Terms of Internship Agreement: (Please complete other side)

Interns receive three hours of upper-level academic credit from the College of Business for completing their placement with a participating business. **In order to earn credit, the intern must have an opportunity to receive legitimate, real-world experience that is directly related to the student's major.** Routine filing, copying, and answering the phones are important parts of all of our jobs; however, these duties or responsibilities should not represent more than approximately 25% of the intern's activities. **Please list the main learning experiences and responsibilities on the back.**

The internship is an educational opportunity. An intern is not an agent or employee of either Arkansas State University or of the business participating in the Internship program. The intern will maintain appropriate health insurance and automobile insurance coverage during the internship.

I hereby agree to abide by the Terms of Internship Agreement set out above:
