must agree before overnight visitation is permitted in the room. No one is allowed to stay more than 2 consecutive nights, and a guest may not stay more than 5 nights collectively in any residence hall space per month, unless they have properly notified the REC and received permission in advance.

MISSING STUDENT PROCEDURE

Rationale

In accordance with Section 485 of the Higher Education Act (HEA), every institution of higher education that provides on-campus housing must implement a missing student notification procedure for those students residing in on-campus housing.

Procedure for Informing Students

As part of the electronic application process, students will designate a confidential contact to be reached in the event the student is considered to be missing. Students may, at any time, change this information on-line. If the student is under the age of 18 and is not an emancipated minor, the confidential contact must be the student's parent or legal guardian. Students 18 years and older may designate the contact of their choice. During the first-floor meeting of the fall semester or as part of the check-in process, Resident Assistants (RAs) will review the Missing Student Procedure with new students. During the first week of the spring semester, the RA will meet with all new students to review the Missing Student Procedure.

Procedure for Determining if a Student is Missing

For purposes of this procedure, a University residence student may be considered to be a “missing student” if the person’s absence is contrary to their usual pattern of behavior without explanation. For example, a student who typically stays on campus during weekends should not be considered missing if he/she has informed others of a weekend trip off campus. However, the unexplained absence of a student expected to be on campus triggers the Missing Student Procedure. Any person believing that a student is missing should report to University Housing.

If a student is reported missing to a University Housing staff member, the staff member should be sure to obtain the reporting person’s name, relationship to the student, and contact information where the reporting person can be reliably reached. The staff member should obtain local directory information about the missing student and immediately notify the missing student’s Resident Education Coordinator (REC), or the staff member on call.

The Residence Education Coordinator/Associate Director should refer to the Reported Missing Student Checklist and contact the reporting person to obtain the additional information needed. If the Residence Education Coordinator/Associate Director determines at any point there is a credible threat to the well-being of the student reported as missing, the Residence Education Coordinator/Associate Director should call University Police and make a report to supervisory staff. The Residence Education Coordinator/Associate Director should then proceed to contact known student friends/relationships, beginning with roommates/suitemates, and the missing student’s Resident Assistant. The Residence Education Coordinator/Associate Director should also use direct and indirect methods of leaving messages for the student to make contact immediately. The purpose at this point is to determine if the student is truly missing or has simply failed to make the desired contact with the reporting person. If the student is located or is determined not to be missing, the student should be advised to contact the reporting person. The Residence Education Coordinator/Associate Director may also contact the reporting person and relay that the student is not missing and has been asked to contact the reporting person.

If pursuing known contacts has not resulted in locating the student, the Residence Education Coordinator should contact the Director of University Housing. The Director of University Housing will then notify the Vice Chancellor of Student Affairs/Dean of Students. The Vice Chancellor of Student Affairs/Dean of Students is responsible for reporting all obtained information. University Housing Staff will follow verbal notification with an Incident Report (IR). The contacted individuals may then authorize one or more of the following measures to determine recent activity by the student reported as missing:

- Building card reader access report
- Meal plan access report
- Class attendance
- Social Networking activity on sites such as Facebook
- In-plain-sight examination of room to see signs of recent use or planned departure
- Location of vehicle

If the results of these activity measures suggest that the student is indeed missing and unaccounted for, the contacted individual will file a police report with University Police to request law enforcement investigation. All information obtained about the missing student through investigation should be shared with the University Police.

If University Police determine that a student for whom a missing person report has been filed has been missing for more than 24 hours, then within the next 24 hours, they must: Notify the individual identified by the student to be contacted in this circumstance. If the student is under 18 years old, notify a parent or guardian.

University Communication of a Missing Student

In cases involving missing student residents, all inquiries by media or the public regarding missing student residents shall be referred to University Relations. All public statements will be coordinated through University Relations.

STUDENT CONDUCT

[Office of Student Conduct](#)

Located in Suite 2053 in the Reng Student Union
870-972-2034
studentconduct@astate.edu

Mission

It is the mission of the Office of Student Conduct at A-State (OSC) to facilitate a positive and safe environment for student learning. The OSC strives to help achieve a community in which individuals learn the value of demonstrating respect for others, themselves and the

University. Additionally, it is our purpose to be a catalyst for the development of the whole student by the education of and enforcement of the regulations set forth in the Standards of Student Conduct.

General Information

All non-academic violations of the Standards of Student Conduct are processed through the Office of Student Conduct. The OSC Staff members are also available for programming needs in reference to the Standards of Student Conduct and appropriate behavior.

STANDARDS OF STUDENT CONDUCT

Preamble

Arkansas State University is an interdependent learning community consisting of students, faculty and staff. Just as any community has a culture, along with written and unwritten "expectations" for conduct, we too have a culture and associated expectations for behavior. The community's expectation is that conduct is marked by integrity. Any student who chooses to enroll at the university also chooses to become part of this community and constructively contribute to its culture. This choice is an obligation to conduct oneself in such a way as to facilitate the mission of the community, which is to "...enhance intellectual life and enrich lives..."

The following principles are part of the collective expectation of the members of this community relative to personal conduct.

- **Ethical Behavior** — The pursuit of a higher education is a privilege. Associated with that privilege is an obligation to aspire to a set of principles and values that demonstrate a commitment to fairness, honesty, empathy and achievement.
- **Morality** — Members of a learning community commit to the ideals of appropriate human conduct. This lifestyle seeks to harm no one and attempts to be a positive contributor in every interaction.
- **Respect** — Every member of this community should seek to gain and demonstrate respect. Members should hold one another in high regard. Each individual should conduct himself or herself in a manner worthy of that regard, which is gained by decent and correct behavior.

The learning community at Arkansas State University does not intend to be prescriptive regarding the personal beliefs and value systems of its members. However, this community does believe that it has a right to expect its members to demonstrate personal responsibility and integrity in word and deed.

University Jurisdiction

The university has jurisdiction over any student or student organization alleged to have violated the Standards of Student Conduct on campus or off campus. For the purpose of the student conduct process, a "student" is defined as any person who is admitted, enrolled or registered for study at Arkansas State University for any academic period. Persons who are not officially enrolled for a particular term but who have a continuing student relationship with, or an educational interest in, Arkansas State University are considered "students". A person shall also be considered a student during any period while the student is under

suspension from the institution or when the person is attending or participating in any activity preparatory to the beginning of the academic year including, but not limited to, fraternity or sorority recruitment, orientation, placement testing, and residence hall check-in.

Inherent Authority

The university reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community and its members.

Interim Measures

The Vice Chancellor of Student Affairs/Dean of Students, or their designee, may enforce an interim action if necessary to maintain safety or order; including but not limited to, making adjustments in student housing arrangements; imposing conditions of no contact between an accused student and the accusing student; temporarily suspending a student; or banning a student from campus. The Vice Chancellor for Academic Affairs, or their designee, may remove a student from a class to maintain order. Within twenty-four (24) hours of imposing the interim measure(s), the accused student or student organization will receive written notification of any interim measures which explains the institution's reasons for enacting the interim measures.

In cases in which an interim suspension has been issued the following will occur: an interim measure hearing will be held within three (3) business days of the written notice unless otherwise waived by the accused student, to determine whether there is substantial evidence that the accused student poses a risk to the physical safety of a member of the campus community and that the interim measure is appropriate to mitigate that risk.

At an interim measure hearing, the accused student and the accusing student may be represented by an attorney or a non-attorney advocate who may fully participate in the interim measure hearing. An accused student's waiver of their right to be represented by an attorney or a non-attorney advocate shall not constitute an admission of guilt or a waiver of additional rights.

Student Contact Information

All students are responsible for maintaining their current address, email address and phone number with the Office of the Registrar. It is also the student's responsibility to frequently monitor campus e-mail and the university website, as these electronic means of communication are the university's most effective and efficient ways to disseminate important information to the campus community. Campus email is the primary means of communication from the Office of Student Conduct; appearance notifications, hearing notifications and decision notifications will be sent to the student's A-State email address.

Modifying the Standards of Student Conduct

The university reserves the right to amend the Standards of Student Conduct at any time. Every effort will be made to communicate any changes made to the university community at least ten days prior to policy change, except at the start of the academic year. The Standards of Student Conduct will be updated each summer and the new version will be available in the Student Handbook for that academic year.

Policy Interpretation

The Vice Chancellor of Student Affairs/Dean of Students, or their designee is the final authority in defining and interpreting the Non-Academic Standards of Student Conduct and conduct procedures. The Vice Chancellor for Academic Affairs and Research or their designee is the final authority in defining and interpreting the Academic Standards of Student Conduct.

Standards of Student Conduct

When the conduct of any member falls outside the bounds of acceptable behavior, that member can expect the community of Arkansas State University to call such conduct into question. The university reserves the right to discipline students or student organizations for inappropriate actions that occur on or off the campus to secure compliance with the University Standards of Student Conduct. Students are expected to comply with all university policies and procedures. Students failing to maintain these Standards may be asked to leave the university community.

Standards of Student Conduct are divided into two categories: Non-Academic Misconduct and Academic Misconduct. However, if the alleged violation of the Nondiscrimination Statement rise to the level of “serious violations,” as that term is defined below, the case will follow the procedures for “serious violations” cases provided in this handbook. In such “serious violations” case, the Office of Institutional Integrity and Title IX will be responsible for providing supportive measures to the parties, coordinating non-disciplinary remedial actions, and assisting the Office of Student Conduct in the investigation process.

Conduct Information and Procedures

- 1) Any individual may refer a student or registered student organization to the A-State Office of Student Conduct for potential violations of the A-State Non-Academic Standards of Student Conduct. Conduct Referrals, or Incident Reports should be submitted to the Office of Student Conduct within ten (10) university business days. Failure to submit such report within this time period, however, does not deprive the Office of Student Conduct from acting on any report of alleged violation of the A-State Non-Academic Standards of Student Conduct it receives. Conduct referrals or Incident Reports reporting incidents of Sexual Assault, Sexual Harassment, Sexual Misconduct, or any other conduct in violation of the Nondiscrimination Statement in this handbook should be referred to the [A-State Office Institutional Integrity and Title IX](#) and will be addressed according to the procedures employed by that office (except “serious violations” cases, which are described more fully below and will be handled according the “serious violations” procedures outlined in this handbook).
- 2) Upon receiving a Conduct Referral or Incident Report, the A-State Office of Student Conduct will determine if there is sufficient information to show a student or registered student organization potentially violated a policy of the A-State Non-Academic Standards of Student Conduct. The student or registered student organization (Respondent) who potentially violated a policy of the A-State Non-Academic Standards of Student Conduct will be contacted through university email to schedule an initial meeting with the A-State Office of Student Conduct concerning the potential policy violations. For registered student organizations, the Notice will be emailed to the organization’s primary representative, typically the President on file with the Leadership Center or Fraternity and Sorority Life. Failure to read and comply with the letter is not grounds for appeal.
- 3) The A-State Office of Student Conduct will determine the initial hearing officer. The initial hearing officer may be one of the following: Director of Student Conduct, Office of Student Conduct staff members, Hearing Boards, and/or others designated by the Director of Student Conduct.
- 4) Serious Violations

“Serious violations” may result in a suspension or expulsion. In the event a potential policy violation may rise to the level of suspension or expulsion, the conduct process will follow the expectations outlined in [Act 470 of 2023](#) for “serious violations.”

Any Respondent or Complainant participating in disciplinary proceedings involving a “serious violation” will also be provided notice of the following:

- a. The rights of the Respondent and Complainant as set forth in the Student Code of Conduct as well as in [Act 470 of 2023](#) and other applicable law, if any; and,
- b. The date, time, location of each phase of the student disciplinary process at least:
 - i. One (1) business day prior to any scheduled event at which the Participant (Complainant, Respondent, or Witness) is expected to participate; and,
 - ii. Seven (7) business days prior to a disciplinary hearing.

All official communications will be sent to the university email address of the Complainant and Respondent. For registered student organizations, the official communication will be emailed to the organization’s primary representative, typically the President on file with the Leadership Center or Fraternity and Sorority Life. Failure to read and comply with the notice is not grounds for appeal.

Interim Measure Hearing

In cases in which an interim suspension has been issued the following will occur: within three (3) business days of the written notice, unless otherwise waived by the accused student, an interim measure hearing will be held to determine whether there is substantial evidence that the accused student poses a risk to the physical safety of a member of the campus community and that the interim measure is appropriate to mitigate that risk.

At an interim measure hearing, the accused student and the accusing student may be represented by an attorney or a non-attorney advocate who may fully participate in the interim measure hearing. An accused student’s waiver of their right to be represented by an attorney or a non-attorney advocate shall not constitute an admission of guilt or a waiver of additional rights.

- 5) Students are responsible for all communication during the conduct process, except for suspension and expulsion. Students may have an attorney or non-attorney advocate present at all meetings and hearings throughout the conduct process, but the attorney or non-attorney advocate may not speak for the student. In cases of potential “serious violations,” students have the right to be represented by an attorney or non-attorney advocate. The attorney or non-attorney advocate may fully participate during a disciplinary proceeding.

A “fully participating attorney or non-attorney advocate” may attend all meetings with the student or registered student organization, provide the opening and closing statement on behalf of the student or registered student organization during the hearing, and prepare an appeal on behalf of the student or registered student organization if they are found “responsible” and choose to appeal.

Sex-Based Discrimination Information and Procedures

1. Allegations of sex-based discrimination of any kind, including but not limited to sexual harassment, sexual assault, stalking, domestic violence, and dating violence must be initially reported to the [Office of Institutional Integrity and Title IX](#). The Office of Title IX and Institutional Equity will coordinate the investigation of all allegations of violations of sex-based discrimination either under the Title IX (Sexual Harassment Discrimination) Grievance Procedure or under the Other Sex-Based Discrimination Grievance Procedure, as applicable.

Procedures for Resolving Non-Academic Conduct Charges for Violations of the Standards of Student Conduct

1. Initial Meeting:

The hearing officer will meet with the Respondent to review the potential policy violation(s) of the A-State Non-Academic Standards of Student Conduct. The hearing officer will inform the Respondent of their options to resolve the potential policy violation(s). The Respondent may have up to 48 hours to decide which of the following options the Respondent would like to utilize:

- a) The Respondent may accept responsibility and request an Informal Case Resolution with the hearing officer. The hearing officer will then assign an appropriate sanction through university email. If the Respondent disagrees with the assigned sanction(s), they may request the sanction(s) be reviewed. Requests for a review of sanction(s) must be submitted to the A-State Office of Student Conduct using the Appeal Request Form. The link to the Appeal Request Form is in the decision letter provided to the respondent through university email. The deadline to submit an appeal is within 72 hours of being assigned the sanction(s) or by 9:00 a.m. on the next university business day if the deadline falls on a weekend or after 5 p.m. on a weekday. Sanction review is the only appeal available through the Informal Case Resolution Process.
- b) The Respondent may plead "not responsible" or "no plea" and request a formal administrative hearing occur immediately (within 24 hours) after completing their informal case resolution form during the initial meeting. A formal administrative conduct hearing is a meeting between the Respondent and the hearing officer where the hearing officer decides responsibility. Alternatively, the Respondent may request a formal conduct hearing occur at least 48 hours after the completion of their initial meeting. If the Respondent is found responsible, the hearing officer will assign sanction(s) in writing, through university email, after the close of the meeting. If the Respondent does not agree with the sanction(s) assigned or the decision of responsibility, they appeal the sanction(s) or the decision of responsibility. Requests for a review of sanction(s) or decision of responsibility must be submitted to the A-State Office of Student Conduct using the Appeal Request Form. The link to the form is in the decision letter provided to the Respondent through university email. The deadline to submit an appeal is within 72 hours of being assigned the sanction(s) or by 9:00 a.m. on the next university business day if the deadline falls on a weekend or after 5 p.m. on a weekday.
- c) Any Respondent who fails to attend a scheduled Informal Case Resolution meeting may have a student conduct hold placed on their A-State student account until their formal conduct hearing is completed.

2. Formal Conduct Hearing:

If a Respondent does not accept responsibility and requests a formal hearing, does not attend the scheduled informal case resolution meeting, or if the initial hearing officer does not feel that an informal case resolution is appropriate, then a Formal Conduct Hearing will be held. There are four types of Formal Conduct Hearings: An Administrative Hearing, Student Disciplinary Committee, "Serious Violations" Hearing Committee, and a Fraternity & Sorority Life Hearing Board. The A-State Office of Student Conduct will determine the appropriate hearing body. All Formal Conduct Hearings are recorded for appeal purposes by the A-State Office of Student Conduct. No other recordings may be made outside of the university's chosen method to record the hearing.

Procedures for Resolving "Serious Violations" of Non-Academic Misconduct:

1. Investigation
 - a) A Respondent, Complainant, and/or any witness may be asked to appear at an investigative meeting with the Office of Student Conduct to discuss the report or gather additional information.
 - b) The Office of Student Conduct reserves the right to convene an investigative committee to conduct meetings with Respondents, Complainants, and/or witnesses as well as to gather evidence.
 - c) If a Respondent or Complainant wants to add an individual witness list, their name and contact information must be submitted to the Office of Student Conduct at minimum five (5) business days before the live hearing.
2. A Complainant or Respondent may choose not to "fully participate" in any or all "disciplinary proceedings." A "disciplinary proceeding" means a hearing, appeal, or investigatory interview conducted by an institution's administrator relating to an alleged "serious violation." "Fully participate" means the opportunity for an institution, a student complainant, a student respondent, or a registered student organization to be provided an opportunity to present and be advised by an attorney or non-attorney advocate. If an individual chooses not to participate in the process, they will need to complete a waiver. The waiver will be emailed to the Complainant or Respondent through university email.
3. Any Complainant or Respondent who is an involved party with a "serious violation" will be granted reasonable continuing access to the administrative file subject to any applicable restrictions that are authorized by law. The Complainant or Respondent will have the ability to review the administrative file beginning seven (7) business days before a disciplinary hearing. All evidence the University or another participant intends to introduce at a disciplinary hearing will be submitted to the Administrative File at least three (3) business days prior to such hearing. When evidence is submitted less than three (3) business days prior, all participants will be immediately notified, and such evidence will only be admissible at the hearing at the discretion of the hearing body.
4. Any Complainant or Respondent who is an involved party with a "serious violation" will be granted reasonable continuing access to the administrative file subject to any applicable restrictions that are authorized by law. The Complainant or Respondent will have the ability to review the administrative file beginning seven (7) business days before a disciplinary hearing. All evidence the University or another participant intends to introduce at a disciplinary hearing will be submitted to the Administrative File at least three (3) business days prior to such hearing. When evidence is submitted less than three

(3) business days prior, all participants will be immediately notified, and such evidence will only be admissible at the hearing at the discretion of the hearing body.

Types of Formal Conduct Hearings:

Administrative

Administrative hearings are heard by A-State Office of Student Conduct staff or A-State staff designated by the A-State Director of Student Conduct.

Student Disciplinary Committee

A Student Disciplinary Committee Hearing consists of a minimum of three A-State students and faculty or staff members selected by the A-State Office of Student Conduct from a pool of hearing board members.

Fraternity & Sorority Life Hearing Boards

Fraternity & Sorority Life Hearing boards are assigned in fraternity or sorority life cases where it is appropriate that the alleged chapter should have a hearing board consisting of their fraternity and sorority peers. Fraternity & Sorority Life Hearing Boards consist of at least three Arkansas State University student members of the Fraternity & Sorority Life Hearing Board. The members of all Fraternity & Sorority Life Boards will be selected and trained to participate in the conduct process.

“Serious Violations” Hearing Committee

A “Serious Violations” Hearing Committee consists of a minimum of three A-State staff and faculty members selected by the A-State Office of Student Conduct from a pool of hearing board members. The “Serious Violations” Hearing Committee will be used in all cases of serious violations of non-academic misconduct.

Registered Student Organizations

Cases involving registered student organizations will follow the same procedure noted for students. If a student organization is a social Greek letter organization, the Director of Student Conduct or designee will confer with the Director of Fraternity & Sorority Life before assigning the initial hearing body. The Office of Student Conduct may choose to adjudicate the case or assign it to the disciplinary committee of the appropriate council (Inter-fraternity, National Panhellenic, National Pan-Hellenic). If the Office of Student Conduct hears the case, the appropriate council may hear the case simultaneously if the organization that has allegedly violated the Standards of Student Conduct has also violated council policies.

A registered student organization may be subject to the conduct process in the following situations:

- An alleged offense was committed by one or more members of an organization and an executive member or advisor encouraged, sanctioned or was complicit while it occurred.
- An alleged offense was committed by one or more members of an organization and organization funds were used to finance the venture.
- An alleged offense was committed by one or more members of an organization and was supported by a majority of the organization's membership.

- An organization has chosen to protect one or more individual offenders who were members or guests of the organization.
- The Director of Student Conduct or designee deems that the alleged offense, by its nature, was an organization offense and not the actions of the individual members.
- If a reasonable person would assume the behavior was sponsored or supported by the organization.
- An alleged offense occurred as a result of an organization sponsored function.
- A pattern of individual violations is found to have existed without proper and appropriate group control, remedy or sanction.

Formal Conduct Hearing Guiding Principles

- a) The Respondent will attend an initial meeting with a hearing officer before a formal hearing. Not attending the scheduled meeting could result in a potential policy violation of “failure to comply.”
- b) The A-State Office of Student Conduct will notify Respondents of a formal hearing with at least 48-hours’ notice through university email, unless the Respondent elects to have an immediate formal administrative hearing.
- c) A Respondent may choose not to attend a scheduled formal hearing; however, the A-State Office of Student Conduct may decide responsibility in their absence.
- d) Respondents may choose not to answer any questions, not speak during the hearing, or not present information to the hearing body.
- e) Respondents must turn in a complete witness list into the A-State Office of Student Conduct one (1) university business day before the hearing – (a minimum of 24- hours before the hearing). In addition, students are responsible for notifying their witnesses of the time, date, and place of the hearing.
- f) Respondents may request, in writing to the A-State Office of Student Conduct, a list of all witnesses and access to all information before the hearing date. All information requests must be in writing, through university email, and allow a minimum of one (1) university business day for the information to be compiled from the time of the request.
- g) No character witnesses or irrelevant information will be considered in a hearing.
- h) A determination of responsibility will be based on a preponderance of the evidence or if it is “more likely than not” that a policy violation occurred.
- i) A Respondent may select an advocate to be present at the hearing. The advocate may confer and advise the student quietly, confidentially, and in a non-disruptive manner. An advocate may only speak in a hearing when addressed by the hearing officer or chair. An advocate may not be a witness in the hearing. A list of trained advocates is available in the Office of Student Conduct.
- j) The hearing officer will remove any disruptive hearing participants, and the hearing will proceed without them.
- k) The alleged victim (Complainant) may select an advocate to be present at the hearing. The advocate may confer and advise the complainant in a quiet, confidential, and non-disruptive manner.
- l) No recordings of hearings shall be made by any person other than the university. The A-State Office of Student Conduct will only maintain the hearing recording for the appeal process. If no appeal is made, the A-State Office of Student Conduct will destroy the recording ten (10) university business days after the appeal date. If an appeal is made, the recording will be destroyed at the close of the appeal process. A student will be given reasonable access to their hearing recording for review, with the understanding that no duplication of the recording shall be permitted. Requests for

access to hearing recordings must be made in writing and provided to the A-State Office of Student Conduct at least one (1) business day notice from the time of the request to make the appropriate arrangements.

- m) Hearing officers will provide a decision to the Respondent.

Serious Violation Live Hearing Guiding Principles

- a) Where charges involve a “serious violation,” the case will be heard by the “Serious Violations” Hearing Committee with the purpose of arriving at a fair and just decision. Live hearings before the “Serious Violations” Hearing Committee are closed meetings that permit the Complainant, including the University, and Respondent to address the alleged violation.
- b) The A-State Office of Student Conduct will provide the Complainant(s) and Respondent(s) at minimum seven business (7) days’ notice of the live hearing through university email.
- c) If the Complainant or Respondent does not appear for the hearing, the hearing may proceed without them being present.
- d) A Respondent or Complainant participating in disciplinary proceedings involving a “serious violation” may have an attorney or non-attorney advocate representing them in the disciplinary process.
- e) A Respondent or Complainant is responsible for making arrangements for the use of an attorney or a non-attorney advocate. The institution is not responsible for providing training or paying for the services of an attorney or non-attorney advocate.
- f) Upon written notice, the University will direct all communications related to disciplinary proceedings to both the attorney or non-attorney advocate and the Respondent or Complainant.
- g) Hearings involving more than one (1) Respondent may be conducted either separately or jointly. Joint hearings will only be conducted at the discretion of the Office of Student Conduct and upon agreement of the Respondents as demonstrated through the execution of an appropriate waiver under the Family Educational Rights and Privacy Act (FERPA).

All information requests must be in writing, through university email, and allow a minimum of three (3) university business days for the information to be compiled from the time of the request.
- l) No character witnesses or irrelevant information will be considered in a hearing.

Appeal Process

Informal Case Resolution Appeal

A student or registered student organization found responsible for violating the Non-Academic Standards of Student Conduct through an Informal Case Resolution may request a sanction review for the following reason: *Sanction(s) are unreasonably harsh or inappropriate for the circumstances of the violation.*

Requests for review of sanction(s) must be submitted to the Office of Student Conduct using the Appeal Request Form. The link to the form is in the decision notification email a respondent receives through university email. The decision of the Appeal Officer is final.

A student or registered student organization found responsible for a violation of university policy during a Formal Conduct Hearing may request an appeal for one of the following reasons: *Insufficient information that a policy was violated; A serious procedural error in resolving the case; the sanction(s) are unreasonably harsh or inappropriate for the circumstances for the violation; or new information has been found that was not available at the time of the hearing.*

Requests for an appeal must be submitted to the Office of Student Conduct using the Appeal Request Form. Serious Violation Appeal

A student or registered student organization found responsible for a serious violation of university policy may request an appeal for one of the following reasons: *Insufficient information that a policy was violated; A serious procedural error in resolving the case; the sanction(s) are unreasonably harsh or inappropriate for the circumstances for the violation; or new information has been found that was not available at the time of the hearing.* If a student or student organization waives the right to be present at a disciplinary proceeding, the student or registered student organization shall not have the right to appeal the institution's initial decision.

Requests for an appeal must be submitted to the Office of Student Conduct using the Appeal Request form. The link to the form is in the decision notification email the complainant and respondent will both separately receive through university email. The deadline to submit an appeal is within 25 days after the student or registered student organization receives final notification of the committee's decision or by 9:00 a.m. on the next university business day if the deadline falls on a weekend or after 5 p.m. on a weekday. The decision of the Appeal Officer is final.

MEDICAL AMNESTY POLICY

The safety and welfare of students is a University priority, and at times, students may need immediate medical assistance. However, students may be reluctant to get help because of concerns that their own behavior may be a violation of the Standards of Student Conduct. To minimize any hesitation students or student organizations may have in obtaining help due to these concerns, the University has instituted a medical amnesty policy. This policy is applicable to the following parties: 1) a student requesting medical assistance for oneself; 2) a student requesting medical assistance for another person; 3) a student for whom medical assistance was provided.

When responding to any alcohol or drug violations, the University will consider a student's decision to request medical assistance, and in most cases, view the act of seeking medical

assistance as good judgment, therefore not deserving of the typical sanctions. At a minimum, students or student organizations should make an anonymous report that would put the student in need in contact with professional help. Examples where this policy may apply include:

- 1) A student is reluctant to call an ambulance when a friend becomes unconscious following excessive consumption of alcohol because the reporting student is under the age of 21 and was also consuming alcohol.
- 2) A student is reluctant to report that they have been sexually assaulted because they had been consuming alcohol and are under the age of 21.

It is in the best interests of this community that victims choose to report to University officials. To encourage reporting incidents of sexual misconduct, the University pursues a procedure of offering victims of sexual misconduct limited immunity from being charged for any policy violations related to the sexual misconduct incident.

Although the University may choose not to impose disciplinary sanctions, the University may mandate educational options (such as alcohol and other drug assessments and attendance to alcohol education programs) in such cases. Once a student receives medical amnesty, any future amnesty is at the discretion of the Vice Chancellor of Student Affairs/Dean of Students or their designee. The Vice Chancellor of Student Affairs/Dean of Students or their designee also have discretion to determine that this policy does not apply in more serious situations, including criminal possession of drugs, property damage, and acts of violence.

Non-Academic Conduct Sanctions

Sanctions for Non-Academic Misconduct will be imposed by the Vice Chancellor of Student Affairs/Dean of Students or their designee upon individuals, groups or organizations that have been found responsible for violating the Standards of Student Conduct. The following sanctions may be imposed for Non-Academic Misconduct:

- **Educational Task** – Completion of a task which educates the student about and allows the student to learn from the misconduct.
- **Written Warning** – Official record that a student has been warned about behavior.
- **Removal of Property** – Required removal of property.

- **Restriction of Activities or Privileges** – Restriction of active status or participation in any and/or all organized university activities other than required academic endeavors for a designated period of time. These restrictions may include, but are not limited to, denial of the right to represent the University in any way, access to facilities or individuals, parking privileges, and/or participation in co-curricular activities.
- **Fees** – Monetary requirements based on the resolution of a case.
- **Conduct Probation** – A period of self-reflection, during which a student is on official warning that subsequent violations of university rules, regulations or policies are likely to result in a more severe sanction including suspension or expulsion from the university. A student placed on conduct probation is not considered to be in good standing with the university.
- **Housing Probation** – A period of self-reflection, during which a student is on official warning that subsequent violations of university rules, regulations or policies are likely

to result in a more severe sanction including relocation or removal from university housing.

- **University Housing Relocation** – Required movement to another room, hall, floor, wing or building within University Housing. Once assigned this sanction, students must relocate in no more than 24 hours, after which the relocated student cannot enter the room, hall, floor, wing or building they were removed from throughout their term of probation without permission from the Director of University Housing, Director of Student Conduct or designee.
- **Removal from University Housing** – Required removal from university housing. This action occurs without the refund of room fees. Once assigned this sanction, students must move within the designated time required or no more than 72 hours, after which the removed student cannot enter university housing without permission from the Director of University Housing, Director of Student Conduct or designee.
- **Conduct Suspension** – Temporarily canceling a student’s enrollment at Arkansas State University. A student cannot graduate while suspended. Once assigned this sanction, students are immediately removed from their classes and banned from university property. A student cannot enter university property during their term of suspension without prior permission from the Vice Chancellor for Student Affairs or designee. Any classes taken at another institution during this period of suspension cannot be transferred to Arkansas State University.
- **Expulsion** – Permanently canceling a student’s enrollment at Arkansas State University. A dismissed student cannot re-enroll or graduate. Once assigned this sanction, students are immediately removed from their classes and banned from university property. A student cannot enter University property once dismissed without prior permission from the Vice Chancellor for Student Affairs or designee.
- **Revocation or Denial of Degree or Admission** – Admission to or a degree awarded from the University may be revoked for fraud, misrepresentation, or other violation of University standards.
- **Additional Sanctions** – In addition to those listed above, other sanctions may be implemented.

Non-Academic Student Conduct Records

Retention

Non-Academic Student Conduct Records will be maintained for seven years from the date of the last case resolution or two years post-graduation, whichever comes later. Any student record with an outstanding sanction, suspension or dismissal will be kept indefinitely.

External Release

External release of records will occur in accordance with federal and state law.

Request to Expunge a Student Conduct Record

Non-Academic Student Conduct records will be maintained for seven years from the date of the last case resolution or two years post-graduation, whichever comes later. Any student record with an outstanding sanction, suspension or dismissal will be kept indefinitely and are not eligible for expungement.

However, there are certain circumstances that would allow for a student or graduate to submit a petition to the A-State Office of Student Conduct to have their non-academic student

conduct record expunged. The petition must be submitted using the [“Request to Expunge a Student Conduct Record”](#) form provided by the A-State Office of Student Conduct. Please note that the petition cannot be submitted prior to one full-calendar year after the date of a student’s last finding of responsibility or after seven years after a student’s last finding of responsibility.

The term “expungement” refers to when a student’s disciplinary record is modified to indicate that a non-academic student conduct matter has been expunged from the student’s record. Expunged records are only released as required by law.

Please note: Reports and/or other correspondence related to the violation that are maintained by other university departments, local and/or university police, or another reporting agency are not subject to this removal provision. This provision will not alter the university’s Clery report.

A student is eligible to petition for record expungement if:

- The individual has remained free from any new disciplinary matters.
- The individual has completed all sanctions, on time, by the deadline provided by the Office of Student Conduct.
- Be within 30 hours of graduation or a graduate
- One full calendar year has passed since the date of the student’s last finding of responsibility and no more than seven years has passed since the student’s last finding of responsibility.

A student shall not be eligible for record expungement if:

- The individual was expelled from the University.
- The individual was suspended from the University.
- The record is precluded from expungement as designated by the state and/or federal law.
- The individual has an open student conduct case(s).

***This policy has no application to Title IX.*

Petition Review:

A decision regarding the petition will be made by the Director of Student Conduct or the appropriate designee. Appeals to the decision will be heard by the Vice Chancellor for Diversity and Community Engagement. Factors that will be considered in the petition review include the following:

- The student conduct record as a whole
- The nature of the violation(s)
- The number of the violation(s)
- Whether the student completed sanctions in a timely manner
- The student’s response to the petition’s questions and any supporting documentation.

Requests for an appeal of a decision made regarding a student’s request of their non-academic student conduct record expungement must be submitted to the Office of Student Conduct using the Appeal Request Form. The link to the form is located within the decision letter. The deadline to submit your appeal is within 72 hours of being assigned the decision or

by 9:00 a.m. on the next university business day if the deadline falls on a weekend or after 5 p.m. on a weekday. Typically, a decision will be rendered within five (5) to ten (10) university business days.

Parental Notification

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) was amended by Congress in 1998, allowing institutions to notify the parents of students under the age of 21 when a student commits a drug or alcohol violation. A-State has taken the stance that parents can serve as effective partners in the reduction, prevention and education of students regarding alcohol and drugs. A-State has therefore implemented the following parental notification policy:

The Office of Student Conduct may notify parents/legal guardians when a student is found to have violated A-State's Standards of Student Conduct in reference to the use/abuse of alcohol and/or drugs when a student is under the age of 21. Notification may occur in the case that one or more of the following situations occur:

- When a student represents a danger to him/herself or others while under the influence of alcohol or drugs. (Including, but not limited to alcohol poisoning, fighting on campus, hospitalization, medical transport, driving while under the influence)
- When a student has engaged in repeated violations of the university's alcohol or drug policy.
- When the Office of Student Conduct determines that another violation of the alcohol or drug policy will, more than likely, result in the student's separation from the university or removal from university housing.
- When it appears that a student's use or abuse of alcohol or drugs negatively interferes with their academic life or the community in which they live.
- When a student is taken into custody by law enforcement due to their activity or behavior while under the influence of drugs or alcohol.

When appropriate, the student will be allowed the first opportunity to contact a parent or legal guardian prior to and/or in addition to a representative from the Office of Student Conduct. All notifications will be coordinated through the Office of Student Conduct in applicable cases. All notifications will be inclusive of a listing of campus and community-based services that may be available to the student. The Office of Student Conduct reserves the right to make notifications on a case-by case basis.

Exceptions to the policy:

When possible, there will be an opportunity for a student to submit information that clearly demonstrates that notification will do more harm than good.

Notification of Decision Outcomes

Upon request, and as allowed by law, the appropriate office will disclose the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of any crime of violence or a non-forcible sex offense to the alleged victim or next of kin if the victim is deceased. In all other cases, the decision outcome is only released as outlined above.

APPROPRIATE USE OF INFORMATION & TECHNOLOGY RESOURCES

[Appropriate Use of Information & Technology Resources 3.05 - ASU System](#)

Information Technology resources are provided to support the academic, research, service, and campus life components of A-State. These resources are for the sole use of A-State students, faculty and staff and other authorized users to accomplish the mission of the university.

Rights and Responsibilities

Arkansas State University expects that users of campus computing and network facilities will respect the rights of other users as well as the integrity of the systems and related physical resources. Since electronic information is volatile and easily reproduced, users must exercise care in acknowledging and respecting the work of others through strict adherence to software licensing agreements and copyright laws. Because Arkansas State University is a state agency, all information stored within, or transmitted through systems and/or networks is considered public record and subject to disclosure under the Arkansas Freedom of Information Act unless exempt under the law.

Users do not own accounts on university computers, but are granted the privilege of exclusive use. The Electronic Communications Privacy Act authorizes system administrators and other university employees to access user data, activity, and information. By utilizing A-State computing and network resources, you give consent to accessing and monitoring by system administrators of any electronic communications, including stored and transmitted information, in order to enforce this policy or to protect the integrity of computer systems or the rights or property of the university. System administrators may examine or make copies of information and activities that are suspected of misuse or that have been corrupted or damaged.

User files may be subject to search by law enforcement agencies under court order if such files contain information that may be used as evidence in a court of law.

Computer and network usage and this policy is subject to the Arkansas State University Appropriate Use of Technology Resources Policy, as approved by the Board of Trustees. This policy can be found at the following link: [Appropriate Use of Information & Technology Resources 3.05 - ASU System](#)

Additionally, please refer to the [IT Policies and Procedures Handbook in the Knowledge Base](#).

Enforcement

Minor infractions of this policy, when accidental, such as consuming excessive resources or overloading computer systems, are generally resolved informally by the person administering the accounts or network. This may be done through electronic mail or in-person discussion and education. Repeated minor infractions or misconduct that are more serious may result in the temporary or permanent loss of computer access privileges or the modification of those

privileges. More serious violations include, but are not limited to unauthorized use of computer resources, attempts to steal passwords or data, unauthorized use or copying of licensed software, and repeated harassment or threatening behavior. In addition, offenders may be referred to their sponsoring advisor, department, employer or other appropriate university office for further action. If the individual is a student, the matter may be referred to the Office of Student Conduct for disciplinary action. Any offense that violates local, state or federal laws may result in the immediate loss of all university computing privileges and will be referred to appropriate university offices and/or other law enforcement authorities.

HAZING STATEMENT

Arkansas State University prohibits hazing by any group or individual affiliated with the University. A-State defines hazing as "any mental or physical requirement, request or obligation placed upon any person that could intentionally or unintentionally cause discomfort, pain, fright, disgrace, injury or which is personally degrading for the purpose of initiation into, admission into, affiliation with, or as a condition of continued membership in, a group or organization. A person's expressed or implied consent to hazing does not negate the standards above." You can view more regarding the University's definition of Hazing, and examples at the [Hazing](#) webpage.

When A-State's Hazing policy is allegedly violated, the university will investigate all participants through the conduct process. A victim complaint is not necessary to initiate an investigation, as the university recognizes the difficulty in coming forward in such cases. The university takes all allegations of hazing seriously and will address all allegations of hazing to the best of its ability.

A-State collects statistics regarding hazing and reports those in the Annual Security Report published each year as required by the federal Stop Campus Hazing Act. In addition to statistics published in the Annual Security Report, The Office of Student Conduct has published a Campus Hazing Transparency Report. This is a living document and is updated every six months as required by the federal Stop Campus Hazing Act.

NON-DISCRIMINATORY RESPONSIBILITIES OF A-STATE/ SEXUAL DISCRIMINATION

SECTION 504 OF THE REHABILITATION ACT AND TITLE II OF THE AMERICANS WITH DISABILITIES ACT

Arkansas State University is committed to complying with all applicable provisions of the Rehabilitation Act and the Americans with Disabilities Act, which prohibit discrimination against qualified individuals with disabilities on the basis of disability in all programs, activities, and services of public entities. A-State will not discriminate against any qualified employee or applicant with regard to any terms or conditions of employment because of such individual's disability or perceived disability, so long as the employee can perform the essential functions of the job. Consistent with this policy of non-discrimination, A-State will provide reasonable accommodations to a qualified individual with a disability who has made A-State aware of his or her disability, provided that such accommodation does not constitute an undue hardship on A-State. Employees with a disability who believe they need a reasonable accommodation to perform the essential functions of their job should contact their supervisor or their Human Resources Department. A-State encourages individuals with disabilities to come forward and request reasonable accommodation.

TITLE IX NON-DISCRIMINATION AND REPORTING STATEMENT

Arkansas State University does not discriminate on the basis of sex in any education program or activity that it operates. Further, A-State is subject to Title IX of the Education Amendments of 1972 and is therefore required by Title IX and 34 C.F.R. Part 106 not to discriminate in such a manner. This requirement extends to admissions and employment with the university. Inquiries about the application of Title IX or 34 C.F.R. Part 106 to A-State may be referred to A-State's Title IX Coordinator, to the Assistant Secretary for Civil Rights for the U.S. Department of Education, or both. A-State's Title IX Coordinator holds the title Director of Institutional Integrity and Title IX and may be contacted as follows:

By email: title9@astate.edu

By phone: 870-972-2015

In Person: Administration Building, Suite 104

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex

discrimination or sexual harassment), in person, by phone, or by email using the contact information provided above or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number or email address provided above.

TITLE IX OF EDUCATION AMENDMENTS

Title IX is a comprehensive federal law that prohibits discrimination on the basis of sex in any federally funded education program or activity.

Title IX benefits both males and females, and is at the heart of efforts to create gender equitable schools. The law requires educational institutions to maintain policies, practices and programs that do not discriminate against anyone based on sex. Under this law, males and females are expected to receive fair and equitable treatment in all areas of public schooling including recruitment, admissions, educational programs, and activities, course offerings and access, counseling, financial aid, employment assistance, facilities and housing, health and insurance benefits, marital and parental status, scholarships, sexual discrimination and athletics. Arkansas State University has designated a Title IX coordinator. Any incidence of sexual discrimination of any kind should be reported to the Title IX coordinator who will take prompt action to secure a full and equitable review. In the event the sexual discrimination allegation is against the Title IX coordinator, the report should be made to the Office of General Counsel. Contact information for A-State's Title IX Coordinator is located on the [Office of Institutional Integrity and Title IX website](#).

SEXUAL DISCRIMINATION

Arkansas State University is committed to providing an educational and work environment for its students, faculty, and staff that is free from sexual discrimination including sexual harassment, sexual assault, stalking, domestic violence, and dating violence. No form of sexual discrimination will be tolerated.

Sexual Harassment is defined under Title IX as unwelcome gender-based verbal or physical conduct and occurs when:

- 1) Submission to, or toleration of, such conduct is made a term or condition of instruction, employment, or participation in other university activities;
- 2) Submission to, or rejection of, such conduct is used as a basis for employment or education decisions affecting the individual; or
- 3) Such conduct is severe, pervasive, and objectionably offensive such that it has the effect of unreasonably interfering with an individual's education or employment performance or creating an intimidating, hostile, or offensive university environment.

Sexual assault occurs when a person is subjected to an unwanted sexual act without consent. Sexual acts occur without consent when they are perpetrated by force, in response to a threat, against a person's will, or where a person is incapable of giving consent due to minority, intellectual impairment, or use of mind-altering substances such as drugs or alcohol.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.

Domestic Violence is defined as felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Arkansas, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Arkansas.

Dating Violence is defined as violence committed by a person (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship, (ii) the type of relationship, and (iii) the frequency of interaction between the persons involved in the relationship.

It is important to preserve all evidence of sexual discrimination, especially if the discrimination is also a criminal offense, such as sexual assault, sexual violence, stalking, domestic violence, or dating violence.

Supervisors and staff members must recognize that their positions necessarily embody unequal power relationships with their subordinates and students. Because of the inherent power differences in these relationships, the potential exists for the less powerful to perceive a coercive element in suggestions relative to activities outside those appropriate to the professional relationship. It is the responsibility of supervisors and staff members to behave in such a manner that their words or actions cannot reasonably be perceived as coercive.

A-State has a Title IX Coordinator who is charged with investigating all allegations of sex-based discrimination. Employees with supervisory responsibilities, including deans, vice chancellors, department chairs, faculty, student conduct, human resources, athletics administrators and coaches, and university police personnel must report incidents of sexual discrimination either observed by them or reported to them to the Title IX Coordinator. The Title IX Coordinator will conduct a prompt, thorough, and objective investigation of such claims. If sexual discrimination has occurred, appropriate remedial action commensurate with the severity of the offense will be taken up to and including expulsion or suspension from Arkansas State University. All reports, complaints, and investigations are treated with discretion and confidentiality is maintained to the extent allowed by law.

The Title IX Coordinator will notify the appropriate law enforcement agency of all reports of sexual assault, stalking, domestic violence or dating violence, unless such report is prohibited by law. The person who has allegedly been subjected to sexual discrimination may also contact law enforcement and may seek an order of protection, no contact order, or similar order. The Title IX Coordinator will assist the person alleging to be subjected to sexual discrimination and the person alleged to have committed sexual discrimination with locating resources for counseling, medical treatment, legal advice, or other services.

Each campus within the Arkansas State University System provides educational materials and programs on sexual discrimination. Contact the Office of Institutional Integrity and Title IX for information on awareness and prevention of sexual discrimination. The University reserves the right to take those legally permitted supportive measures it deems necessary in response to an allegation of sexual discrimination in order to protect individuals' rights and personal safety. Such supportive measures include, but are not limited to: modification of campus living or employment arrangements; interim suspensions from campus following an individualized assessment that determines, based on the allegations, that the person accused of the sexual discrimination poses an immediate threat to the physical health or safety of another person; reassignment of class assignments; no contact directive or communications requirements; leave with or without pay; and, reporting the matter to law enforcement. Persons reporting allegations of sexual discrimination must follow the Title IX Grievance Procedure, Student Conduct procedure, or Staff Grievance Procedure, as applicable.

SEXUAL HARASSMENT AND OTHER SEX-BASED DISCRIMINATION – PROCEDURES FOR REPORTING AND FILING GRIEVANCES

Persons reporting allegations of sexual discrimination must follow either the Title IX (Sexual Harassment Discrimination) Grievance Procedure or the Other Sex-Based Discrimination Grievance Procedure, as applicable. Both of these grievance procedures can be found on the [A-State Office of Institutional Integrity and Title IX webpage](#).

RETALIATORY ACTION PROHIBITED

Retaliation against a person who files a charge of discrimination, participates in an investigation, refuses to participate in an investigation, or opposes an unlawful employment practice is prohibited by law and Arkansas State University. Any person who needs further explanation or who believes he or she has been retaliated against should contact the Human Resources Department.
