The A-State Conducting Colloquium will provide you the opportunity to refresh your conducting skills and offer you ideas that you can apply and share with your ensemble. These may include score analysis, rehearsal techniques and quality repertoire for junior and senior high school bands.

Individuals may participate in one of two ways. As a conducting participant, you will conduct the A-State Wind Ensemble three times and receive positive, immediate feedback as well as a DVD of all conducting sessions and comments. Enrollment is limited to 12 conducting participants. As an observer participant, you will attend all sessions and may elect to play as a guest member of the A-State Wind Ensemble. Enrollment is unlimited for observer participants.

The A-State Conducting Colloquium provides a nurturing, non-competitive learning environment that offers both the beginning and experienced music educator an opportunity for musical growth and professional development.
